greater part of them promise to become good and useful members of society. I confess that I dislike the name of this most useful school. Such institutions should be Catholic in the l'teral sense of the term. Those who s ek to pluck such brands from the burning, should know neither sect nor creed. These boys should be saved for society and for religion in the name and for the sake of our common Christianity. When such institutions are perverted into means of proselytising, no matter by whom or to what, they, in a great measure, defeat the end for which they were established, and become prolific sources of discord when they should confer an unmixed good upon society.

Matters, in political circles, are pretty much as they were when I last wrote. The resolution and protest of the House of Assembly have been published in all the newspapers. What the final result will be it is vain to conjecture. The doings in the Legislature are of the tamest and least interesting character. Picture to yourself the proceedings of our House of Assembly in the very dullest part of the session, and you will be able to form some idea of what is going on in both branches of the Legislature now sitting in Halifax. This is dreadfully disappointing and disgusting to those who expected to witness a revolution, or a row at the very least. It will be singular if the Nova Scotia Repeal agitation turn out to be a mere fizzle after all. "Much cry and little wool," etc. ED.

COLONIAL RIFLE COMPETITION.

We have been kindly furnished from the office of the Inspecting Field officer of Militia with the following names of the successful competitors with a list of the prizes competed for on Thursday and Friday last. There appears to be a marked improvement in the shooting of this year compared with the years 1866 and 1867. Lemuel Younker, carried off the first prize and Medal in fine style, having made 32 points Last year the Medal was won by Captain J. Tanton of St. Eleanors, with 30 points, and in 1866, 24 points was the highest number made; the weather was favourable and all the arrangements perfect.

IT will be seen by an advertisement in another column that a County Meeting has been called to take into consideration the question of Free Trade between this Colony and the United States. As free trade with the United States would be of immense benefit to the people of this Island, we are of opinion that it is the bounden duty of every man in it, both in his private and his public capacity, to do all that lies in his power to further so desirable an object. The meeting will be held on the 21st inst., and will, no doubt, be largely attended.

Mr. Staples is indefatigable in his exertions to supply the facilities to ensure a thorough system of penmanship among our people, and we trust that his excellent copy books, which are authorized by the Council of Public Instruction, and his good pen will be extensively used throughout the Province.

KENNEDY, the soul stirring Scottish Vocalist, has come. Go and hear him to-night in the Market Hall. He prefaces each song with a short description, interspersed with amusing anecdotes, in many of which the characteristics of the Canny Scot, are admirably brought out. Miss Kennedy presides at the Piano, and is a worthy daughter of a noble son of Song. For particulars see advertisement in another column.

To Correspondents.

We have received a letter signed "VERITY," relating to the injury done to Cattle, some short time since, on the Georgetown Road. We do not see that any good would result from the publication of "Verity's" letter, as the case is to be tried in the Supreme Court, when no doubt every justice will be done the parties aggrieved.

Judson's Pills.

The Canadian Steamer "Napoleon" entered our harbor on Thursday morning last, having on board Sir John A. MacDonald and Lady MacDonald, Sir George E. Cartier, Bart., the Hon. Peter Michell, the Hon. John Sanfield MacDonald, Colonel Bernard, Mr. Gibb, M. P., and several ladies. The distinguished party landed at an early hour and after remaining some time at the Osborne House the rain preventing them from carrying out their intention of driving a short distance into the country—they proceeded to Government House and lunched with His Excellency and Mrs. Dundas. At 5 o'clock they re-embarked and proceeded on their voyage to Canada.—ISL.

A good time may be expected by all those who attend the Bible Christian Sabbath School Tea and Excursion. It is not often that one can procure a day's innocent and healthful recreation and aid a good cause at one and the same time. The country looks lovely now and the heat is not overpowering.

☞ MR. BEER'S WINTER WHEAT is now ready for sale. Just think, this year's wheat cut, threshed, cleaned, and ready for market on the 17th of August!! If, on further trial, Mr. Beer's experiment proves a success, he will have done a service of incalculable value to the people of this Island. The enterprising and public spirit among our farmers have now a good opportunity of following up the experiment so happily begun by Mr. Beer.

WE have good reason to believe that the poetry on our first page was written by one of the "Islanders Abroad," who has distinguished himself both as a fighter and a writer in the United States. He hails from New London.
