Mantles and Sacques.

This is a large world and we are too small to make the claim that we have all the most fashionable garments that are made, but what we do claim is that we have a good assortment of the best and most fashionable Sacques and Mantles produced, and we do not want you to come to the conclusion that the quality is not good when you find that our prices are so much cheaper than competitors. Some people prefer a powder with which to cleanse the teeth, others a liquid; others again a paste. We keep all the popular Dentifrices, English, Canadian, American in stock, but we have some P. E. Island preparations that are made expressly for the P. E. Islanders, and therefore ought to suit them better than any other kind. We refer to:

THE ALBERTON EXHIBITION.

Opened To-day by Lieutenant-Governor Howland.

A Show That is Highly Creditable to All Concerned.

The exhibition held at Alberton to-day was, upon the whole, an improvement upon those held in previous years, and highly creditable to the farmers of the surrounding country. It was opened at 12 o'clock by His Honor Lieutenant-Governor Howland, who delivered an address congratulating the people of the west upon the rapid advancement in agriculture made in recent years. He was pleased to see so many young cattle on exhibition, because that shows they are putting themselves in a position to achieve success in dairying. He commended the excellent fodder already referred to the excellence of the exhibits, and formally opened the Exhibition. His Honor received the hearty cheers of his hearers.

The show of apples is wonderfully good, being fully equal to those shown at the Exhibition in Charlottetown. In vegetables and grain the exhibition was also excellent. The horses, cattle, sheep and pigs on exhibition are very superior, showing the results of careful and intelligent husbandry as well as good feeding. A large number of farmers are in attendance.
