Station and its personnel.

Police Investigate Shooting Incident

Jackie Noonan, son of Mrs. Henry Noonan, had a narrow escape from a serious or even fatal accident on Sunday afternoon when he was grazed in the back by a .22 bullet. In company with several friends they were in the vicinity of St. Eleonors and were toasting marshmallows over a fire when Jackie felt a sharp pain in his back. Investigation revealed that a bullet, which apparently came from a nearby bush, had penetrated his belt and clothing and drew blood close to his spine.

Shortly after, a young lad about 16 years of age approached carrying a .22 rifle and according to reports of the young boys who were present he continued to fire his rifle indiscriminately, taking pot shots at intervals at various objects in the vicinity.

The matter is being investigated by the R.C.M.P. — S.

Let's Talk It Over

Summerside has had quite an ambitious street paving program during the last two summers, and a lot of streets have been paved in that time. The job is not finished, however. There is one stretch of street in particular that needs paving in the worst possible way. That is the extreme eastern section of Harvard Street. This is an ideal street route into the heart of the town, from the east, as Notre Dame is from the west. Between them they could relieve the congestion of traffic on Water Street, particularly through traffic which would find this secondary route shorter, and less congested. The eastern stretch of Harvard is so bad, however, that cars, buses and trucks avoid it as much as possible.

Rome wasn't built in a day, so we suppose all necessary improvements in Summerside must take a period of years. The need for attention on this street cries out very loudly, however, and the section should certainly be next in line for paving. At present, from East street to the railway tracks, it can't be far behind the "rocky road" that led to Dublin.

We are glad to see that the Summerside Legion are bringing up, once again, the question of a house-to-house mail delivery here. It seems to be the next milestone in the rapid growth and progress of our town. If it is approved, it will prove a boon to a lot of people who do not find it convenient to call at the office for their mail.

Orphanage in Japan. A vote of thanks was extended Mr. Moase for his splendid address by Rev. Mr. Forsythe.

A short discussion of various problems arising in the unions took place. The singing of "Come Let Us Sing Of A Wonderful Love" followed by Benediction pronounced by Rev. Mr. Wallis brought the afternoon session to a close.

The delegates then motored to Tyne Valley where arrangements had been made for supper in the Tyne Valley Community Hall.

The evening worship service was conducted by the Alma-Montrose F. P. U. under the leadership of Wanda Barbour assisted by other members of the union. The dignified, reverent presentation and coordination of all portions of this worship service, the theme of which was "For the Facing of This Hour," showed very careful preparation on the part of all those participating in the service.

The president again took the chair and the minutes of the afternoon session were read and approved. Eighty-three members, representing eight of the nine unions in the West Presbytery, answered the roll call.

The following report of the committee for nomination was brought in by Rev. Mr. Forsythe and accepted as read: nonorary president, Rev. A. R. Wallis, Alberton; past president, James Burchleigh, Ellerslie; president, Mrs. Lorne MacNevin, Brae; vice-president, Miss Eva MacLennan, O'Leary; secretary-treasurer, Mrs. Roy Oulton, Brae.

Conveners of Commissions were appointed as follows: faith and evangelism, Miss Wanda Barbour, Alma; stewardship and training, Henry Wallace, Casumpec; citizenship and community life, Norman Gorrie, Glenwood; missions and church growth, Leslie Kenyon, Diarenilworth, Leslie Kenyon, Diarenilworth.

What highway are we on? What purpose do we have? He explained to his listeners that they came from Christian homes in a Christian land and should go forward on the Highway of Righteousness with a Divine purpose to guide them, facing difficulties and hardships with faith in God, in their fellowmen and in themselves.

Mr. Forsythe conducted the installation service which took the form of a candle-lighting ceremony. Each officer could not but feel that the grave task which he was to perform to the best of his ability was not only a duty but a privilege.

The singing of "Blest Be The Tie" followed by the Benediction pronounced by Rev. Angus MacDonald, brought the Rally to a close.

SEUL, Nov. 26 (Wednesday) —(AP)— Fighting warmed up as the temperature climbed in Korea Tuesday, with clashes flaring near Panmunjon on the western front and at Jackson Heights and Sniper Ridge on the central front. Raiding parties of both sides prowled the front. Dense clouds hampered the Allied air blows. Only a few Red trucks were hit compared with the bag of 1,250 for the previous 10 days.

Driver Injured In Collision

On Tuesday night about midnight, two cars were in collision on the highway two miles east of Kensington.

On the arrival of the members of the R.C.M.P., the driver of one of the cars was missing and it was apparent from blood stains in the car and leading away from the vehicle that the driver had been somewhat seriously injured.

It was later learned by the police that the driver of the car was Mr. Carl Lamb of Springfield and he was discovered to be a patient in the Prince County Hospital where his condition yesterday was considered to be somewhat serious as he was suffering from concussion. The driver of the other car was Major Sinclair of Hamilton, who, as far as could be learned last night had not received any injuries as a result of the accident. — S.

Six Witnesses Heard In S'side Manslaughter Case

Six witnesses were heard yesterday in the Supreme Court trial of Melvin Charles Ramsay of Campbellton, charged with manslaughter in the death of James O'Meara, near Alberton on August 2. The court is presided over by Mr. Justice Mark R. MacGuigan.

The members of the jury are Lorne Beaton, Summerside R.R. (foreman); William McGillivray, Malpeque; Percy Tucker, Bequeque; Robert H. Palmer, Conway, R.R.; Beecher Smallman, O'Leary; John Scott, Summerside; Erwin Champion, Kensington; Irving H. Hogg, Wilmet Valley; Allison Harper, Carleton; Brewer Waugh, Wilmet Valley; Elmer Phillips, Hamilton; Frederick Profit, Spring Valley.

The Crown is represented by Attorney General Walter E. Darby, Q.C., and Mr. J. Harold Goodwin while Mr. D. O. Stewart, Q.C., and Mr. J. A. Gallant are acting on behalf of the accused.

After the jury was called and sworn, Mr. J. Harold Goodwin opened the case for the prosecution by outlining to the jury the chain of evidence that would be introduced by the various Crown witnesses.

Dr. Wilfred Shea, medical doctor at Alberton, told of being called to the scene of the accident and said that the deceased, Mr. James O'Meara, was dead when he arrived. He described his findings from an autopsy performed later and said death was caused by laceration of lung and heart by the penetration of fractured ribs.

He said that all ribs on the left side were fractured and other injuries included depressed fracture of skull. He said the injuries would have had to be caused by a great weight. He saw no evidence of drinking at the accident but said both accused and Dr. Gerald Keefe had not had good balance, and this, he said, when questioned, could have been due to either shock or intoxication.

The second witness was Dr. Gerald L. Keefe, practising dentist at Alberton. He said accused, whom he knew for six or seven years, had come to his house, in company with his wife, about 8:30 a.m. on the day of the accident to get him to join a note for him. After business had been fixed up he left and returned later with a quart of whiskey which was consumed by the accused and wife and witness and sister.

Before having dinner another bottle of whiskey was partly consumed. Before dinner began, James O'Meara, employed by Dr. Keefe and sister came in from work in the fields. After dinner some of them suggested going to Alberton on a trip which he understood was to obtain more liquor. In the two-ton truck, owned and driven by the accused were the accused, his wife and Dr. Keefe. Witness said he did not know that O'Meara was in the back of the truck or that he even intended going along on the trip.

Cross examined by Mr. D. O. Stewart, witness said that on leaving the house to go to Alberton the accused was under the influence of liquor but able to drive. He said, under questioning, that he had not actually seen O'Meara in the truck and had no reason to believe he was in the truck.

Florence Keefe, who resides with her brother, gave evidence of a somewhat similar nature to that given by her brother. She said she had objected to the second bottle being brought into the house but when she returned from work in another part of the house she observed that it was sitting on the table.

She said she did not see James O'Meara taking any of the drinks. She said O'Meara had told her he was going to Alberton in the truck but she believed that the others had left the house when O'Meara had expressed this intention, and she believed that he was just going along for the ride.

The fourth witness, R. M. Dunn, retail vendor at Alberton described procedure used and form that had to be completed by everyone who made a purchase at the vendors. He identified a completed purchase order for two bottles of imported Scotch whiskey with a total value of \$11.50 that had been purchased by Mrs. Ramsay.

He said he believed a temporary permit of the type issued to tourists had been used. He said he could not remember if any other sales had been made to Mr. or Mrs. Ramsay that day.
