PUBLIC NOTICE.

IN FUTURE the Government Steamer "Stanley" will run during the winter months between Charlottetown and Pictou, and the ice will admit of her making a return trip each day, commencing on the 1st December.

If, however, the Company's boats cannot keep up daily communication between the Island and mainland before the 1st December, the steamer "Stanley" will commence running earlier than the 1st December, so as to keep up daily communication.

When the steamer "Stanley" cannot make return trips between Charlottetown and Pictou, she will then run between Pictou and Georgetown and make daily trips, if possible.

When the ice becomes so heavy that she cannot make return daily trips, the ice boats will carry the mails between Cape Traverse and Cape Breton, so as to give a daily mail to the Island throughout the winter, weather permitting, and the "Stanley" will then run between Pictou and Georgetown for the purpose of carrying passengers and freight, making only one trip each day, leaving Pictou on Monday, Wednesday and Friday mornings, at 7 o'clock, and leaving Georgetown on Tuesday, Thursday and Saturday mornings at the same hour.

Notice of her arrival at Georgetown will be made public by the Agent of the Marine Department at Charlottetown each day, and also the hour of her intended departure from Georgetown.

As soon as the "Stanley" begins making a return trip between the mainland and the Island in the early part of the year, the Iceboat Service at the Capes will be discontinued, so that as far as possible a daily mail each way will be conveyed between the mainland and the Island during the winter.

The "Stanley" will remain on the route until the 1st May in each year, and will continue longer than that date if the Company's boats are not able to keep up daily communication with the Island.

GRATEFUL-COMFORTING EPPS'S COCOA BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette. Made simply with boiling water or milk.
