

### DEER'S BODY WASHED ASHORE

The body of a deer washed ashore at MacCallum's Point Thursday is seen partly covered by seaweed. It was first observed by cottagers who spend the summer months at the point. Although where it came from is anyone's guess, it is thought to have drifted over from the mainland. **Guardian Photo**

### LET'S TALK IT OVER

#### We Need Two Paved Roads From Summerside East

Motorists will be glad to hear that the Sherbrooke to St. Eleanor highway is going to be paved, providing two paved routes out of Summerside to the western part of the Island. The stretch to be paved is about two miles in length. Now if we could get the eastern end of Harvard Street paved, a stretch considerably less than half a mile, there would be two paved routes out of Summerside to the east.

Increased between 15 and 20 percent. That's encouraging, but also a little embarrassing to Islanders because of the bottlenecks mentioned above. If you invite people to your home it is certainly not a sign of hospitality to keep them waiting overlong at the front door.

### Membership

(Continued from page 1)

Liberal administration by non-Paul Martin. Agriculture Minister Douglas Harkness originally was named to the northern affairs portfolio, but filled this job on acting basis after he was appointed to his present post Aug. 7. Now, Mr. Hamilton takes over full time. The northern affairs post was held by Hon. Jean Lesage in the former Liberal government.

Both Mr. Martin and Mr. Lesage were re-elected to the Commons June 10. This is the first time since 1945 that Saskatchewan has had more than one cabinet minister. In that year the late prime minister Mackenzie King represented Prince Albert and former Liberal agriculture minister Gardiner represented Melville.

The cabinet posts carry a salary of \$15,000 plus a \$2,000 car allowance, in addition to the regular pay of a member of the Commons — \$8,000 indemnity and \$2,000 tax-free allowance — for a total of \$27,000 a year.

Parliamentary assistants receive \$4,000 a year in addition to their MP's indemnity and allowance, for a \$14,000 total. Mr. Hamilton joins Mines Minister Paul Comtois of Nicolet-Yamaska, Que., as the only cabinet ministers without previous parliamentary experience.

### Fined \$100 For Theft Of Truck

A Summerside man was fined \$100 and costs or three months in jail for theft of a half-ton truck when he appeared in Police Court, Summerside yesterday morning before Magistrate E.H. Strong, Q.C.

The stolen vehicle, a 1954 half-ton Mercury, owned by Mr. Polycart Arsenault of St. Chrysostome was taken from its parking place on Water Street late Sunday evening and was recovered by the Summerside R.C.M.P. near Miscoche. Police had stopped it for a routine check and discovered it had been stolen even before the owner knew.

### ALBERTON

Mr. Seifert Rayner, St. Eleanor's, spent the weekend with his mother, Mrs. Ralph Rayner, Alberton.

Mr. and Mrs. Earle Atkinson, Faye and Paul of Alberton, are spending this week in Halifax.

Pte. and Mrs. Alton MacDonald and their family, Halifax, spent weekend guests of their parents, Mr. and Mrs. Edwin McDonald, Alberton, and Mr. and Mrs. Joseph Arsenault, Tignish.

Mr. and Mrs. Wallace Rendall, with their daughters, Karen and Linda, and their son, Ronald, have arrived from Framingham, Mass., to visit Mrs. Rendall's brother-in-law and sister, Mr. and Mrs. J.W. Don Campbell, Alberton.

Mr. and Mrs. J.W. Don Campbell entertained at a family party Monday evening when some fifty guests assembled at their home near Alberton. Dancing to music furnished by Mrs. Hubert Campbell (organ) and Mr. Henry Myers (accordion) was enjoyed and dainty refreshments were served.

Mrs. C.H. Weeks, their nephew Mr. Henry Clarke, Alberton, motored to Wood Islands on Sunday to visit Mrs. John Gillis who is ill at her home there.

Miss Aletha Carruthers, New York, is spending this week with her sister, Mrs. Herbert Matthews, Alberton.

Mrs. C.W. Hayes, Alberton, is a patient in the Western Hospital.

Miss Louise Gillis, P.H.N., has returned to Alberton after spending a holiday with relatives in Keppoch.

Mrs. William Irving has returned to her home in Alberton after visiting her daughter, Mrs. John Donovan, Timmins, Ont.

### New Features Mark Alberton Exhibition 2 Days This Week

Alberton's Prince County Exhibition is to be held Wednesday and Thursday of this week and the number of exhibits is expected to be larger than ever before. In addition to long-time exhibitors of livestock a number of new names will appear this year. An added feature of this year's show is a sale of livestock which will be held immediately following the close of the exhibition Thursday afternoon.

Many special prizes are being offered this year in addition to the regular ones which amount to \$5,000. Among the displays of farm machinery and merchandise there will be shown specimens of Hutt Brothers boat building, a local industry carried on at Alberton South, and one of which West Prince is justly proud. The exhibition will be officially opened Wednesday afternoon at two o'clock when a number of prominent speakers will be present. Presiding will be Lester Wallace, President of the Exhibition Association, and one of its few remaining Charter members, Mr. Wallace is a prominent farmer in Fortune Cove and is the father of four successful farmer sons who reside in districts adjoining Alberton.

Winston Currie has been secretary of the Exhibition Association for some seven years and is largely responsible for the smooth running of the two-day fair. At exhibition time he is perhaps the busiest man in town. Capably assisting him in the office are Mrs. James Hodgson, who has acted in the capacity of clerk for twenty-eight years, and her competent assistant, Mrs. Fred Leard.

### Former Fieldman For P. E. I. Agriculture Dept. Dies In U.S.

His many friends on Prince Edward Island will regret to learn of the death in Bangor, Maine, of Mr. Robert Pierce, 33, who had been ill for quite a lengthy period, was visiting his wife's parents, Mr. and Mrs. Russell Lewis of Bangor when he passed away Sunday, having gone there to enjoy a six-month stay. Mr. and Mrs. Lewis are formerly from Summerside.

The late Mr. Pierce was a fieldman for the P.E.I. Department of Agriculture for some time before being transferred nearly two years ago to Nova Scotia where he was in the service of the retail inspection service of the Dominion Department of Agriculture while employed as fieldman in this Province he was very active in 4-H Club work.

He is survived by his wife, the former Edna Lewis, and one child, also his mother, Mrs. James Wall of Bangor. The body will arrive in Summerside by plane on Wednesday evening and the funeral will be held Thursday afternoon at 2:00 o'clock from the Summerside Church of the Nazarene.

### Will Discuss Earth's Age Interior, Air And Climate

By JOHN TRACY  
Canadian Press Staff Writer

TORONTO (CP) — Some 1,200 scientists, many of international fame, are coming to Toronto next month to talk about the earth and what's happening to it. The International Union of Geodesy and Geophysics is holding its 11th general assembly on the University of Toronto campus Sept. 1-4, bringing together scientists from 56 countries.

They will discuss such things as the age of the earth, now estimated at 4,500,000,000 years; whether the earth's climate is getting warmer; jet streams in the upper atmosphere; magnetic storms and radio communication, and the earth's interior.

VAST NEW STUDY  
Scientists attach special importance to the assembly because it comes just after the start of the International Geophysical Year. IGY men now are investigating the earth from pole to pole, from ocean floor to outer space, by the little what they have newly learned is expected to be available at the IUGG assembly. Scientists are still correlating information obtained in the last similar international study, the International Polar Year, held in 1932. The only two public addresses

on the program, however, are to be delivered by men closely associated with IGY studies. E. I. Tolstikov, deputy head of the Russian Northern Sea Routes Administration, is to talk on the IGY Arctic and Antarctic programs. Tolstikov is one of the brains of the Soviet plan to carry Russian commerce through the North Pole and the Russian mainland.

Prof. L. V. Berkner of New York is to talk on the IGY rocket and satellite program. Berkner, a rear-admiral in the United States naval reserve and an expert on the upper atmosphere, is expected to throw some light on plans to launch man-made satellites which will encircle the earth in outer space. Both Russia and the United States have announced such projects.

DIFFERENT WORK  
The assembly brings together two groups of scientists—the geodists who measure the earth and make many of the calculations on which accurate maps are based, and the geophysicists who work in such fields as seismology, meteorology and oceanography.

Most of the delegates are from Europe. Britain is sending more than 90 scientists and Russia probably will send at least 50. More than 300 Americans and 150 Canadians will attend.

The assembly, being held outside Europe for the second time since formation of the IUGG in 1919, is being held in Canada at the invitation of the National Research Council. Prime Minister Diefenbaker is to open the assembly.

### Kids Love Lippy

Sharp-tongued Leo Durocher, terror of baseball umpires, won't consider professional ball now. He has organized a kids' league and the youngsters just love him. Even parents volunteer as umpires, managers and grounds-men. Sports Editor Andy O'Brien tells the story. Get The Standard — on sale now, complete with magazine, 12-page novel and 20 pages of comics. Only ten cents.

### Death Of Mrs. Frank Kinch At Alma Monday

The death of Mrs. Frank Kinch, nee Lucy Callaghan, occurred on Monday, August 19, at her home in Alma, following an illness of about three weeks.

A daughter of the late Mr. and Mrs. William Callaghan, she was born at Alberton sixty-five years ago. In 1915 she was married to Frank Kinch and since that time has resided in Alma.

Besides her husband, she is survived by the following sons and daughters: Elmer of Halifax; Mrs. Alvin Rayner (Frances) of Kildare; Irene, R.N. of Halifax; Gregory of Palmer Road; Mrs. Herman Kennedy (Evelyn) of Waterford; Mrs. Everett Kelly (Margaret) of Toronto; Maurice and Joyce at home. One daughter, Rita, predeceased her three weeks ago.

There are also a number of grandchildren and the following brothers and sisters: Mrs. Alexander Kelly (Annie) of Boston; Mrs. Howard Graves (Irene) of Worcester; Mrs. Adam McGee (Louise) of Worcester; John of Worcester; and Joseph of Alberton.

The funeral will be held Thursday morning to the Sacred Heart Church, with interment in the church cemetery.

### Hay Is Scarce In Nova Scotia

HALIFAX (CP) —Nova Scotia farmers are stepping up their efforts to fill a forecast gap of 25,000 tons in their hay mows, caused by weather during the early growing season.

J. E. Shuh, director of field crop services for the provincial agriculture department, says farmers are buying standing hay in abandoned areas, cutting out in the unharmed stage and curing them as hay, and seeding winter rye to make up the deficit.

Planting of winter rye, a recent development in the province's farm management program, is increasing in popularity, Mr. Shuh says. Winter rye, seeded by early September, allows a possible 10 days of barn feeding in the fall and three weeks' early pasture the following spring.

SAVES BARN FEED  
"This means I can save about 15 per cent of my barn feed," one farmer explained. "In any event I don't think my hay crop is much more than 15 to 20 per cent below normal."

Agriculture Minister Haliburton took a 10-day swing through New Brunswick, Quebec and part of Maine in July to check on hay conditions and the possibility of importing some if the situation becomes acute.

Some farmers report an average crop despite the general shortage. The reason is that July rainfall was spotty, with certain areas reporting amounts well above normal.

Debert, near Truro, reported rainfall 68 per cent above normal. But around Sydney in Cape Breton it was 66 per cent under normal.

Mail order and remittance to: IMPERIAL TOBACCO CO. P.O. Box 6500, Montreal

### Peterborough Mill To Close

PETERBOROUGH, Ont. (CP) —Dominion Woollens and Worsted Ltd. will close its Peterborough mill Sept. 7, to reduce costs, it was announced Monday. About 100 employees will be affected.

The company said in a statement: "The textile industry in Canada has been very depressed during the last few years due to the influx of low-priced imports. The company finds it necessary to consolidate their operations to bring about reduction in costs."

The mill's spinning operation will be transferred to Hespeler, site of the company's last remaining mill.

Plants at Orillia and Milton have also been closed in recent years.

### BEDEQUE

Mr. Ladd Douglas, Halifax, N.S., who has been visiting at the Central Bedeque parsonage, the guest of Dr. C.A. Britten left for home on Tuesday.

Mrs. Harold Wright and daughter Ruth, spent the weekend with Mrs. Lillian Schurman and Clifford Wright, Central Bedeque, and visited Mr. and Mrs. Ernest Wright, Summerside. They were accompanied by Miss Alma Gould, R.N.

Mr. and Mrs. Ronald Ellis, Bathurst, N.B., with their son Ferrance, were recent visitors of Mr. and Mrs. Ivan Dawson, Central Bedeque.

Central Bedeque School opened on Monday 12th, after the summer holidays with two new teachers, Miss Phyllis Britten, Senior Department, Mrs. Sidney Green, Primary.

### Hold fast even in HURRICANE WINDS!

Johns-Manville Seal-O-Matic ASPHALT SHINGLES

Self-sealing—Proved in service on thousands of Canadian homes!

Can you imagine wind and water screaming against your roof at 140 miles an hour? That was one of the unrelenting, brutish tests applied to J-M Seal-O-Matic Shingles by Johns-Manville Research. And throughout the entire test, not one tab was lifted, not a drop of water got through.

J-M Seal-O-Matic Shingles—the first self-sealing shingles to be introduced are now in their fourth year of actual service. They are the only proven successful shingles of this type. They grip tight—stay flat. Wind and rain can't get under the edges.

Get this exclusive protection for your home now. Ask your J-M dealer for free colorful folder on Seal-O-Matic Shingles or write Canadian Johns-Manville, Port Credit, Ont.

### HERE'S THE SECRET

A wide stripe of special Seal-O-Matic Adhesive is factory-applied to the underside of each shingle. The sun's heat automatically seals each shingle to the one beneath.

### C. W. L. Meets For August

The August meeting of Alberton sub-division of the C.W.L. was held at the home of Mrs. John C. Profit. Fifteen members were present and one new member joined. The secretary being absent, Mrs. Frank Dunn acted in her place.

The annual report of the Diocesan C.W.L. for 1956-57 was read and discussed. The treasurer, Mrs. Everett Shea, read the financial statement for the month and all outstanding bills were voted to be paid.

Mrs. Frank Dunn resigned as spiritual convener and Mrs. John Barrett was appointed to act in her place. Plans were made to clean the church.

The list of officers for the forthcoming diocesan convention was read and voted on. The president, Mrs. Joseph Callaghan, is to attend the convention, with Mrs. Everett Shea named as alternate delegate.

Masses are to be said for Mrs. J.D. Kelley and Mr. Herbert Avery and a card of sympathy will be sent to a member who has been bereaved. The next meeting will be at the home of Mrs. Michael Ahearn, with Mrs. Frank Keeffe, Mrs. Charles Dunn, and Mrs. George Gallant on the lunch committee.

At the close of the meeting, Mrs. Callaghan, president of the C.W.L. read an address to Mrs. Frank Dunn who is leaving the community, and the presentation.
