Georgetown Lions Club's Charter Is Presented

GEORGETOWN — The province's newest Lions Club received public service in thousands of its charter Tuesday night when the Georgetown Lions Club held its charter night and banquet in the high school.

Approximately 120 Lions, their wives and guests were in attendance for the gala occasion. Long clutes from Souris, Parkdale, Kensington, Charlottetown and New Brunswick were represented.

The Georgetown Chapter of the Women's League catered for the turkey supper. Music for the dance was provided by the Georgetown orchestra, the Thursday Orchestra. The pianist for the evening was Harry Yorston.

The charter was accepted for the new club by King Lion Howard S. MacLennan from District Governor Louis Bagnall, Charlottetown.

Dr. Wolf Marold, immediate past president of Souris Lions Club, was the sponsor of the club, and the master of ceremonies. The invocation was delivered by Rev. M.R. Pocklington and the benediction by Rev. Louis B. Dooley.

CONGRATULATIONS
The best table, guests were introduced by Joseph Mauns Moncton, Lions International representative. District Governor Bagnall extended the district welcome. The Lions zone welcome was given by Ian Webster, Parkdale, zone commander. The regional welcome was given by James Atkinson, deputy district governor and a member of the Charlottetown club.

Movor Dr. A. Kennedy, extended congratulations on behalf of a town of Georgetown. Eric Jessume Kensington International councillor read the Lions pledge of ethics and Mr. Atkinson read the Lions Club objects.

The Georgetown club was the recipient of gifts from the Souris, Parkdale, Kensington, Charlottetown and Albany clubs. The District Governor is the most speaker congratulated the new club on being the first to receive a Lions Club charter in the province in this Centennial year and in the month of January, which is known as Lions' founders and education month.

He stressed the importance of industry and natural resources. Provincial geological officer Graham Rogers said yesterday that results of the drilling at Pugwash could have a bearing on similar geological work planned for Kings County and Annapolis parts of Queen's County later this year.

Mr. Rogers said the Pugwash hole is now at a depth of 3,600 feet and he will examine the drilling operations within the next few days.

Dr. T.A. Laidlaw Is Appointed P.E.I. Hospital Chief Of Staff

Dr. T.A. Laidlaw was appointed chief of staff for 1964 at the Prince Edward Island Hospital at the regular monthly meeting of the board of trustees held last Tuesday in the nurses' residence.

Other appointments made on recommendation of the medical staff, were: Dr. R.G. Lea, head of the department of medicine; Dr. L.S. Cox, head of the department of surgery; Dr. J.K.L. Irwin, head of the department of obstetrics; Dr. G.D. Houston, head of the department of ear, eye, nose and throat. The latter was also named representative of the medical staff of the board of trustees.

During the business session it was approved that the annual meeting will be held in the nurses' residence, Thursday, Feb. 27, with the sessions opening at 8 p.m., and will be open to the public.

It was also announced by Mrs. R.D. Drysdale, as representative of the Junior Ladies Aid, that the aid has almost completed the laying of plans for the annual fashion show.

From the property committee it was learned that the renovations being carried out to the lounge and library of the nurses' residence are nearing completion.

June Finish Expected At DOT Wharf

Reporting on the progress of the new department of transport wharf at the foot of Queen Street, Bruce MacLennan, district engineer, department of public works said "work is progressing reasonably satisfactorily despite our soil problem, and we expect the wharf to be completed by the first of June."

During the pile driving operation some trouble with soil erosion was encountered which he stated the pile driving to a small's pace. This problem was overcome and the concrete deck has been poured. As soon as the harbor ice retreats the tenders will be put in place.

Following the completion of the wharf, the first step in the project, it is expected that tenders for the erection of the building necessary to the operation of the DOT here, will be called.

Currently it appears that it will be some two years before the wharf will be ready for full use.

Priests' Remains Are Transferred

The remains of the late Rev. Rev. G.J. McLeod, P.A., DD., were transferred from the Hennessey Funeral Home Wednesday afternoon to St. George's Church, St. George's, where they were received into the church by Very Rev. Bennett Macdonald, P.F., after which the Libera was chanted.

The following priests were present: Rev. Urbain Gillis, Very Rev. P.F. Macdonald, Rev. Charles Macdonald, Rev. George MacCormack, Rev. W. J. Keefe, Rev. T.P. Butler, Rev. Denis Gallant, Rev. Preston Hannam, Rev. Faber Macdonald, Rev. Clare Macdonald.

Palbearers were Peter MacCormack, James H. Macdonald, Clement Macdonald, Augustus Macdonald, John Macdonald and Peter Walker.

His remains are lying in state until 10 o'clock this morning at which time a Solemn Pontifical High Mass of Requiem will be celebrated by Most Rev. Malcolm MacCormack, Bishop of Charlottetown.

The eulogy will be delivered by Rev. Patrick MacKinnon. Interment will be in the church cemetery.

ARDA Official Arrives Today

A.T. Davidson, Ottawa, director of the federal government's agricultural rehabilitation and development program, arrives in the province today for two days of discussion with government officials.

Accompanied by J.C. Lanctot, also connected with the ARDA program, Mr. Davidson will meet with Reid Sangster, provincial research director, and they will discuss the Island's development program and the various forms of federal assistance available to carry out the program in the province.

Government Extends Area Bordering TCH

Amendments to the Town Planning Act made recently by the provincial government, increase the area on both sides of the Trans-Canada Highway in which regulations of the Town Planning Act apply.

An amendment states "Trans-Canada Highway Area means and includes all the land on both sides of the Trans-Canada Highway within 500 feet of the centre line of the highway, extending from the town limits of the Town of Burden to the intersection of the Trans-Canada Highway and the North River Road and from the Hillsboro River Bridge to the Wood Islands pier used by Northumberland Ferries Limited."

The amendment increases the distance of the area by 240 feet on each side of the highway. It will now read 11 for 22 cents. Chocolate milk has increased two cents from 25 to 27 cents, and one cent from seven to eight cents for a seven-ounce bottle.

Bridge Cluttered By Dump Trash

Motorists crossing Hillsboro Bridge yesterday were surprised to see quantities of trash on the Charlottetown approach. It apparently was being blown from the city dump by strong winds and carried along the river. Much of it was caught by the railing on both sides of the roadway.

Island Milk Prices Hiked

Under the Milk Protection Act it was announced yesterday that milk prices throughout the province have been increased by two-cents.

Homogenized milk has increased from 21 to 23 cents per quart, and the two-cent rise is also affecting regular milk, which retained for 20 cents and

Shaw Expects Consideration From ADB

Premier Walter R. Shaw said yesterday "Prince Edward Island should be next in line for favorable consideration from the Atlantic Development Board."

The board has not yet made any announcement on whether or not the projects submitted some three months ago for consideration will receive financial assistance from the board's funds.

The board met this week in Ottawa and there was speculation that the board is prepared to assist with the development of an industrial park complex at Georgetown.

Premier Shaw said his government feels "this province should be treated on the basis of equality in the dispersal of the \$100,000,000 fund of the board. New Brunswick got \$20,000,000 for a power development project and I note there may be further treatment for other projects in that province."

"Our province expects to be treated on an equal footing with the other Atlantic Provinces and this is what we are pressuring for. Our suggestions for help are reasonable and our needs are great."

IS PATIENT
Mrs. Walker O'Brien, city of a patient in the Charlottetown Hospital.

IN HOSPITAL
James McCaughey, Fort Augustus is a patient in the Charlottetown Hospital.

YOUNG PATIENT
Gordon V. Cairns, 11, of Dunstaffnage, is a patient in the Charlottetown Hospital.

PLANNING AIR TRAFFIC
Participating a large number of passengers to the province this year, Donald Simmons, regional traffic director, Eastern Provincial Airways, is now in Charlottetown, to meet with government officials to discuss methods of handling the increase of traffic.

Members of the Lions Club gathered for the presentation of the charter to the new Georgetown club.

World's Fair Deputy Due Here Sunday

R.F. Shaw, deputy commissioner general of the Montreal World's Fair will arrive in Charlottetown Sunday for talks next week with Premier Walter R. Shaw.

While no definite announcement has been made it is expected the talks will center on the possibility of a large-scale participation in the big 1967 fair.

The deputy commissioner is expected to spend two full days on the Island following his arrival Sunday afternoon.

He is scheduled to make a round of courtesy calls Monday as well as speak at the luncheon meeting of the Charlottetown Rotary Club. His itinerary calls for a visit to Summerside where he will meet civic officials and businessmen.

BACKACHE

When kidneys fail to remove excess acids and wastes, backache, tired feeling, dizziness, and other ailments result. Pils stimulate kidney activity. You feel better when you work better.

Pugwash Drilling Closely Watched

The oil and gas drilling operations now being carried out by Pacific Petroleum Limited at Pugwash, N.S., are being observed with interest by the geological division of the department of industry and natural resources.

Provincial geological officer Graham Rogers said yesterday that results of the drilling at Pugwash could have a bearing on similar geological work planned for Kings County and Annapolis parts of Queen's County later this year.

Mr. Rogers said the Pugwash hole is now at a depth of 3,600 feet and he will examine the drilling operations within the next few days.
