Blow-out on the highway! Danger! You're safe with Guardian Safety-Tubes. Emergency inner chamber retains air to allow for a safe, controlled, straight-line stop.

guardian safety tube

Whatever you judge most vital in the tires you buy—Safety, Mileage, Traction, Price, Appearance—and wherever your tires have to take you—on highway, sideroad, bush trail or farm land—through rain, ice, mud or snow—Dunlop has a tire with a tread pattern designed for your particular needs:

Don't guess—for complete peace of mind, be sure! See the Dunlop dealer—a tire expert who is ready to serve you!

**DUNLOP "firsts"**

- Invention of the first pneumatic tire by John Boyd Dunlop in 1888;
- First tire-maker to own rubber plantations—now having over 92,000 acres in Malaya;
- Developed first low-pressure tire;
- World's land speed records of 100, 200, 300, 368 and 394.1 miles per hour have all been made on Dunlop tires;
- In Her Majesty's Realm: if more Dunlop tires are in use than any other make.
