THE STRAMONIUM.—In view of the poisoning of the McLeod child by stramonium, it would be well for those who have gardens to see the specimens of the dangerous plant in Watson's drug store. The plant is a great deal more common than is supposed and it would be well to use every means towards its extermination.

TENNIS TOURNAMENT.—The St. John Lawn Tennis Club hold a tournament on the 6th, 7th and 8th of September next, and the Secretary of the Charlottetown Club has received a special invitation for members of his Club to attend. Entries close on Saturday, 3rd September.

SEBODA'S OINTMENT, the Great German Skin Cure, the finest Cosmetic made. Removes Blackheads, Pimples, etc., as if by magic. 3 oz. tubes in elegant cartons 50 cts.

LADIES appreciate Anti-Dandruff from the fact that it not only thoroughly removes dandruff with three applications, but stops falling of the hair, restores fading hair to its original color, and makes it soft and pliable without leaving any indication of a dressing being used. Clear as crystal, clean to use, it is a valuable toilet preparation.

BWARE OF PICK-POCKETS.—Last night a young lad had a good silver watch and chain taken out of his pocket while looking on at the performance of the Kickapoes. The public should be on the alert, and the pick-pocket who took the watch and chain had better leave it at THE EXAMINER office as he was observed taking it off.

BURGLARY.—The Guardian reports that the store of Robt. Ellis, Jr., at O'Leary, was entered by burglars on Thursday night. An entrance was effected through the back door by means of a key. The object of the thieves evident was to open the safe, but in this they failed, although the safe was badly damaged. They then took about fifty dollars worth of goods and left the way they had come, locking the door after them, leaving a sledge hammer and punch. There is no clue to the guilty parties as yet.

MISTOOK HIS MAN.—The Amherst Press says: A good joke is told on one of our bun-ton young men, who seeing a very dandish looking gentleman walking along the street a few days ago joined in conversation with him for the purpose of learning the latest styles from New York. What was his surprise, however, to find out that our foppish friend was not a New York dude, but a delegate from one of the rural districts to the Methodist Cumberland District Financial Meeting.

WAS A PIECE OF WIRE.—About sixteen months ago, says the Watchman, a horse belonging to Mr. Jas. J. Kelly, of Fort Augustus, took a sore neck, and was treated for influenza by skilled veterinarians without any improvement. The discharge from the neck continued for over a year, until Mr. Kelly sent for Mr. James Macdonald, V. S., of Summerside. After a careful diagnosis he opened the sore and extracted six and a half inches of steel wire therefrom. In three weeks time the horse was fully recovered, and Mr. Kelly feels deeply indebted to Mr. Macdonald for having saved the life of a valuable animal.

FROM BOSTON.—The steamer Britannia, Captain Down, arrived here from Boston last night with the usual miscellaneous cargo and the following passengers:—Dr C F Oaman, C F Flynn, A C Church, J F Murphy, M Mills, Sadie Brooks, M E Allen, John C Clarke, Mr Gilbert, Mrs Gilbert, Rev W K Meares, M T Meares, Mr Cutler, Mr Roehivill, T B Hamilton, D J Hall, Ed Hall, Wm Burgess, O Corwin, Miss Corwin (2), Mrs J H Conway, J Haggerty, D Cannon, Lucy Masters, Mary McPhail, Mrs P Murray, C Cooper, Oliver Cooper, Emma Robertson, Margaret Conway, Albert Burns, wife and children, L Robertson.

A NARROW ESCAPE.—According to an Amherst despatch, what might have caused a serious accident occurred on the railroad near Maccan on Wednesday afternoon. Some section men left a trolley on the side of the road near Springhill Junction. Two tramps passing there placed the trolley on the line and started off on it down the incline towards Maccan. After going a short distance they saw, fast approaching them in the opposite direction, the No. 2 express from St. John. They then endeavored to get the trolley off the line, but were unable, and the express struck and completely demolished it. The tramps then made off into the woods, leaving their coats behind them. No damage of any consequence was done to the engine.

On Annexation.

TORONTO, Aug. 27. In the September number of the Lake Magazine, J. He raves at Mowat like a fishwife.

The Star

THE BEAUTIFUL STAR

Has vindicated her right to be called Beautiful from the universal admiration of our patrons for the Beautiful in Art. This is evidenced by the good taste they display in patronizing the Star Tailoring Establishment when they want something particularly nice and artistic. Our success in filling the bill has passed into a proverb, namely, when you fail to get suited at the Star Tailoring Establishment you are too fastidious for this yere world.
