
CITY FIREMEN BATTLE BLAZE

City firemen are seen fighting the blaze which almost completely gutted the firm of Carson and Birt, glass dealers and cutters, on King Street. The firemen had the fire under control and nearly completely extinguished within an hour after it broke out shortly before 7.30 last evening. No estimate on the loss was available last evening and the damage was only partially covered by insurance. The firm is a partnership of George Carson and Uttely Birt which went into business in 1947 in the building destroyed last evening. Firemen constantly kept water on the building on the left to prevent the fire from spreading.

SECOND CHARGE LAID

Clarence Perry Is Committed For Trial In Supreme Court

Clarence Gallant (commonly known as Clarence Perry), 17, of Fortune Cove yesterday was committed to stand trial at the next sitting of Supreme Court.

He appeared before Magistrate James B. Johnston, QC, in the law courts building, who said that in the face of evidence before the court, he had no other choice but to commit the youth to trial on the charge of capital murder of Everett MacDonald of Thistle and Shamrock.

Information with respect to a second charge of capital murder in the death of Mrs. Evelyn MacDonald was then laid by Sgt. Earl F. Elliott, in charge of general investigations, Charlottetown detachment of the RCMP, who also laid information on the first charge. The accused was remanded to Queens County Jail until Sept. 7.

Twenty-three crown witnesses were heard at the second sitting of the preliminary hearing witnessed by city residents as well as residents of the Thistle-Shamrock area.

Among those testifying in the afternoon session was Dr. John Craig, provincial pathologist, who identified pictures of wounds inflicted upon the deceased.

SHARP INSTRUMENT

The evidence given stated that the wound, about four inches long, inflicted upon the accused's neck by a sharp instrument, damaged the juglar vein, and was caused by two slashes.

The main wound on the chest which most likely caused death was inflicted by a sharp instrument which passed through the left fourth rib and pierced the heart.

This wound consisting of two star-shaped incisions at right angles to one another, measuring approximately two inches by three inches with a depth of about three-quarters of an inch.

Dr. Craig said head injuries were caused by a blunt instrument and resulted in brain hemorhage.

Upon a question from defense counsel C.R. McQuaid, QC, the doctor said the deceased was a thin man in good physical shape, weighing 135 pounds and was five feet, nine inches tall.

The date of birth on the deceased's car license gave his age as 36 years. Dr. Craig estimated MacDonald's age to be in the mid-forties; Angus Martin MacDonald, the deceased's father, said his son was 42. The doctor said the deceased appeared older than he might have been because of injuries to which he had been subjected.

OTHER EVIDENCE

Others giving evidence at the afternoon session were Dr. C.A. Coady, a coroner for Queens County; Sgt. E.F. Elliott; Constable William Horrocks; Constable Norman Vincent Harris; Constable Miles Foster; Cpl. C.L. Wentzell, all of the RCMP detachment in Charlottetown; Mrs. Mary Perry, mother of the accused; Eugene Perry, Albany; Earl Coffin, 17, Fortune Cove; Helen Ramsey and Judy Ann MacDonald, both 17, Alberton; Heather Best, Tryon; Lloyd Rogerson, Crapaud; George Coughlin, Fortune Cove; Ralph Gillis, Northam.

Giving evidence in the morning session were Edward Gillis, laboratory technologist, Charlottetown; Frank Kohout and Donald Gillis, both neighbors of the deceased; Constable Raymond Sweet of the RCMP in Charlottetown and Constable W.E. Whalen and John F. McGuire of the RCMP Borden detachment.

Representing the Crown were Alan Scales and G. R. Foster, QC.

Alumni Of PWC Name Directors

A provisional executive, consisting of Dr. Athol Roberts, Alan Scales, Keith Pickard, Wilson Ross and Mabel Matheson, was selected at a meeting of alumni of Prince of Wales College last evening.

This group will direct the affairs of the Alumni Society during the interim period to May, 1966, when, at the first annual meeting, a permanent board of directors will be chosen, comprising these five and seven additional members to be nominated at that time.

Major business of the meeting was to consider the report of the ways and means committee. This was appointed at a previous meeting to draw up a constitution and look into methods for presenting a petition for incorporation of the Society.

John P. Nicholson reported that the decision of the committee was to petition the lieutenant governor-in-council for letters patent under part two of the Companies Act.

After amendments to the proposed constitution were approved, both the method of petition and the by-laws of the PWC Alumni Society were accepted unanimously.

Argo Halfback To Montreal?

TORONTO (CP) — Dick Shatto, a first rate halfback for Toronto Argonauts of the Eastern Football Conference during the last 12 years, said he would be willing to play for Montreal Alouettes if Argos didn't feel he "is helping them."

The Argos, who seem to have found a home in the EFC cellar, haven't been using Shatto much this year and the 32 - year - old veteran doesn't know why.

"It's disappointing and rather discouraging," he said. "One day I'm a flanker, then a left halfback, then a right halfback. I'm not sure what the coach (Bob Shaw) thinks of my ability."

Shatto says he has been hearing trade rumors ever since Argos were whitewashed 50-0 by Montreal last week.

HEARD RUMOR TWICE

"I work for a radio station here in Toronto and a Montreal station in the same system told us they heard the rumor there. They wanted to know if I could be transferred if it went through."

He said he would rather finish his career with the Argos, but he would report to Montreal if such a deal were made.

However, Shaw and Montreal coach Jim Trimble both said that the rumor was unfounded. Trimble said that he would check with Shaw to see if there was a chance to make a deal for Shatto.

"Shatto is a great football player," said Trimble. "I'd make room for him."
