Man Found Dead Yesterday In His Residence At Souris

John Brown of Souris, was found dead in his residence at Chapel Street in Souris yesterday at noon. The body was discovered by members of the R.C.M.P. in answer to a call from a neighboring resident.

On December 17th, Mr. Brown, approximately 63 years of age, had indicated that he would pay a visit to his old home in Fortune. Consequently, the lack of his usual daily appearances caused no alarm. However, yesterday a neighbor took Mr. Brown's mail to his residence but could not gain admittance and summoned the police.

Coroner Dr. G.S.A. Inman was called and ordered an autopsy on the body before determining whether or not an inquest would be necessary. The autopsy will be performed this morning.

Mr. Brown's wife was visiting with a daughter married in Georgetown with whom she usually spends the winter months since Mrs. Brown is a semi-invalid.

and the entry into the Sunday school department and auditorium, located farther to the left. Both these entrances are seen to be very close to ground level, eliminating the undesirable necessity of using stairs.

KINDERGARTEN
The large windows in the (south) end of the building welcomes the morning sunlight into the main church as well as into the Kindergarten area located directly behind the lower windows seen on the end elevation.

A continuous row of high windows on each side of the main Church permits a generous flow of light into the sanctuary area, without introducing the disturbing element of glare to the worshippers. The location of these windows also permits the solid masonry wall to act as a buffer of street noises.

The pylon (bell tower) rises to almost sixty feet in the air and stands as a free standing element to give strength and direction to the main entrance, which opens into a spacious vestibule area which contains adequate coat space and stairs up to the balcony and down to the Sunday school department. This vestibule opens into the main church, which seats 415 people: a chapel which seats approximately 100 people; and washrooms.

The minister's study and church offices are located in a 25 foot projecting wing seen located beyond the pylon. This wing also contains the church parlor located in the lower level.

It is hoped that construction of the new church edifice will begin early in the Spring of this year. Approximately \$12,000.00 was received in cash and pledges (covering the next three year period) during the recent Building Fund Canvass. This coming Sunday, Jan. 5th., is an important one in the life of the congregation of the Charlottetown United Baptist Church in that it marks the beginning of the pledge period.

THE NEW YEAR

"The New Year brings its burdens
And rugged hills to climb,
But from its treasury there spills
The priceless gift of Time.
And from the measured portions,
The days and weeks and years,
You weave your tapestry of Life
In smiles and toils and tears.
Then make the colors splendid,
The texture firm and true,
For precious sweet the recompense
That God has planned for you."

God's Word contains the "colors splendid" for our lives and a list of Daily Bible Readings is yours for the asking at the Bible House. You may also purchase one of several booklets of Daily Devotions for personal use. Write or call for your free list of Bible Reading.
