MISCELLANEOUS.

HOW HE BECAME A MILLIONAIRE.—Mr. McDonough, the Millionaire, late of New Orleans, has engraved upon his tomb a series of maxims, which he had prescribed as the rules for his guidance through life, and to which his success in business is mainly attributable. The following is a copy,—

"*Rules for the Guidance of my Life*, 1804.—Remember always that labor is one of the conditions of our existence. Time is gold; throw not one minute away, but place each one to account. Do unto all men as you would be done by. Never put off till to-morrow what you can do to-day. Never bid another to do what you can do yourself. Never covet what is not your own. Never think any matter so trifling as not to deserve notice.—Never give out that which does not first come in. Never spend but to produce. Let the greatest order regulate the transactions of your life—Study in your course of life to do the greatest amount of good.

"Deprive yourself of nothing necessary to your comfort, but live in an honorable simplicity and frugality. Labor, then, to the last moment of your existence. Pursue strictly the above rules, and the Divine blessing and riches of every kind will flow upon you to your heart's content; but, first of all, remember that the chief and great study of our life should be to tend, by all means in our power, to the honor and glory of our Divine Creator. John McDonough, New Orleans, March 2d, 1804. The conclusion to which I have arrived is, that, without temperance, there is no health; without virtue, no order; without religion, no happiness; and the aim of our being is to live wisely, soberly and righteously."

A MOTHER'S INFLUENCE.—For myself, I am sure that a different mother would have made me a different man. When a boy, I was too much like the self-willed excitable Clarence; but the tenderness with which my mother always treated me, and the unimpassioned but earnest manner in which she reproved and corrected my faults, subdued my unruly temper. When I became restless or impatient, she always had a book to read to me, or a story to tell, or had some advice to save me from myself. My father was neither harsh nor indulgent towards me; I cherished his memory with respect and love. But I have different feelings when I think of my mother. I often feel, even now, as if she were near me—as if her cheek were laid to mine. My father would *place his hand upon my head*, caressingly, but my mother would *lay her cheek against mine*. I did not expect my father to do more—I do not know that I would have loved him better, had he done more; for him it was a natural expression of affection. Her kiss upon my cheek, her warm embrace, are all the more sacred, the older I grow, the more holy seems the influence that surrounded me in childhood.—"*The Mother*," *by T. S. Arthur.*

THE EVILS OF TOBACCO.

It costs more than education or religion, the Army or Navy. It costs England and America, a sum sufficient to support 50,000 missionaries. The students in one college pay more than $6,000, for cigars yearly. It tends to idleness, poverty strong drink, and the whole family of vices. It tends to debility, dyspepsia, palsy, cancers, insanity, delirium tremens, and sudden deaths, every year.

REMEDY.

Banish it from your families and premises. Purify the church. Rebuke the manufacture and sale of it. Look after schools and save the young. Sign and circulate this pledge: *I hereby pledge myself to abstain from the use of tobacco, in all forms, totally and forever.*

INTERESTING TO FATHERS.—The editor of the *Buffalo Republic* has made himself immortal by the publication of an infallible means of keeping babies perfectly quiet, the *modus operandi* of which is as follows: —As soon as the child wakes and begins to squall, prop it up with pillows and smear its fingers with thick molasses, sticking feathers into the hands, and thus afford the youngster the employment of picking the feathers from one hand to the other, which will keep him still, until he drops asleep again.

WHY is it dangerous to walk in woods in early spring?—Because the trees are shooting.

THE HYDROMAGEN,
OR WATERPROOF ANTI-CONSUMPTIVE
CORK SOLES,

Manufactured by HARCOURT BRADLEY & Co., 38, Ann Street, N. Y., and at London and Manchester, England.

THE HYDROMAGEN is a valuable discovery for protecting the feet with one damp or cold, and therefore a preventive of many Lung diseases, *without any doctoring whatever*. The Hydromagen is in the form of a sole, and worn inside the boot or shoe. Its *medicated* character is a powerful antidote for

For Gentlemen it will be found agreeable, warm, and healthy, to wear in the coldest or rainiest weather, as the foot cannot become wet, if the Hydromagen is inserted.

Ladies may wear the lightest soled boots or shoes in the most inclement weather with impunity; while consumption, so prevalent among the young of our country, may be thwarted by general adoption. They entirely *supersede over-shoes*, as the latter cause the feet to perspire in a very unhealthy manner; and, besides, are not dangerous wear to pedestrians in icy weather, like India rubbers. While the latter cause the feet to become extremely large, the Hydromagen, being merely a thin slice of cork prepared, peculiarly placed inside, does not increase the size of the boot, or cause the foot to appear untidy.

To Children they are extremely valuable, as they may engage in exercise with ease and healthy effects. Their expense is so slight as to scarce need mention; besides those who patronise them will find their *yearly doctor's bill much diminished thereby.*

As the Hydromagen becoming more known, its sale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburgh, and Berlin, our sales reached the almost incredible number of 1,732,451 pairs of cork soles. This year the number will far surpass that.

Ask the Faculty their opinion of their value as a preventive for COUGHS, COLDS, BRONCHITIS, ASTHMA, and CONSUMPTION.

DOCTOR HOOFLAND'S CELEBRATED
GERMAN BITTERS,
prepared by DR. C. M. JACKSON,
German Medicine Store,
No. 120 Arch St., one door below Sixth Philada.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of Invalids. Possessing great virtues in the rectification of the liver and lower glands, exercising the most searching power in weakness and affections of the digestive organs, they are withal safe, certain, and pleasant.

Testimony from Maine.

CAPT. DANIEL ABBOTT, Brooklyn, Maine, July 16, 1843, says: "I was taken sick one year ago, last April, upon my passage from Havanna to Charleston, S. C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of 'Hoofland's German Bitters' in it, I sent for some immediately, this was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me, that I had a good appetite for supper, and rested well that night, and the next day found me a well man. I have not been troubled with your medicine since, having been sailing between Baltimore, Charleston and the West India Islands ever since. I have now given up going to sea, and reside in this place, where you should have an agency, as you could sell large quantities of it."

JOS. B. HALL & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of Hoofland's German Bitters, we think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries, I will state that my daughter, aged about 16 years, had been complaining of a pain in her side, for six or seven years, and about the first January last, was taken down and confined to her bed. The pain in her side was very severe, besides being afflicted with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters" I was induced to try it in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years. She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters. WILLIAM CLARK,
Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are ENTIRELY VEGETABLE, thereby possessing advantages over most of the preparations recommended for similar diseases.
