## INSPECTIONS YESTERDAY

**The Artillery and Infantry Make a Splendid Showing.**

The 4th Regiment, C. A., in camp at Brighton, with the two city companies, were inspected at Victoria Park yesterday by Lieut-Col. Wilson, R. C. A., Quebec. The inspection was a most thorough one. The men went through the various evolutions in a splendid manner. At the close of the inspection Col. Wilson expressed himself as well pleased with the excellent showing made in battalion and company drill and with the big guns.

The officers of the Regiment speak in the highest terms of the work performed by Serg. Hession, R. C. A., Quebec, who has been regimental instructor during the camp.

The big gun shooting is taking place at Kinlock range today; but the heavy rain will probably interfere somewhat with this portion of the exercises.

The various companies of the 82nd Battalion were also inspected in company drill yesterday. The inspection was conducted by the District Officer Commanding, and it was most thorough. The various evolutions were cleverly performed, and the inspecting officer was well pleased. The Battalion, he said, was never in a better condition than it is at present.

All concerned are to be congratulated upon the splendid showing made.

**THE CAMPANA.**—The Campana arrived about five o'clock this morning, with a good freight and about fifty passengers.

**THE HALIFAX BOAT.**—The steamer City of Guent arrived from Halifax via intermediate ports this morning about eight o'clock. She brought the usual general cargo. She will leave on return this evening. Her outward cargo will include 100 barrels of pork for the West Indies, shipped by Messrs Myrick & Rattenbury, and the usual general freight.

**FISHERMEN SUFFER.**—The lobster fishermen on the north shore have again suffered serious loss. **AFTER ISLAND RASPBERRIES.**—A large number of small barrels or casks arrived by the Northumberland a few evenings ago from the United States and are being distributed at various points along the line of railway west. They are to be filled with raspberries and returned to the owners. Judging by the number landed here to be filled and returned the raspberry crop will stand this year in the same relation to this province as the orange crop does to Florida.—Farmer.

**RETURNED A CORPSE.**—The remains of an aged man named Melanson passed through Moncton Tuesday night for Joggins Mines, N. S., from Boston, accompanied by the dead man's two sons, who resided in Boston. There is a rather sad tale in connection with the old man's death. A week or so ago he left his home in Joggins Mines in good health for Boston on a visit to his sons, but the fates decreed that he should fall a victim to asphyxiation beneath his son's roof, shortly after his arrival in Boston. It was a case of blowing out the gas, and the old gentleman who had left home with a pleasant visit in anticipation, arrived back about a week after his departure a corpse.—Moncton Times.
