Malcolm's grocery, at the foot of Cooper's Alley, to M'Millan's, inclusive.

The basements were all occupied as stores, and the principal sufferers are Malcolm, Buxton, (glass and china warehouse,) E. L. Thorne, (dry goods,) Howard, (Tailor,) Victoria House, by Doherty, (fancy goods,) Francis Collins, (hardware,) L. H. Debreve, (dry goods,) and Mr. M'Millan, (bookseller). Ten lawyers have been burnt out, viz., Messrs. A. L. Street, Bayard, Swymner, Jack, Gray, Kaye, Robertson, Boyd, Burtis, Scovil.

Three printing offices also had been routed—the Morning News, Observer, and Chronicle. Much damage was done to the *materials* of all the offices. The press of the "Observer" sunk with the building, and is probably destroyed. The "Herald" office removed press and types, but was not burned out.

A woman and two children were burned to death, in a small tenement back of Cooper's Alley—the blackened bodies of the mother and one of the children have been found; the husband [a labourer] is diligently searching among the smoking ruins for the body of the other child! Mr. Holdsworth, of the firm of Holdsworth & Daniel, was killed by falling through a trap door, in their extensive premises. He was seeking water from a cistern, in the attic, and fell through five stories, a height of fifty feet, and was dead instantly! He was an excellent, worthy man, highly respected, and the event has thrown a deep gloom over the city.

Mr. Edward Sears, of the firm of G. & E. Sears, (hatters) is much injured by the falling of a box of glass upon him, and, take it for all in all, this Fire has caused more grief and sorrow and distress, than any we have had before, although they were greater in extent.

The House of Assembly of New-Brunswick have voted a Service of Plate, of the value of £1500, to His Excellency Sir John Harvey—a compliment honourable to the Legislature, and highly gratifying to His Excellency.

SATURDAY, APRIL 3, 1841.

By the Mail, which arrived late last night, we learn that the Steamer *British Queen*, from Southampton, bound to New York, put into Halifax coal, and to repair damages sustained on the voyage. She brings London dates to the 10th March.

LONDON, March 10.

By an extraordinary Express from Marseilles, we have received intelligence from China and India—from China the accounts are to Nov. 24, and Macao to Dec. 18, and Bombay to February 1.

The great object of interest is the state of the British relations with the Chinese Government.—A truce was concluded on the 6th Nov. with the Chinese, binding them within certain limits—the British boundaries being Chusan and the small Islands adjacent. Admiral Elliot had resigned the command in consequence of ill health, and had sailed for England in the Volage. The command devolved on Sir J. J. G. Bremer.

Sir S. F. Whittingham, the Commander in Chief of the Madras Army, had died of Apoplexy.

A Deputation of the North American Colonial Company had an interview with Lord John Russell yesterday, on the subject of emigration to the British North American Provinces.

The Earl of Mountcashel, on Monday, asked Ministers if the Report of the Committee of Foreign affairs of the Congress of the United States of the 13th February last, (which had reference to the affair of Macleod,) was genuine—as he was inclined to think otherwise, from the high opinion which he entertained of the practical good sense of the people of the United States. Lord Melbourne replied, that he had no doubt of its authenticity.

Ten Sail of the Line are said to be ordered to assemble at Gibraltar, in consequence of the trial of Mr. M'Leod; and Mr. Fox has been instructed to demand Mr. M'Leod's immediate release from prison.

SHEERNESS, March 8.—The Monarch and Vernon have been ordered to expedite their fitments.—America, it is said, is to be their station.

PORTSMOUTH, March 6.—The Indus and Tweed have gone to Spithead to await orders—destined, it is supposed, for America.

HIGHLAND SOCIETY OF PRINCE EDWARD ISLAND.

The Annual General Meeting of this Society was held on Monday the 22d March, at the Commercial Inn—the Hon. Charles Young, First Vice President, in the Chair.

The Chairman, after briefly stating the object of the meeting, mentioned that the Highland Society of Nova Scotia was in active and useful operation, having, as he understood, two Schools at Halifax, established under its auspices, and had expended £75 in the importation of approved elementary Books; and concluded an eloquent address with an energetic appeal to the Society, to use and continue its best exertions in forwarding objects so laudable and patriotic among the population, imbued with sentiments of attachment to the father-land, the assiduous cultivation and proper direction of which feeling, it was the aim and object of the Society to promote.

The Minutes of the different meetings of the last year having then been read, it appeared the principal object of the Society had been the introduction of Schoolmasters and the importation of Books, the want of which had been and was still severely felt. For this purpose a correspodence had been opened with the Educational Society of Glasgow, through Dr. M'Leod, and Principal Macfarlane, of the University. That Society, influenced by the representations of these gentlemen, promptly and generously responded to the call, by a promise of selecting eight or ten properly qualified teachers, defraying the expense of their outfit and passage, and, moreover, supplying them with Books sufficient for a corresponding number of Schools, provided adequate and permanent support were guaranteed them on their arrival on our shores. The Society ordered this offer to be advertized in the Newspapers of the Island, and called upon the different destitute Settlements to avail themselves of such an advantageous proposal, and lend their co-operation in encouraging the immigration of Teachers who would prove such an acquisition to the Colony; but lamentable is the apathy and indifference to their best interests, which prevail among our population—not one District having yet come forward with offers of assistance or support.

The Society early turned its attention to a most important part of the business of Education, and which has attracted far less attention in these Colonies than its paramount importance seems to demand—that is, the choice and importation of a new and superior class of school Books.

It has been ascertained, from official authority, that books not only of inferior character, but books also having an immoral and pernicious tendency, are found in some of our schools.

It was resolved to attempt to remedy this evil, and to provide such books as had been found best adapted for communicating important knowledge, and most successful for awakening the desire to learn; that, while they would bring the scholar quickly forward, they should, at the same time, tend to enlighten the mind, to rectify the judgment, and to impress and influence the heart. It appeared to the Society, that the class of Books recently published by the Association of Parochial Schoolmasters of Scotland would eminently answer the end proposed, and, in consequence of the sanction they had received from the most competent authority, as well as from their own intrinsic excellence, it was resolved that funds be remitted for the purchase of specimens of the whole series. This was accordingly acted upon; and some disappointment is now felt at the long delay which has taken place in the transmission of these works; but their arrival is daily expected.

After the transactions of the Society during the past year had been thus reported and read, it was unanimously—

Resolved, That a Committee be formed for the purpose of providing for the Education of indigent Orphan Children, and such other children throughout the Island as shall appear to the Society proper objects of charity, in so far as the funds of the Society shall admit.

The following Gentlemen were then appointed a Committee for that purpose, viz:—Messrs. John Macneill, Brown, Duncan, Purdie, Montgomery, Mackenzie, Wilson—three to be a quorum.

The Secretaries laid upon the table a Letter from Thomas Fairbairn, Esq., of Ellerslee, Secretary and Treasurer of the South West District Branch Society of the Highland Society of Prince Edward Island. It was Resolved, that the aforesaid Society be admitted an Auxiliary Branch, in connexion with the Parent Institution of this Island.

After some routine business had been gone through, and the names of several new members added to the roll, the meeting then proceeded to the election of Office-bearers for the ensuing year, when the following gentlemen were elected by ballot:—

Hon. George Dalrymple, President; Major Rankin and R. C. Macdonald, Esq. (Honorary), Vice Presidents. Mr. Kenneth M'Kenzie, Treasurer. Directors—Messrs. Purdie, M'Kenzie, Rankin, Duncan, Maclean. Mr. William M'Gill, Secretary.

The thanks of the meeting were then voted to the Office-bearers of the past year, for their attention to the interests of the Society; after which, the meeting adjourned.—*Com.*

MECHANICS' INSTITUTE.—On Wednesday evening last, the Rev. John Geddie delivered an elaborate and interesting Lecture on Meteorology—a science which he stated to be only in its infancy, but with the history and progress of which he appeared quite familiar. The Rev. Gentleman displayed much research in the several departments of the subject of which he treated, and gave a clear and succinct account of the various theories which have been advanced to explain many of the meteorological phenomena with which all are familiar, and which few, if any, properly understand. The discussion which arose at the close of the lecture was one of the most interesting which has taken place within the walls of the Institute—it contained high encomiums upon the lecturer, and evinced the gratitude of members for Mr. G's. readiness in coming so far and entertaining them so well.

Mr. John Macneill will Lecture on Wednesday evening the 14th inst. on "Education, as adapted to the circumstances of P. E. Island."

SOCIETY FOR THE PROPAGATION OF THE GOSPEL.—PRINCE EDWARD ISLAND.—"Some influential gentlemen, possessing property in Prince Edward Island, having recently come forward with liberal offers of assistance in building Churches and Parsonage-houses in their respective Townships, the Society has resolved to grant a sum of £150 to each of three Churches proposed to be erected in that Island, and also to allow stipends of £120 to each of three additional Clergymen to be stationed there."—*From the Ecclesiastical Gazette of Feb. 9th*, 1841.

We have authority for stating that the Bishop of Nova Scotia has made application to the same Society for *six* additional Clergymen for this Island, and that when fit and proper persons can be obtained they will be appointed.—*Gaz.*

To SELL or to LET,

To which an unquestionable Title will be given,

THE FARM of BROWNSTON, situate on Lot 49, fronting the Pisquid Road, and one mile from Vernon River Inn. It contains 434 acres of the best description of Land in this Island, having abundance of Firewood, pine, spruce and fencing poles. Fifty acres are under cultivation, and in the best condition, and Twenty additional acres are enclosed of natural pasture, which could be easily cleared for the plough, the growth of wood being only young bushes. There is a large Garden and Orchard, planted with apple, plum and cherry trees, &c. of 5 years' standing. The whole is well fenced, and there are gates on every enclosure, as well as the court-yard. The House is very comfortable for a small family, and contains kitchen, small parlour, good bedroom, servant's sleeping room, closets, and a cellar underneath. The House is as good as new, as are the offices, which consist of a large Barn, a Stable, and Cow-house, Poultry-house, Dairy, and Green-houses for potatoes and turnips; an excellent Spring of Water is near the House, and the fields are watered by a brook running through them

The whole will be let together, or in one Farm, for such term of years and on such conditions as may be agreed on; or the property will be divided into Farms, to suit the views of offerers; or, if preferred, the one half (217 acres), including all the improvements, will be sold separately. Hillsborough River, May 14, 1840.

A MEETING of a number of those professing the Roman Catholic Abstinence Pledge, took place this day, in the Catholic Parochial-house of Charlottetown, in order to establish a Benevolent Fund for the support of such indigent professors of Temperance as may hereafter be deemed worthy of its support. Upon the Rev. Mr. Reynolds, P. P., being called on to preside, and after taking the Chair—Mr. C. Little being appointed Secretary, *pro tem.*—the following Resolutions were unanimously agreed to:

1. *Resolved*, That as the efforts, recently resorted to by our reverend Bishop, the Right Rev. B. D. Macdonald, in order to realize in this Island a Society professing Total Abstinence from the use of all intoxicating drinks—such efforts having the deserved success, as the number already pledged to the maintenance of such valued principles, amounts nearly to *five thousand individuals*—and as there is every probability of a vast accession of others yet embracing the revered principles of temperance: therefore, this meeting deem it requisite to organise and establish in this Island, a Provident Benevolent Institution, for the pecuniary relief of such indigent professors of Temperance as may be deemed worthy thereof.

2. *Resolved*, That this meeting deem it requisite to call the attention of the Roman Catholic Clergy of the Island generally, to the foregoing Resolution, in order to test the expediency of establishing, in each of their respective districts, an operative Institution, similar to that set forth as above; and that a special Meeting be called, of such pledged members as can attend the same in Charlottetown on Easter Monday next, at Ten o'clock, forenoon, in order to assist at the solemnization of a festival, to commemorate the origin of the Roman Catholic Abstinence Society of this Island; and that a similar festival be annually celebrated in the aforesaid place, in such way and manner as the officers hereafter to be appointed for the government of the proposed Institution may decide on; and also to adopt such Rules and Regulations on the said day, as may be deemed requisite for the good government of the said Institution; and lastly, to elect, on the aforesaid day, such officers as may be deemed essential to preside over the aforesaid Institution for the current year.

3. *Resolved*, That in the formation of the intended Constitution before mentioned, a specific clause shall be inserted, authorising the officers of the Society to render such assistance as may be deemed requisite for the well being of such emigrants as may hereafter arrive in this Colony—the said persons being the pledged members of a Temperance Society [illegible] proposed Ben[illegible] the amount of Five Shillings and upwards, and dollar[illegible] which will enable the donors to become honorary members of the Institution, but will not entitle such persons to a vote in any matters connected therewith.

5. *Resolved*, That the foregoing Resolutions be published in the Newspapers of the Colony.

By order of the Meeting,
M. REYNOLDS, *Chairman.*

PROSPECTUS FOR THE NEW SERIES OF THE MECHANIC AND FARMER,

A Journal of Agriculture and the Useful Arts for Nova Scotia, Cape Breton, P. E. Island, and New Brunswick.

THE first number of the New Series (enlarged to nearly the size of the Halifax Recorder) will be issued immediately after the close of the present volume, in the latter end of April. To render the Work as extensively useful and acceptable as possible, it will from that period be STRICTLY NEUTRAL IN POLITICS AND RELIGION; and the proprietor will be assisted in the Editorial Department by some of the ablest writers on Agriculture in the three Provinces. Every exertion will be used to render the columns devoted to the Useful Arts more attractive and instructive. For improving this and the Agricultural Department, the Proprietor will have in a few weeks, a choice selection of British books and periodicals of approved excellence at his command, on agriculture and practical mechanics, and no means will be left untried to reder the Work generally acceptable to the country.

Though a much larger portion of the paper will be devoted to Agriculture than at present, a summary of news, and a weekly notice of events of any interest, will always be given.

TERMS: Single copy, $2½; 3 copies sent to one address for $6; 5 copies for $9; and 8 copies for $14, per annum, exclusive of postage, invariably in advance. Persons sending payment, free of expense, for eight copies, will receive a ninth copy gratis.

☞ Postmasters, Officers of Agricultural Societies, and gentlemen friendly to the cause of Agriculture, in Nova Scotia, Cape Breton, P. E. Island, New Brunswick and Canada, are respectfully requested to act as Agents, and orders for the New Series will be thankfully received.
