The Lewis-Potosky Dramatists played "Daniel Druce" most successfully to a goodly audience in the Market Hall last evening, and left for Pictou this morning, where they will stay a few days.

Rev. W. B. HINSON will preach in the Baptist Chapel this evening, at 8 o'clock. There will be a prayer meeting half an hour previous to service. Mr. Hinson will also preach at half-past six on Sunday evening next.

ARTISTIC.—We were shown to-day two excellent drawings by Mr. H. Forsyth Breen, with pen and ink and crayon. One—a delineation of "Pharaoh's Chariot Horses" is particularly fine. The other—an "Island Cow" is cleverly executed, and shows that Mr. Breen possesses the taste and ability of a true artist.

We are glad to learn that Mr. John Corbett has been appointed Superintendent of the erection of Lighthouses for the Dominion of Canada, and Superintendent of the Public Works in this Province. Mr. Corbett left for Ottawa on Monday; but his friends will be glad to learn that his duties will require his residence among us for a considerable part of the summer months.

STILL INVENTING.—Our ingenious friend Thomas Huestis of the west end factory, showed us one morning last week a churn which he has invented. It is a swing churn worked by a lever attached to one end, moves so easily that it can be operated by a child. The one we saw would churn from 15 to 20 gallons of cream, and Mr. Huestis informs us would produce butter in from 10 to 20 minutes. We think it a good churn. Farmers patronize Mr. Huestis.—S. Progress.
