

I switched to Marvelube for dependable starts

You get more engine protection under all driving conditions with Marvelube—the Heavy-Duty motor oil that meets car manufacturers' specifications for correct lubrication.

Marvelube is a detergent motor oil. It not only lubricates—it cleans. A clean engine—free from gum, sludge and abrasive particles—lasts longer and gives you more trouble-free performance. Let your Imperial Esso Dealer protect the investment you have in your car with his "Care-Saves-Wear" service.

New Optimism Truce Talks To Be Resumed

MIN. SAN. Korea, Oct. 20 — (Friday)—(AP)—A United Nations command compromise offer today touched off a wave of optimism and expectation that the stalled Korean cease-fire talks would be going again soon. It was expected at this Allied camp that the Reds would accept the U. N. plan advanced Wednesday—probably with minor face-saving revisions. The Communist reply probably will be presented at the ninth meeting of liaison officers, scheduled for 10 a. m. today (8 p. m. Thursday, EST) at Panmunjom. The compromise plan cuts down the size of the security zone—where no hostile acts are permissible—from a radius of five to a radius of three miles around Red truce headquarters at Kaesong. It ups and neutral zone around the Allied base at Munsan from a 3-

000-yard radius to three miles. This meant that a security area of about 28 square miles would ring both Munsan and Kaesong if the plan is accepted. The Reds have been holding out for 56-square miles around each town.

FANNING SCHOOL
—Honor roll for September:
Senior Department:
Grade X—1. Vernon MacKenzie.
Grade IX—1. Georgie Lockhart;
2. Joyce MacKenzie and Lois Bryanton, equal; 3. David Chisholm.
Grade VIII—1. Joyce Bryanton;
2. Preston Bearsto; 3. Charles Bryanton.
Grade VII—1. Audrey Bearsto.
Grade VI—1. Audrey MacKenzie;
2. Georgie Craig; 3. Mary Jorgensen.
Those making an average of 90% in their tests: Audrey MacKenzie, 93.5%; Joyce Bryanton, 92.5%.
Perfect attendance: Lois Bryanton, Georgie Lockhart, Charles Bryanton, Joyce Bryanton, Georgie Craig, Audrey MacKenzie and Winston Bryanton.
Principal: Ewen G. Huestis.

SAVE MONEY NOW!

Blanket prices are at record high! Now's the time to use the money-saving Fairfield Plan. You just send your old knitted or woven woolens—all wool socks, sweaters, suits, underwear, etc.—to the Fairfield Woollen Mills. In return you receive lovely NEW BLANKETS, COMFORTERS or SATIN-BOUND BEDTHROWS at a fraction of their normal cost. Fairfield's improved methods of fashioning new blankets from old woolens mean greater savings today than ever before!

SMART NEW CONVOY COATS!
Save, too, on these warm, rugged Convoy Coats. Fairfield makes them, complete with hood, in sizes for men, women and youths... from your old woolens.
Act now! Send the coupon today for full details of the Fairfield Plan. DISTANCE MEANS NOTHING!

CELEBRATED ANNIVERSARY Mr. and Mrs. Theodore Sentner, of this city, celebrated their 51st wedding anniversary by taking a motor tour of Eastern Canada and the United States. They were accompanied by their daughter, Mrs. Roy Vail, of Halifax, and her husband. During their trip Mr. and Mrs. Sentner visited Indiana, Ohio and Michigan as well as the Eastern States.

SUCCESSFUL SCOUT APPEAL—Scout Apple Day in the City of Charlottetown was one of the most successful held, it was learned last night from Provincial Headquarters of the Boy Scouts Association. Saturday, Scouts and Cubs from the city troops and packs were about the city streets early, and citizens heeded generously the greeting, "Buy a Scout Apple". City returns were not complete, but over one thousand dollars was grossed in the city appeal. Complete returns from throughout the Province will be made later, it was stated.

N.C.O.'s MESS—B.S.M. Hubert Coffin, 28th L.A.A. Regiment, was elected president of the N.C.O.'s Mess at the semi-annual meeting held last week. He succeeds Sgt. Maj. Clifford Orford in the office. Named to the vice-presidency was Staff Sgt. Allan MacKay, P.E.I. Regiment, while Sgt. John Richard, also of the P.E.I. Regiment, was elected secretary. Treasurer, S/Sgt. MacKay was also named signing officer for the Mess. Heading the committees are S/Sgt. Robert King, entertainment committee; BSM H. J. Gallant, Ways and Means Committee; and CSM H. J. Archer, Disciplinary Committee.

The senior non-commissioned officer will be W.O. 1 E. A. Jessome, who will have command of the 100-man guard.

Huge Sulphur Quota Allocated To U.S.
WASHINGTON, Oct. 19 — (CP) —Nearly 75 per cent of available world sulphur supply was allocated yesterday to the United States by the 28-country International raw materials conference.
The U. S., the world's main sulphur producer and consumer, was awarded 1,098,500 tons of the critically-scarce sulphur for the three-month period starting Oct. 1.
The U. S. allocation includes Canada since their requirements are closely connected. The Canadian portion will be small, however. There was no breakdown for the two countries.

N. B. Fights Spruce Budworm Problem
FREDERICTON, Oct. 20 —(CP) —The "largest forest spraying operation ever undertaken" is to be carried out in New Brunswick next spring in an attempt to save some 200 square miles of softwood from devastation by the spruce budworm. Lands Minister R. J. Gill said today.
Mr. Gill's announcement signified the government's intention to participate in the spraying program. It was made after a conference in Fredericton with Vernon E. Johnson, vice-president of New Brunswick International Paper Company, which has undertaken the responsibility of planning and organizing the project.
Mr. Johnson said last night that Byron W. Flegler, forest education director of the company, has agreed to work with Provincial and Federal Government circles on all stages of the program.
This is the second time this century the Province has been threatened by a serious budworm plague. The last time it happened was between 1913 and 1920 and the current trouble threatens to reach similar proportions unless checked. The area of worst infestation is on crown lands leased by the company on the headwaters of the southeast Upperquitch River in the north of the province where some 2,000,000 cords of standing softwood forest are concentrated. This represents approximately \$8,000,000 in stumpage revenue to the people of the province, said the Minister.
Although entomologists do not

ISLAND FOLK SCHOOL
Want to learn more about public speaking, the conduct of meetings, how to discuss without arguing, how to be an efficient chairman? Interested in understanding your community and its local problems? Your farm and new methods of production? Would you like to know more about the real history and traditions of Prince Edward Island? Interested in developing better entertainments and recreation in your community—learn some new kinds of square dances, sing some old songs, and how to put on a play?
All this and more can be yours if you enrol in the first Island Folk School, to be given in an intensive 12 day course from November 12 to 24, at Winsloe Hall. Men and women from 18 years of age up are eligible. Accommodation for up to thirty persons will be available at Hightfield Court Cabins.
Why not take 12 days from your routine work to learn something new? Enjoy the after-harvest season with a spell of informal schooling.
The course will be jointly sponsored by the Departments of Education and Agriculture, and has the support of the Women's Institutes, Federation of Agriculture and Co-operative organizations.
Cost of the course will be only \$35.00 for the twelve days and includes registration, tuition, room and board. Local organizations interested in training community leaders should assist students financially.
Register now for the course. Registration will be closed by November 7th. Write for details to:—
ADULT EDUCATION BRANCH, Prince Edward Island Libraries, Prince of Wales College, Charlottetown.

PARKDALE HALL

5 - NIGHTS - 5 - OPENING WEDNESDAY, OCT. 24
The Community Presents Another
Novelty Variety Show
Cast of 75 headed by Guest Artists Nancy MacNevin and Harry Vesey in two hours of fun and music.
Directed by Arthur Vesey
Tickets (50c) for all performances now at Hughes Drug Co. and Old Spain.
GET YOURS EARLY - THIS WILL BE A SELL-OUT!

Girl Guide News

Strange But True
By F. H. MacArthur
Refuse to lend your friend a ten spot and you lose your friend; lend it to him and you lose your ten.
The good die young, if they are resolutions.
At the famous battle of Trafalgar, anaesthetics and antiseptic surgery were unknown. An amputation case was made on a stump; then the limb was crudely sawn off and the stump afterward dipped in hot tar! Brutal, horrible? Yes, but Nelson himself went through it.
In those days the life of a seaman was one continual round of hardship and brutal treatment at the hands of captains. Yet the sea always called men from all walks of life. There's a magic about it that draws men like a magnet draws a needle, and men like Mike Drake, Nelson, Marco Polo, Columbus, Cabot, Cartier and others found fame afloat.
Fog, derelicts, and ice bergs account for 90 per cent of all shipping lost. Yet, paradoxically enough, the greatest peril at sea is fog. The greatest of all marine calamities. The loss of the Titanic was due to this sinister enemy.
On December 20, 1905, the freighter Dunmore was deserted by her crew when 600 miles off Cape Cod. The ship had become waterlogged. On the following March the liner St. Louis brought a strange story to New York, namely, that on March 14, the Dunmore was sighted drifting in the Atlantic Ocean. She had a heavy list, was minus her funnel, and looked rustier than Rip Van Winkle's musket. Approaching closer, those on the St. Louis could hear the rats running and squealing over the derelict.
Another derelict which caused plenty of trouble to shipping was the Alma Cummings. This ship was abandoned by her crew after she came to grief in a blizzard off Cape May in February, 1896. After talking to the boats they set the Alma Cummings on fire. The skipper had done his duty, the danger to other ships would be removed. But strange but true, Alma Cummings did not go to the bottom. A month later she was sighted near the English coast, her upper works charred by fire, but her water-soaked cargo untouched by the flames. From England, the derelict drifted back her end off the Panama Coast, where the breakers soon pounded her to pieces.
Too, the number of missing ships runs to some length. The Waratah, (16,000 tons) disappeared between Durban and Cape Town in July, 1909 and was never seen again. The S. S. President was swallowed up in the Atlantic in 1841, with its company of 120 people, and provided a first class mystery that has never been explained.
The City of Glasgow left England March 1, 1854, with 480 on board. She has never been heard of since.
In May, 1854, the Lady Nugent left Madras for Rangoon with 400 soldiers and a number of passengers on board, and vanished forever from men's eyes.
Somewhere between Liverpool and New York the Pacific went down in 1856 with 180 souls. Not a trace of her or her human freight has ever been found.
Then there was the City of Boston of the Simmons Line. She left Halifax for Liverpool with 177 passengers and crew on January 28, 1870, and vanished.
There was the amazing disappearance of the Allen liner Huronian somewhere in the Atlantic in February, 1902 — But I shall stop here.
Between the years 1840 and 1890 on the Atlantic alone 24 ships disappeared without leaving a single survivor or the least clue as to the cause of their loss! These ships were not spirited away. No sireet! What happened to them? The likeliest explanation is just fog and ice.
The larger percentage of suicides occur between the ages of 95 and 75 years.
Born 53 years too soon was Mrs. Henry Gephart of Little Bear Ridge, Idaho. Mrs. Gephart gave birth to quintuplets that year — all males and still living. The only publicity she got for this feat of maternity was a brief news item in the county's weekly paper. The public didn't make a fuss about unusual events in these days.
The safest of all places to be is in bed, the accident statistics show. Mark Twain said the reverse and proved his point by saying, "Because so many people die there."
Talking sense to babies is pure nonsense. Why? Because they don't understand the language spoken by their parents until they are at least 9 months old. At about 9 months they begin to distinguish a few simple words, and to discriminate between sounds.
Tips for farmers: Cows that freshen in February give more milk than those that freshen in any other month, according to records checked up by the Department of Agriculture, Ottawa.
Nine per cent of the pedestrians killed in motor accidents last year in Canada, were under the influ-

PROGRESS IN TIGNISH

Guides at Tignish held their opening meeting on Friday 19th. Due to the illness of their leader, the event was later than usual and the meeting was conducted by Mrs. F. S. Jenkins. There was a record number of Guides present, quite the highest since Guiding was started in Tignish. Four recruits were present and it was a great moment to see such a grand crowd of eager faces all watching the door for leaders to enter. Although progress may seem a little slow to some, it is very sure. On checking up the First Class work it was quite surprising to note how little remains to be finished.
A child nurse course has just been concluded with Mrs. J. J. McNally, commissioner as instructor. Sewing and cooking is being done at the Convent, first aid and swimming certificates are held by several with others nearing completion. There are actually 12 Guides working on first class, three on second, and four recruits and that I think is an excellent record for a company so far distant from headquarters and also one with continuous difficulties to cope with.
It is a real joy to work with this group and a visit is always amply repaid by the later accomplishments and the sincere appreciation of the girls and leaders. Guides, Jean Skerry, Irma Harper, Myrtle and Marion Keough are among the most enthusiastic and are to render all possible assistance to Capt. Mrs. Beth MacRae, to help the Company continue their excellent progress. Mrs. MacRae joined us later and the meeting closed with Evensong and Taps.

St. Paul's Brownies

Brownies of St. Paul's, members of the local association of St. Paul's, Sgt. and Mrs. L. G. Thacker and Commissioner Mrs. Dumont were guests of Zion Guides numbering 27 with their Capt. Miss Suzanne McKinnon and Lieut. Mrs. Patten on Tuesday, Oct. 16th. On this occasion, four Brownies, Susan Whiteside, Norma Duvar, Rebecca Nash, and Barbara Worth had their Brownie badges snipped by Tawny Owl Mary Whiteside who also pinned on their wings and away they flew to a new world of guiding. Miss McKinnon welcomed them to Zion Company and Mrs. Dumont congratulated them on their accomplishment. At the Camp Fire Guides and recruits joined heartily in a sing-song after which Dawn Messer sang a very interesting story. Following Evensong and Taps Mrs. Dumont dismissed the meeting.

Action Pictures

Miss Lillian Duchemin, Public Relations Commissioner is asking for action pictures of Brownies and Guides, outdoors for preference. If you have any you will please send to Miss Duchemin at once, 106 Edward St., Charlottetown.
expect that the pest can be entirely eradicated by spraying; they hope it will be possible to prolong the life of the trees for the period during which they can be utilized. Furthermore, due to careful, regular surveys by the company and Government foresters, it is believed that by next spring the epidemic will have reached the peak of its development when it will be most vulnerable to spraying from low-flying planes.
Aerial spraying against the budworm has been attempted in other parts of the country and in the United States, but none on such a scale as this, declared Mr. Gill.

AUTOMATIC OIL HEAT Now Costs So Little!

"SO WARM! SO EFFICIENT AND THE FLOORS ARE ALWAYS WARM!"
Coleman OIL FLOOR FURNACE
Take it easy—stop treading drudgery—yet have a better-heated house. Coleman Oil Floor Furnace sits in the floor, is easy to install quickly. Burns low cost oil. No fuel to carry, no ashes to mess up the house. We have a size to give YOUR home, too, real "warm-floor" heat at low cost. Listed by Underwriters' Laboratories. See us!

ence of liquor. Lloyds of London will insure a woman against having twins for a premium as low as 5 per cent. To put it another way, they'll bet you 20 to 1 you don't have more than one child at a birth.
Just in case you don't happen to know, the standard length of a cigarette is 2-4 inches, and your teeth are the most enduring part of your anatomy.
The fast tempo of modern life is driving a lot of people crazy. Why seek for the things that bring no real pleasure?
After all is said and done there are only three essential needs of man, namely: food, clothing and shelter.

VERNON RIVER W. I.
The October meeting of the Vernon River Women's Institute was held at the home of Mrs. Herbert Enman with an attendance of seven members and two visitors.
In the absence of the president, Mrs. Sam Masters was elected president for the evening. Meeting opened by repeating Creed in unison. Roll call was answered by passing in an article for bazaar. Minutes of last meeting were read and approved and correspondence was read and discussed. It was moved and seconded that the bill for repairing school be paid. It was also moved and seconded that \$5.00 be paid for scrubbing school and to get windows in school repaired. Secretary reported \$32.14 proceeds on dance. It was decided to send for cod liver oil capsules.
Mrs. Ralph Lea invited members to her home for the next meeting, with roll call to be answered by paying annual fee. Lunch committee for next meeting, Mrs. Frank Lea and Mrs. Jack MacLeod.
Meeting adjourned and lunch was served by hostess assisted by Mrs. Ralph Lea and Mrs. Sam Masters.
OCEAN PEARL
Cuba, the largest island of the West Indies, has a coastline including the larger keys of about 2,500 miles.
