MONEY IN SUGAR.—An Amherst merchant has figured out that the Acadia Sugar Refg. Co. would probably make $200,000 or more on the bulge in sugar, as it has very large supplies of raws, bought very cheap.

NAVAL.—The officials at the Dockyard have been notified by Vice Admiral Erskine that H. M. S. Crescent with two other ships will arrive in Halifax on March 31st. This is a new departure, as heretofore the fleet has seldom arrived at Halifax earlier than May 24th.

WANT THE CURFEW.—Among the resolutions passed at the annual meeting of the Halifax Council of women, held recently, was one calling for an enactment providing for the curfew at 9 o'clock, after which unprotected young girls must not be found on the streets. The ladies also want a woman made eligible for membership on the school board.

A PLEASANT MEETING ASSURED.—To-night will be a red-letter time in the history of Victoria Division. All the officers and members of Mayflower are expected to be present and an excellent programme has been prepared, at the close of which refreshments will be served. Officers and members of Victoria are requested to be in their places at eight o'clock sharp.

PROF. CRAIG'S LECTURE in the Market Hall, Summerside, on Saturday afternoon was well attended. The lecture was listened to with the closest throughout, and much valuable information was imparted. Prof. Craig understands every detail of his subject, and his lectures are always interesting and instructive. He will lecture in the Philharmonic Hall, Charlottetown to-morrow afternoon at 2 o'clock.

SACRED CONCERT.—It is to be hoped that our readers are keeping in mind the grand Sacred Concert to be given in the Roman Catholic Church at Vernon River, on the evening of the 4th of February, inst. A splendid programme has been made ready for the occassion, and a rare treat is in store for all who attend. Dr. Doyle never does anything by halves, and this concert will eclipse anything of the kind given. By all means attend.

CHURCH OPENING.—The new Baptist Church at Alexandria was opened yesterday but owing to the unfavorable weather the attendance was not so large as was expected. In the morning at 10.30 Rev. J. C. Spurr officiated and delivered an appropriate discourse; in the afternoon Rev. E. C. Turner, of Pownal, gave an eloquent address. Rev. D. McLean who was to have preached in the evening was delayed by the storm and his place was filled by Rev. J. C. Spurr. Next Sunday's services will be announced later.

CARNIVAL.—On Saturday evening the small boys and girls (and some big ones, too) of the west end held an impromptu carnival on Government Pond. There was a large number of skaters, and the fun was witnessed by about a hundred spectators. Everything went, and the boys enjoyed the fun. Several "cake-walks" took place during the evening, and the crowd agreed that the impersonators of "The Ballet Dancer" and "The Coming Woman" were out of sight. The shovel brigade cleared the Pond off this morning, and active preparations are in progress for a big time on Wednesday night.

TEMPERANCE AND GOOD CITIZENSHIP.

Yesterday evening in the Baptist church Rev. Mr. Corey preached a forcible sermon on the above subject, taking his text from Lamentations, 5-8, "Servants have ruled over us." He deprecated the electing of men to civic offices who are known traitors to the enforcement of existing laws of society, and asked if it were true there were such men in the approaching contest. They should beware of electing men who, either by reputation or word, stand for Scott Act trickery. If the law is bad, said the preacher, and a candidate for civic honors comes out boldly and says I will do my best to repeal it, he is acting the part of an honorable man. But the man that would, by underhanded business, seek to defeat the purposes of any existing law, will not be above seeking to defeat an all-existing law that will serve him—yea, I would not trust his hand on the treasury. Such a man will use his office, not for the public good, but for his private benefit; not for social freedom, but for public servitude. I scarce can judge any as being so void of principle as to act thus but should there be such, let the public cry, "Shame," shame on such an unworthy member of society." His name should be consigned to political oblivion. In casting your ballot, continued the rev gentleman, cast it for a man whom you can respect and whom you can ask you boy to respect; cast it for a man who would spurn the thought of purchasing a vote as he would the thought of defeating the purpose of any law. Vote according to the principles of good and righteous Government, and not contrary to your conscience. Otherwise you make your elf a slave to the men you put in power.

POLICE COURT.—This forenoon Captain John Hughes and Duncan McMillan were each convicted of a third infraction of the Canada Temperance Act, and sentenced to two months' imprisonment. The summons in Mary Macdonald's case was dismissed, and John Carroll's case was adjourned until to-morrow. Lottie Dover, charged with vagrancy, was sentenced to six months, with hard labor. Edward White was fined $1 or 5 days for drunkenness.

ARTISTIC PEN WORK.—There may be seen in Jas Paton & Co's show window a most artistic piece of pen work the production of Professor J. H. Williams, teacher of Penmanship at the Charlottetown Business College and Writing Academy. The lettering and flourishes are original in design, and the cards are very neatly executed. Mr Williams is not only an excellent teacher of business penmanship, but is also an expert in designs and fancy lettering.

LETTERS TO THE EDITOR.

A QUESTION

SIR,—Would it not better for the League to see about those Wards in which opposition to the liquor traffic has not yet been organized rather than to misrepresent and slander Dr. H. D. Johnson and Mr. Nicholson?

QUESTIONER.

CHALLENGE ACCEPTED.

SIR,—I hereby accept S. Doyle's challenge of Jan. 25th, and will skate him a two-mile race in Hillsborough Rink on Friday, the 7th inst., for a prize offered by the managers of the Rink.

LOUIS LARGE.

Ch'town, Feb. 3rd.

INCONSISTENCY.

SIR,—How comes it that the temperance people object to Donald Nicholson on the plea that he belongs to the Charlottetown Club, while said temperance people are doing all in their power to elect Mr. Haszard to the Mayor's chair, Mr. Haszard also being a member of the same Club. "Consistency thou art a jewel."

FAIR PLAY.

A "CITIZEN" SPEAKS.

SIR,—Whether or not many of the gentlemen who are members of the Charlottetown Club will publicly call the Guardian to task for its self-righteous mud-throwing, many disinterested citizens resent the tone of some of its productions to-day. It would be interesting to know if Mr. Woodworth's resignation has anything to do with the unbridled abuse which characterizes our morning exponent of morality.

CITIZEN.

THAT CLUB.

SIR,—Is it not strange that while Montreal, Toronto, Halifax, and, indeed, I may say all the leading cities of the Dominion, have their clubs where gentlemen can meet for purposes of business, instruction and social converse, without offence to any one, and patronized and sustained by the very best citizens, that to belong to a club for similar purposes in Charlottetown is such a grave offence to so many good people in this community. To the writer it seems "passing strange."

ELECTOR.

AN EXPLANTION WANTED

SIR,—It is currently reported in Ward One that the senior in the race for civic honors is an active member of the Citizen's League, and received his card of membership a few evenings since. As I am opposed to the principles of the League and a former supporter of Mr. Douse, I would like an explanation before casting my vote. I understand that the President of the League refused to sign Mr. Clarke's requisition. More light is wanted by the voters in Ward One.

ANTI-LEAGUE.

AN ELECTOR'S VIEWS.

SIR,—I am pleased with the temperance agitation going on at present. I am glad it is so hard to work in side issues, as in past years. The two gentlemen offering for Mayor have told me they will stand by the proper enforcement of the Act. The Citizen's League, with which I am in full sympathy and a humble member, have named their men for Wards 4 and 5. Of course in these Wards the liquor party would not attempt to run a square rum ticket. Their only hope is to defeat the League men by means of good men, who, on the day of election, will receive the solid rum vote. As I said, Mr. Editor, I am pleased that we have now an opportunity of knowing better than ever before who our real friends are. I confess to having learned a little in the present

CAMPAIGN.

MAYORALTY

SIR:—Is it not quite evident that citizens of Charlottetown have had quite enough of the "Haszard" rule in our civic affairs during the life of the past council without giving him a higher position. The actions in re the Park Roadway should be evidence to all electors. Note for instance the independent outside legal advice. F. L. Haszard as adviser of the City Council, and Davies & Haszard as independent legal advisers. The principle of scratch my back and I will return the compliment, has worked very well. Had the Council taken the offer of the Governor and the Government,—the same offer was ample space for all purposes to build the Roadway, thus saving unnecessary law expenses. But no, it seemed to be the aim of Mr. Haszard to keep the city in law expenses for the past two years, by some cause or other, in order that a certain law firm could reap the benefit.

Wake up, citizens, and vote for a good, solid man like W. E Dawson, Esquire.

ELECTOR.

PROVINCIAL RIFLE ASSOCIATION.

SIR,—I notice by THE EXAMINER that the annual business meeting of the Provincial Rifle Association is called for Tuesday, 4th inst., at 7.30 p. m. The business to be transacted is the election of officers for the current year, and to do such other business as may come before the meeting.

The annual report of the association has just been issued which enables the public to see the work done by the association for the past year.

By the display of military officers who form its Council, one is led to think it is purely a military organization. It is not so, however, for any person who is a citizen of the province and subscribing two dollars towards its fund can become a member. This is in accordance with its present constitution, which, I think, the association has not seen fit to publish yet. In order to receive Government favors in the shape of grants, the constitution must meet with the approval of the Department of Militia and Defence, which gives to it its military bearing.

The object of the association is the encouragement of rifle shooting. For this purpose it holds an annual prize meeting and last year distributed among competitors, $652 00 in cash, besides cups, medals and other prizes in kind. It also, in connection with the Militia department, maintains a rifle range good for practice up to one thousand yards, equipped with five canvass targets constructed on the most modern principles. The system of marking is equal to the best in the world, and as a consequence of all this, we have rifle-shots amongst us who would take a foremost place in first lines of sharpshooters.

I notice that Lieut.-Col. Longworth, who commanded the inter-maritime team, recommends more systematic practice at 600 yards. Captain Stewart, of the Ottawa contingent, recommends the same thing. No doubt these excellent suggestions will be acted upon in the future, for it seems too bad that men who shoot so well at other ranges fail to hold their own at this longer distance. Capt. Stewart also suggests an increase in the strength of the Ottawa team from ten to fifteen. It is a question whether or not this would be a move for the better, and I trust the Association will not adopt his views without careful consideration.

By reference to the list of contributors, as published in the report, I notice a goodly number of non-military citizens. All those who contributed two dollars or upwards are full members, and eligible for election to any office in the gift of the Association. At present—apart from the Patron and one of the Vice-Patrons—only one non military name appears among its officers. I trust that on its next Council there will be quite a sprinkling of non-military men, as it has a tendency to create more general enthusiasm in the laudable object for which this Association was formed. May I ask those citizens who have been kind enough to aid the Association by their contributions to come to the annual meeting and aid it also in its deliberations.

TARGET.

DEATH OF AN ISLANDER.

The travelling public will be sorry to hear that Mr. Patrick J. Murphy, of Whitbourne, died at 8 o'clock last night. He was a native of Prince Edward Island, and came to this country about 14 years ago, when the railway was first in course of construction. He got employment about track work, at which he was engaged until 1885, when he took charge of the Station Hotel at Whitbourne, which he ran with great satisfaction to the public. A couple of years ago he built an establishment for himself. He was about 45 years of age, married, but has no children. He was a genial, obliging host, and visitors to Whitbourne will long regret honest, open-hearted Pat Murphy.—St. John's, Nfld., News, Jan. 22.

[Mr. Murphy belonged to South Shore in this province, and has relatives there and in this city. Dr. Patterson, who attended Mr. Murphy, said his trouble was a severe affliction of the lungs and kidneys].
