

Victims of Seals Gain Ahead of '61

Reporting on the returns in the 1962 Christmas TB seal campaign, for the period Nov. 12 to 25, Miss Blanche Conway, seal seal secretary, said that in comparison to the similar period in 1961 returns are running ahead of last year.

In the first two weeks of the drive, the amount received following the sending out of Christmas seals, was \$5,929 as compared to the \$5,860 in 1961. This represents an average return contributor of \$2.07 where last year it was \$2.06. In regard to the number of letters returned with money, Miss Conway noted that it represents 16 per cent of those sent out, exactly the same percentage as for the same period a year ago.

In 1961 Island contributors donated \$12,838 which was about five per cent over the objective. The \$5,929 contributed so far represents a running total of approximately two per cent.

Both the local and a national headquarters in the province are predicting that Prince Edward Island will again go well over the top, and will reach the present two per cent margin but no doubt will increase 11 per cent.

Employees of dairies and other food handling plants in the summer months are given chest x-rays a few weeks ago, and of the 135 x-rayed, no disease was detected.

OBITUARY

Inserted by friends and relatives as a tribute to the deceased.

ELMER GAUTHIER

On the night of September 10th, 1962, Elmer Gauthier departed from this life for life eternal. Friends and neighbours in South Freeport, where he resided for the past seventeen years, were saddened at the passing of this devoted member of their community.

Mr. Gauthier was a member of the true meaning of death. He had been called to the judgment seat which he lived prepared. Before 1922 he lived in Rustico where he was born on July 12th, 1908 to John Gauthier and Emily Ann Bourgeois.

For a long time Elmer suffered from a painful illness. During this time he exemplified the Christian spirit and patient acceptance. In his last sickness he was visited frequently by his pastor, Reverend Harold Croken, who brought him all the consolations of Holy Writ.

Mr. Gauthier was a loving member of his family lavished care upon him at his home. It can be truth be said of him that his life was a model of the Christian life of a man who lived Christ.

His funeral was held on September 13th to St. Malachi's Church, Kinkora, where Rev. Harold Croken, who was assisted by Father Croken, Reverend Reginald MacDonald and Reverend Arthur Pendergast were present in the sanctuary. LeRoy and Louis Gauthier, nephews of the deceased, served as pallbearers. The floral bearers were: Ben Arsenault, Francis LeClair, William Loughran, Albert Loughran, Elmer Reeves and Gerald Loughran.

Left to mourn are his wife, the former May LeClair, and his following sons and daughters: Gerard, Vocational School Staff in Summerside; Yvonne (Mrs. Robert Reeves), in Toronto; Arthur, Seabrooks Prozen Food Plant, New Annan; Marie, amalgamated in Summerside; and Paul, at home. There are also three brothers and four sisters: Vivian, St. Nicholas; Elsie (Mrs. Henry Loughran); Zilda (Mrs. Wilfred LeClair); and Raymond, all of Charlottetown; Eric, St. John's, Newfoundland; Rose (Mrs. Lloyd Welch), Montreal; and Theresa, Hamilton, Ontario.

Besides his immediate family, there is one beloved granddaughter, Susan Marie Reeves. The family felt especially indebted to Rev. Harold Croken, Dr. L.K. Zielski, Sisters of St. Martha, and all kind friends and neighbours who visited him during his illness or sent him flowers, treats, cards, and words of kindness.

May he rest in peace!

CARD OF THANKS

The family of the late Elmer Gauthier thank sincerely all donors of Masses, spiritual bouquets, envelopes, and tributes, and messages of sympathy. A special thank you to Mrs. Robert Reeves, the borrower of the idea from the Indian practice of suspending bouquets from tree boughs.

The survey was under the supervision of Mrs. John E. Cameron and Mrs. Mary Kelly, x-ray technician.

LAW'S RADIOS REPOSESSED

PRYOR, Okla. (AP)—The sheriff's two-way radios were repossessed here for nonpayment of taxes.

Workmen for Motorola Communications and Electronics Incorporated, Tulsa, dismantled the 50-foot antennas atop the courthouse.

Also removed were the base station in the sheriff's office and three mobile units.

Motorola said a \$140 payment, due last June, had not been paid. The delinquent payment and another installment next month would have paid off the balance.

There is no money in the county's general fund because the excise board has slashed budgets.

Sheriff L. Weaver had a solution: "I'm going over and hold a course with the Indians and learn how to send smoke signals."

Hog prices were not established. Sheep and lambs too few to quote.

BURTON

Mr. and Mrs. Wilbert Ellsworth and daughter Joyce, also Mrs. M. Keough of Norway, were recent visitors at the home of Mr. and Mrs. Frank Butler, Glengarry.

Mr. and Mrs. Melvin MacGregor, Burton, spent the past weekend with their son-in-law and daughter, Mr. and Mrs. Douglas Ross, Montserrat.

Mr. and Mrs. Paul Arsenault and family, who were residing in St. John's, Nfld., for several months, have returned to their home in St. John's.

Mrs. Ida Terrence, Burton, has returned from a visit to her parents, Mr. and Mrs. Lorne Howard, Cape Wolfe.

Miss Joan Bulgar, who is employed in Charlottetown, spent the weekend at the home of her parents, Mr. and Mrs. Peter Bulgar, Cape Wolfe.

Mr. and Mrs. Herman Corcoran of Pusville were recent visitors at the home of Mr. and Mrs. Lance Dalton, Burton.

A pleasant evening was spent at the home of Mr. and Mrs. Elmer Cooke, Burton, when the members of Burton Women's Institute and their husbands assembled for their annual goose supper. The supper, which was prepared and served by the ladies, was thoroughly enjoyed and the remainder of the evening was spent in games and social chat. A vote of thanks was extended to Mr. and Mrs. Cooke for their kind hospitality.

Mr. and Mrs. Robert Bruce of Saint John, N.B., were in a recent visit to St. Mary's, Dec. 7-9, Oct. 24. Mrs. Bruce is the former Miss Betty Doyle, daughter of Mrs. Myrtle Doyle, Cambeltown.

ENGINEER MARSHALL

POINTS out some of the features of a scale model of the Lockport outlet for the Red River Floodway, a \$64,000,000 flood-control project started this fall.

Winnipeg's Big Ditch Is Expensive Project

By CHISHOLM MacDONALD
WINNIPEG (CP)—John Saulteau pointed in the direction of the Red River, beyond a giant dump of silt and rubble. "That old waterway may have been a snap to buy," he said, "but her running expenses are steep."

Mr. Saulteau, a construction superintendent at the Greater Winnipeg Floodway, was referring to the old tale that most of Manitoba's Red River valley—including its capricious rivers—was bought for 10 shillings.

"When and if this ditch is dug by 1967, we'll see how the river is a costly thing to run," he said.

The long-heralded "Big Ditch," a \$64,000,000 flood-control project skirting metropolitan Winnipeg and said to be the biggest dirt-removal scheme ever undertaken in Canada, was started this fall.

At about 100,000,000 cubic yards of rubble and silt will be disposed in the project, designed to divert a repetition of the 1950 flood that put 650 square miles of the Winnipeg area under water.

DIVERT RIVER
Courseing an uneven 30-mile stretch downstream to Lockport, northeast of Winnipeg, from St. Norbert south of the city, the floodway is designed to divert the cresting Red River through a silt channel east of the city during times of flooding.

The idea was conceived after the flood of 1950 which caused \$100,000,000 damage. A provincial royal commission was appointed in 1956 and presented its report Feb. 9, 1959.

Two 15-mile contracts were awarded this year. At St. Vital, near the southern end of the project, John Saulteau and about 25 men employed by Monarch Construction are battling the sticky zumbo with 20 pieces of heavy machinery.
