MR. C. D. RANKIN, Chemist, North Side Queen Square, has the honor to announce to the inhabitants of Prince Edward Island and neighborhood that he has made arrangements with

## MR. B. LAURANCE,

The Eminent English Oculists' Optician,

to personally superintend the adaptation of his

## SPECTACLES AND EYEGLASSES

At C. D. Rankin's Drug Store, North Side Queen Square, from Monday, the 18th, to Saturday, the 30th December,

And will be at the Clifton House, Summerside, from Monday, the 1st, to Thursday, the 4th January,

To all those requiring aid to vision. The hold that Laurance's Lenses have taken upon the spectacle-wearing public of Great Britain and the testimonials from the greatest of the English Oculists, among the faculty in England and in this Province, must be conclusive that nothing better in aids to vision can be obtained, and when in addition such Lenses are selected and adapted to the eye by Mr. Laurance personally, Mr. Rankin is convinced the same of comfort will be obtained by every person requiring the use of Spectacles or Eye-glasses.

Mr. Laurance's mode of procedure is to test the capabilities of both eyes, and not only to determine the exact power required for each eye, but also to select the particular Lenses best adapted to arrest decay and to give sight without discomfort. Mr. Laurance is not a stranger to Prince Edward Island in his capacity as an Optician. For years he visited this Province, as testimonials from our leading medical men and citizens, as far back as 1854, can testify. Mr. Laurance is one of the leading Opticians of England, and his visit here is for one purpose, and that is the introduction of his celebrated Lenses through REGULARLY ACCREDITED AGENTS THROUGHOUT THE DOMINION.

Persons who have tried in vain to be suited with Lenses are particularly requested to call at C. D. Rankin's, and as MR. LAURANCE'S VISIT CANNOT BE PROLONGED, BEYOND A FEW DAYS, it behoves those requiring his assistance to call as early as possible.

REFERENCES AND TESTIMONIALS, as to the Quality of the Lenses, etc., are coupled with the names of the following eminent Medical men and residents of Nova Scotia:—

Chief Justice Sir William Young.

Rev. Dr. Hill, Rector of St. Paul's, Halifax.

The Hon. W. J. Almon, M. D.

The Hon. A. W. Smith, Judge Supreme Court.

J. Scott Hutton, Principal Deaf and Dumb Asylum.

Dr. Arthur Moren, Physician to Deaf and Dumb Asylum.

Wm. Dunbar, Ex-Mayor of Halifax.

Edw. Jennings, M. D., President of the Medical Council of Nova Scotia.

Vice-President of the Medical Association of Canada.

Wm. Tobin, F. R. C. S.

W. B. Slater, M. D.

H. C. Herbert, M. D., F. R. C. S., Surgeon Major, A. M. D.

From Chief Justice Sir Wm. Young.

HALIFAX, 2nd Dec, 1882.

I have pleasure in testifying that the two pairs of Spectacles I have purchased from Mr. B. Laurance give a clearer and purer light, especially under GAS than any I have previously obtained HERE or ELSEWHERE.

WM. YOUNG.

From Rev. Dr. Hill, Rector of St. Paul's.

HALIFAX, N. S., Nov. 18, 1882.

MY DEAR SIR,—The glasses with which you have supplied me for reading, both by natural and artificial light, have proved themselves to be all that could be desired. I strongly recommend any persons wishing to save strain upon their eyes, and enjoy comfort while reading, to apply to you to fit them with Lenses adapted to their condition of sight.

I am, dear sir, yours truly,

GEORGE W. HILL, Rector of St. Paul's.

Mr. B. LAURANCE, Optician, 147 Hollis St.

From Hon. W. J. Almon, M. D.

HALIFAX, N. S., Nov. 4th, 1882.

MY DEAR SIR,—By the aid of the Glasses you last fitted me with I was enabled last night by lamp light to read with comfort, a thing I had not done for some months previous.

I am, dear Sir,

Yours truly,

WILLIAM J. ALMON.

To Mr. B. LAURANCE, Optician.

From Judge Smith.

HALIFAX, Nov. 2, 1882.

I beg to state that I have purchased of Mr. Laurance one or two pairs of Spectacles, and have found them everything I can desire to improve the vision for writing and reading purposes.

H. W. SMITH,

Judge Supreme Court, N. S.

From the Principal of the Deaf and Dumb Institution.

HALIFAX, Nov. 1, 1882.

Mr. B. Laurance fitted a number of the pupils of this Institution requiring Lenses to assist their sight, and I have pleasure in testifying to the benefits the wearers of the glasses have derived from their use. But for the aid thus obtained several of them would have continued to labor under great difficulty in reading script or print, and would thus have been seriously retarded in their studies which they are now enabled to pursue with comfort and satisfaction both to themselves and to their teachers.

J. SCOTT HUTTON,

Principal.

As Medical Officer to the institution of Deaf and Dumb, I have much pleasure in certifying the testimony of the Principal, J. S. Hutton.

ARTHUR MOREN, M. D.,

Physician to Deaf and Dumb Inst.

From John Woodhill, Esq.

B. LAURANCE, Esq.:

DEAR SIR,—In the year 1864 I purchased a pair of night-reading spectacles (and have used them ever since) from Mr. Laurance. I called on you yesterday and found that you were the same person, and had my name on your books, and as you then told me that you could supply me with a pair that I could see small print for 20 years longer. Well, being in active business, and only in my 74th year, I concluded to take them. But judge my astonishment, at night when I took up the evening paper, I could see to read it in any part of the room by the light of one gas burner as well as when I was 20 years of age, and I trust I will have an opportunity of thanking you personally before you leave our city.

Yours respectfully,

JOHN WOODHILL.

178 Barrington Street,

Halifax, Oct. 20th, 1882.

## CURRENT NEWS NOTES.

Twenty persons were recently drowned in a flooded mine at Creswick, Victoria, Australia.

Prince Arizongama, uncle to the Emperor of Japan, arrived in New York from Europe a few days ago.

The German Bundesrath has definitely rejected the motion favouring the abolition of compulsory civil marriage.

Mr. C. H. Mackintosh, M. P., who is expected to arrive from England next week will be banquetted by his friends on his arrival.

The Cologne Gazette says the terms of the Austro-German alliance are that if either empire is attacked from two sides the other shall render assistance.

A Stratford paper wants to know what there is to prevent Sir John Macdonald from having another lease of power at the end of his present term. Nothing so far.

The importation into the United States of Sumatran tobacco increased from 38 pounds in 1880 to 783,000 pounds in 1882. Tobacco raisers in New England are much exercised over this.

The Cologne Gazette publishes a letter enumerating eight railways which are being constructed on the western frontier of Russia, which, as far as can be seen, are not required for commercial purposes.

In the majority of hotels the proprietors make an extra charge if meals are taken up to the guest's rooms. Her Majesty's Government, more liberal than private hotel-keepers, intends to furnish each unwilling guest with his meals in his cell. There will be no extra charge. There will also be no opportunity to hatch conspiracies, to talk scandal, and to form new and desperate acquaintances.

A novelty in church fairs is presented by the ladies of the Hanson place Methodist church in Brooklyn. Departing from the well-worn fashion of imitating the Japanese and Chinese, they engaged in a "Hindoo Coffee Party." To this end, twenty beautiful young ladies arrayed themselves in Hindu garb, the material of their dresses being largely of cheese cloth. The trimmings of these dresses were in scarlet, blue and gold and the turbans were a combination of the graceful and the gorgeous. The rooms were elaborately decked with Oriental symbols, screens, banners and lanterns.

In the Ottawa Citizen of the 21st of August Mr. E. Stone Wiggins predicted storms on July 18th, August 16th, September 15th, October 15th, November 13th, and December 13th. The weather reports show that there was a strong wind on the 18th July, a severe storm on the 14th of September, and the first snowfall in Ottawa on the 14th November; while yesterday's storm fulfilled the last prediction to the letter. Mr. Wiggins has received a letter from the Lords Commissioners of the Admiralty acknowledging the receipt of his letter warning their lordships of the great storm which he declares will occur on the 9th of March.

A writer in the Chignecto Post gives quite a sensational account of a recent occurrence near Richibucto village, Kent. Some twelve years ago one wintry day a veiled lady unknown at Richibucto made her appearance at the leading hotel in the village. After making minute enquiries she took her journey to the farm house of a childless couple. She appeared at the hotel a few days after veiled as before and went away. The hitherto childless home of the farmer was now gladdened with the presence of an infant. Year by year afterward came remittances to the foster parents. Recently, however, a lady and gentleman with a stylish team appeared on the scene and carried off the child. The farmer never knew the parentage of the waif.

The question of ceding Massouah to the King of Abyssinia is more complicated than might appear at first sight. As Turkey claims suzerainty over the dominions of the Khedive and the latter is bound by the firm of 1879 not to alienate either any part of his territories or of the rights which he enjoys without the Sultan's consent, Turkey would undoubtedly object to Massouah being handed over to a foreign prince in the manner proposed. If the Sultan's consent were obtained, it would be on the condition that he would have the profit or a large share of it that Egypt would derive from the bargain. He would also expect his suzerainty to accompany the ceded district, so that the King of Abyssinia would then be his tributary. Under these circumstances, with such conflicting claims, even a compromise can hardly be satisfactory as there would always be something left unsettled. Of course, a decision might be arrived at as France disposed of Turkey's claims over the Regency but Mr. Gladstone could hardly approve of that.

A meeting of the organizing committee of the Irish National League was held on the 15th inst. Mr. Parnell presided. The receipts thus far have amounted to £226, and 250 branches have been formed. The proposal to merge the Home Rule Association with its fund of £700 in the National League was accepted. It was resolved to form a central branch, of which the officers of local branches will be ex-officio members. Mr. Parnell proposed resolutions, which were adopted, condemning the decision of the Government to alleviate the distress of Ireland by means of poor houses instead of by public works, as insulting to the Irish people; declaring that the recent utterances of Lord Derby favoring emigration from Ireland displays an intention to starve the poorer inhabitants out of the country and to revive the worst traditions of 1846; affirming that if the public works and enterprises are not at once resorted to, it is the opinion of the committee that a system of out-door relief ought to be started, and they recommend that a bill amending the Land Act, including provisions for laborers, be drafted.
