

AYER'S CATHARTIC PILLS.

The sciences of Chemistry and Medicine have been taxed their utmost to produce a safe, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass to exceed the ordinary remedies, and that they are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and give distemper, stimulate sluggish or disordered organs into their natural action, impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in unimpaired doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, stimulate the bowels without any injury to the system. Many eminent clergymen and physicians have lent their names to certify to the public safety of these Pills, and others have sent me the assurance of their conviction that my preparations contribute immensely to the relief of my afflicted, suffering fellow-men. The Agent is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a full stomach, Nausea, Indigestion, Mouldy Action of the Bowels, and Pains arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant medicine, Scarcity or King's Evil. They also, by purifying the blood and stimulating the circulation, cure all diseases which are not supposed to be curable, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangement of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions. Do not be put off by some unprincipled dealers who offer other Pills which make no profit on Ask for AYER'S PILLS, and take nothing else. No other they can give you any benefit, and if you do not, take or carefully examine the Pills, and you will want the best there is for them, and they should have it.

Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

Agent for many new and necessary articles, English and American, &c. PATRICK STEPHENS, Jan. 23, 1850.

A NEW DISCOVERY FOR 1860!

Stoves! Stoves! Stoves!

THOSE celebrated Yarmouth, N. S., extra strong and substantial Cooking, Franklin, Box and other STOVES, and not Sam Shick Pudding Stoves some of which have been set up and forced on simple farmers, at one third more in price than those first sent Yarmouth Stoves, on the name of giving 12 months credit on a Note of Hand, which must be paid in cash when it falls due in the Bank, or to the holder of the Note, and no mistake. Produce will be taken in payment, and time given to any good Farmer wanting one of those celebrated Cooking Stoves. From the very general satisfaction they have given for the last two seasons, and the great demand for them all over the Island, it is now felt, supplanting all other kinds of Yankee Stoves; and as they only require about half the wood, labour and time of most other Stoves—such a revenue is equal to so much cash in the Farmer's pocket, or Oats in his barn. The large metal Boilers, which suit also to feed cattle in the Winter, make these Stoves still more valuable for cooking up all the barn waste, and the little time required to attend to them.

Any one that wishes to save money, and to keep a warm house for little trouble and cost, ought to have one of those extraordinary Stoves for 1860 in it, before they are all sold, which would clear its own cost in wood, labour and time before three seasons are over.

The following Agents have been appointed, and have received nearly 500 of these almost everlasting, new and favourite Stoves, most of which have been sold, and not one returned or found fault with. Reference can be given to all the parties who purchased them, on enquiry of any of the undersigned, and there is one in operation at the Orwell Agents, where it can be seen at all times.

George Town, Murray Harbour, Charlottetown, Wheatley River, New Glasgow, New London, Malpeque, Port Hill, Summerside.

The Farmer's Guide,

And ALMANAC, free of charge. Call in time and get one.
