THE DAILY EXAMINER

DECEMBER 5, 1900

AN APT ILLUSTRATION.

Hon. D. Ferguson, in the course of a few remarks at the Lyceum last evening, illustrated very aptly the position of the Government which asks to be retained in office because it is alleged that the Sullivan and McLeod administrations were no better than they ought to have been. Suppose, he said, in effect, that the ratepayers were called upon to decide whether or not they would dismiss or retain a teacher who had proved to be lax in principle and careless in practice; and suppose he were to plead that his predecessor of eight or ten years ago couldn't teach the boys to spell and couldn't preserve order, and, therefore, he ought to be retained, —would such an absurd plea be considered for a moment by any sensible ratepayer? The record of the Sullivan administration has passed into history. A different set of men and a different set of conditions have now to be dealt with. It would be as ridiculous and foolish to retain the present Government—guilty as it is of breaches of faith, of hypocrisy and treachery, of Pineauism, gross political corruption, and the heaping up of both debt and taxation—because a former government had failed to meet the expectations of the people, as it would be to retain a bad and useless teacher because it was charged that a former teacher had not done as well as he might have done.

A SAMPLE BRICK.

Among the young men of this city who are coming forward to the front ranks of the Conservative party is Mr. P. J. Trainor, who delivered a pacific and sensible speech at the Opposition meeting held last evening. Mr. Trainor punctured one of the many erroneous statements of Premier Farquharson. In the course of his manifesto to the electors of the second district of Queen's, Premier Farquharson said :

"The public accounts of last year made up and sworn to by an efficient provincial auditor, will be accepted as correct. This is what he says :—

Receipts for the year ending 31st Dec., 1898	$282,677.81
Expenditure for	276,788.85
Surplus	$ 5,888.96

Ordinary receipts over ordinary revenue for the year 1899 thus shows a surplus of $5,888.96."

This is the statement, published broadcast by Premier Farquharson, upon the strength of which the Government asks continued support and confidence from the electors.

It is utterly false,—as Mr. Trainor clearly proved.

Premier Farquharson deliberately withholds from the electors the fact that of the $282,677.81 set down in the auditor's report as receipts are included "debentures sold" to the amount of "$17,089.50." This sum, if a receipt at the Treasury, is certainly, also, a debt to be paid when the debentures mature. Premier Farquharson was no more right in adding it to his statement of revenue in a manifesto to the electors than the rogue would be who, having raised a thousand dollars by note of hand or mortgage, went to his creditors representing that this was part of his income and asking for additional credit.

A true statement—such as Premier Farquharson ought to have made to the electors—would be as follows:

Total expenditures, 1899,		$302,503.34
Total Receipts at Treasury	$282,677.81	
Deduct Debentures sold	17,089.50	265,588.31
Deficit for year 1899		$36,915.03

But the false and erroneous statement to which Mr. Trainor called attention, last evening, is only one of a number found in the Premier's manifesto to the electors. It is, indeed, but a sample brick in the unsightly edifice of governmental deception.

GREATLY PLEASED.

The Patriot states that,—

"Naturally Sir Louis was greatly pleased to learn of the result of the recount in East Queen's, which gives Mr. McKinnon a majority of seven."

The giving a majority of votes to Mr. McKinnon was admittedly accomplished by the illegal and improper conduct of a deputy returning officer named McKenzie, who presided at the Murray Harbor North poll, and who, after the ballots had been counted and a majority of 14 votes found for Mr. Martin and after the ballot box was legally closed, and hours after the agents for Mr. Martin had left the poll and gone to their homes, and when it was known that the vote between Mr. Martin and Mr. McKinnon was close, deliberately and illegally opened the ballot box and tampered with the ballots. This poll forms part of the [illegible] electoral district, Murray Harbor, which district was the first to confer legislative honors on Mr. Louis Davies, now Sir Louis; and we are now told that Sir Louis is pleased at the vote given in a portion of that district being thrown out and the will of the electors frustrated, not by their own act, but by the act of a deputy returning officer. Many people, Liberals as well as Conservatives, think that Sir Louis Davies should "naturally" be greatly displeased at the result of the recount which was accomplished by such means. But Sir Louis obstructed inquiry into the Elgin and Brockville election frauds, and the pleasure now experienced by him is therefore not altogether new or unexpected.

Considering the storm both meetings held in this this city last evening were well attended.

NOTES AND COMMENTS.

Dr. Jenkins is taking splendidly among the young men. And why shouldn't he ? A young man with a clean political reputation, gentlemanly manners and public spirited disposition !

How proud our Queen would be if she could listen to her gallant knight, Sir Louis, trying from the public platform to bribe electors with promises of labor in order to induce support to an unpopular local government.

Before the Dominion election Sir Louis is reported as saying that Hillsborough bridge "contract was let and work will be commenced at once." Last night he is reported as promising work to commence "next spring." Which statement is true. Or are they both election promises ?

Let us see: $20,000 a year is equal to a capital sum of $500,000 at 4 per cent, isn't it ? That is exactly what the Sullivan-Ferguson administration obtained from the Dominion government as a set off to the $200,000 drawn from capital. Can the Farquharson administration point to anything like that ?

In the course of his manifesto Premier Farquharson says that he has paid every just demand. Mr. Paton punctured the boaster, last evening, when he pointed to the letter of Mr. Stewart and the Premier's reply published in The Examiner. Premier Farquharson there admits that he paid Mr. Stewart 85cts on the dollar —and Mr. Walter Lowe nothing at all.

There can be no objection to the Province of Quebec being ruled from Ottawa by Mr. Tarte and Sir Wilfrid Laurier, provided the people of Quebec vote to be so ruled. But the people of Prince Edward Island prefer not to be dictated to in respect to the management of their provincial affairs. They will turn the $20 per day Farquharson Government out.
