B.C. Highways Charge Meets Objection Here

On Thursday British Columbia's minister of trade and commerce stated that, "every cow path from one end of the Island (P.E.I.) to the other is paved."

Highway officials here disagree.

Gordon White, deputy minister of highways said, "while the Roads to Resources program has been of great advantage to this province, it is not right to say that every cow path has been paved. We now have about one third of our highway system paved."

The B.C. minister, Ralph Loffmark, charged that the federal government is grossly unfair in allocating road construction grants to British Columbia.

Speaking at a luncheon he said that Prince Edward Island gets about the same amount of money for road building as British Columbia.

Mr. White said he was probably referring to the federal-provincial Roads to Resources program.

"Under this program," said Mr. White, "every province in Canada received $7,500,000 from the federal govern m e n t which had to be matched by the provinces for road construction This is the only instance that the federal government provided a grant of this type and the grant was the same to each province

Mr. Loffmark also said the system of paying transportation grants on a per capita basis is illogical and unfair because it fails to take into consideration specific needs and conditions in each province.

Mr. White suggested per capita grants are not of much assistance to this province because it has a small population

Geo'town Lions Club Hopes To Erect Giant Tree Today

GEORGETOWN — Weather permitting the huge Georgetown Lions community Christmas tree will be erected and decorated today.

A site on Kent Street is to be selected and the tree will be decorated with 50 coloured bulbs.

This and other matters were discussed at a meeting of the Georgetown Lions Club held in the council chambers and presided over by the president, Howard S. MacLean.

It was also decided that three independent judges to be picked from outside Georgetown will be asked to officiate at the Lions sponsored contest for the best three exterior decorated homes in the town during the Christmas holiday. The judging will take place on the night of Dec. 22, three prizes are being awarded: $15 for first, $10 for second and $5 for third.

It is hoped that this contest will create more than usual interest among citizens and result in more homes being decorated.

The finalization of the Colin Mair fund was adjourned until the Dec. 23 meeting of the club. This was necessitated by the fact that donations are continuing to come in.

The minutes and financial report were read to the assembled members and adopted. Preliminary discussion was held on a variety of matters and proposed projects that will be sponsored by the Lions following the Christmas holidays.

It was reported that five members from the local Club recently attended a meeting of the Souris Lions Club and brought back the Georgetown gong. While in Souris the visiting members called on Walter Soloman, a former Georgetonian, who is confined to his home due to illness and brought him a treat from the local Club.

President MacLean and secretary, J. W. Lavers, reported attending a zone executive meeting held in Hillside Inn Montague and presided over by the zone chairman, Roddy Pratt of the St. Peters Club.

Total of $259,000 distributed to Employees across Canada

Montreal, December 4

The 25th Anniversary of Zeller's Limited Profit Sharing Plan is a particularly happy one for over 4000 Zeller's Limited employees in over 100 stores across Canada.

This year, as the result of increased profits, the Profit Sharing cheques distributed to employees in Zeller's Limited stores, Home Office, and the company's Distribution Centre, are higher than last year.

Company officials point out that Zeller's Profit Sharing Plan is a Cash Payment Plan, which differs from Deferred Payment Plans which are frequently used as Pension Plans. Company Executives and Store Managers do not participate in the Employees' Profit Sharing Plan, but have special incentive bonus arrangements enabling them to participate in profits produced.
