

# Remains Of Gov't Official Taken To Ottawa

The remains of the late Mr. F. C. T. O'Hara, 88, former Deputy Minister of the Department of Trade and Commerce and an outstanding public servant for 40 years, were transferred this week from the MacLean Funeral Home to Ottawa for burial. Mr. O'Hara died suddenly while spending a vacation at the North Shore. A native of Chatham, Ontario, he was a son of the late Mr. and Mrs. Robert O'Hara, and received his early education at the Collegiate Institute, Chatham, before joining the staff of the Canadian Bank of Commerce in 1893. Eight years later he left the bank to study journalism in Baltimore, Maryland. After five years in newspaper work he returned to Canada where he became private secretary to the late Rt. Hon. Sir Richard Cartwright.

It was in 1904 that he became superintendent of Trade Commissioner Services and later became Deputy Minister of the Department. A Fellow of the Royal Statistical Society, he also served his country as Chief Controller of Chinese Immigration. The late Mr. O'Hara was also a member of the Royal Colonial Institute, honorary secretary of the Earl Grey Musical and Dramatic Trophy and a captain of the Governor General's Foot Guards. Surviving are his wife, the former Miss Helen R. Corby, daughter of the late Senator and Mrs. H. Corby, and a daughter, Mrs. M. O. Christensen, Ottawa.

Passengers, mails and express ordinarily due to arrive on this schedule did not reach the city until 10:45 p.m. by the late crossing train.

**SUCCESSFUL MEETING**—The president of the Canadian Horticultural Council, Mr. W. R. Shaw, terminated the meeting of the Canadian Federation of Agriculture held this week in Amherst, N. S., "one of the best in the history of the Association." Mr. Shaw returned yesterday after representing the Council on the Board of Directors and in the general sessions. He stated that the four-day meetings were filled with matters of importance to the agricultural industry. "Items of policy were exhaustively analyzed," he said.

### Personals

Mrs. Rachel Miller of this city has returned to Charlottetown after spending a few days visiting her parents Mr. and Mrs. Louis Harper of Tignish. She was accompanied by her two children, Rosetta and Junior.

Mrs. Irving Malone and daughter, Elizabeth of Boston, Mass., arrived on the Island yesterday. They will spend the next few weeks at the home of Mrs. Malone's parents, Mr. and Mrs. Douglas Aitken, Bay Fortune.

## Bear Seen At Lot 65

On Wednesday night about eleven thirty three men, two from Rustico and one from Milton, were driving along the narrow winding road between the old Wiltshire Creamery and MacLean's Store.

At a bend in the road a large animal was seen in the car lights to roll to its feet at the side of the road. It walked up a bank into the woods.

It was about 2 1/2 feet high, black in color with a reddish tinge on the tips of the hair—a short tail and walked with a shuffling gait. Before it entered the woods it turned its head and looked back. The face was long and narrow.

An attempt will be made to fix its tracks. This animal is larger than the yearling bear seen at Annandale this spring.

### Card Of Thanks

We wish to express our sincere thanks to Doctors Bonnell, Johnston and Lea, and to those who sent cards, letters and flowers, and to those who visited and sent gifts to our son Herbie while he was a patient in the Kings County Hospital, P. E. I. Hospital, and the Children's Hospital at Halifax. Your kindness is deeply appreciated.

Mr. and Mrs. Ellis MacPherson

## Attend Successful Sewing Short Course

A very successful sewing short course for junior 4-H Club members was concluded at the Vocational School yesterday and was attended by girls from East Baltic to Cape Wolfe.

Miss Mary Robin, supervisor of the Women's Institute, gave instruction in styles, colors and pattern materials and gave a talk on posture and demonstrated the proper technique in making a choice of topics. On Tuesday morning the girls were taken on a shopping tour for patterns and material at

Moore & McLeods. A health lecture was given by Ruth Ross, R.N., of the Department of Health and Welfare.

Wednesday afternoon saw the girls enjoy themselves at a picnic at Stanhope Beach. While at the beach the girls heard a very informative talk on the history of the 4-H Clubs by Mr. Morris Deacon; fieldman with the Provincial Department of Agriculture.

Shown in the picture above are the 4-H girls with their instructor, Miss Mary Robin.

## Frigates To Berth At Marine Wharf

The two Canadian Frigates H.M.C.S. Wallaceburg, Lt. Commander W. A. Mansfield, C.D., R.C.N., and H.M.C.S. Portage, Lt. Commander A. B. Terrie, R.C.N., will arrive in port this afternoon at 4:00 o'clock. They will be berthed at the Marine wharf.

The Wallaceburg and Portage are being used during the summer months as cruise ships for U.N.T.D. personnel. Their ports of call include those on the Gulf of Saint Lawrence, Northumberland Straits and the St. Lawrence River. Approximately 30 cadets are carried on each ship for a cruise which lasts for about two weeks. The normal crew of a frigate of the type visiting here, is 10 officers and 70 men.

This evening the officers and cadets from the two frigates will be entertained at a dance at Government House. It is hoped that a dance will be held for the ratings at the Rollaway on Saturday night. Athletic activities for the crews will be taken care of by a soft ball game either on Saturday or Sunday afternoon. The Petty Officers and Seamen's mess at H.M.C.S. Queen Charlotte will be available to the visitors during their stay here. The ships will be open to the public in Sunday afternoon.

## To Celebrate 75th Anniversary

The parishoners of Vernon River will celebrate the 75th anniversary of the opening of their present church, Sunday, August 8. Solemn High Mass will be celebrated at 10:30 a.m. Standard Time. After Mass luncheon will be served in the Parish Hall by the ladies of the C.W.L., to the visiting clergy and other visitors. All former parishoners and all others who can attend this joyous celebration will be most welcome.

evacuation from Suez, sat listening to Atlee's criticism silently and with bowed head.

But he came charging into the debate when Labor member R. T. Faget accused him of giving "under the table support" to the Suez rebels in defiance of recommendations of his own cabinet.

"That is an absolute untruth," Churchill growled and then pounded the dispatch box before him and declared:

"I have not in the slightest degree concealed the fact in public speech how much I regretted the course of events in Egypt.

"But I have not held my mind closed to the tremendous changes that have taken place in the whole strategic position in the world which makes the thoughts which were well founded . . . up to a year ago utterly obsolete and which have changed the opinions of every competent soldier that I have been able to meet."

**BELIEVES AGREEMENT SOUND**  
Foreign Secretary Eden, who spoke later, said he believes the Anglo-Egyptian agreement on the Suez canal base is militarily and politically sound because "it enables us to re-establish conditions of friendship with all the Arab lands while improving our friendship with Israel."

Earlier in the debate, War Minister Anthony Head disclosed the government anticipates an H-bomb attack on Britain in the event of a world war and is planning British defence strategy accordingly. Head said the H-bomb, 1,500 tons as powerful as the atom bomb dropped on Hiroshima, "con-

## REPORT INTERESTING SESSIONS OF FARM FEDERATION AT AMHERST

Members of the Prince Edward Island Federation of Agriculture headed by the President, Mr. Roland MacDonald and the Secretary, Mr. Lincoln Dewar, returned to the Island yesterday after attending a very successful semi-annual meeting of the Canadian Federation of Agriculture at Amherst this week.

Discussions featured the meeting which left the delegates feeling that the future of Canadian agriculture is on a firm economic basis for the coming year. This was indicated in a report given by Dr. E. C. Hope, economist with the C.F.A., who stated that "there was evidence that the recession being experienced throughout North America was beginning to disappear." He noted that in Canada, capital investment is at a high level and if anything on the increase. "This," he said, "indicated that Canadian economy would enjoy reasonable prosperity in the coming year."

Dr. Hope said, however, that agriculture could expect a slow general decline due to the fact that a surplus of most products of the farm such as grain, meat and dairy products now exist. Hog men were told that the price of hogs will probably go as low as \$24 before fall. This prediction was based on what the American producer expects to get.

Mr. Lincoln Dewar told the meeting of the different markets that Prince Edward Island had developed for its seed potatoes. He reviewed the history of the P. E. I. Potato Marketing Board and went on to show that the Canadian consumers in 1952 had paid \$100,000,000 for their potatoes while in 1953 they paid only a "slightly reduced" the chance of large-scale land warfare in the Middle East.

Speaking for the Tory rebels, Waterhouse denounced the Suez agreement as "give-away" and warned that the Egyptians may not respect British re-entry rights into the base in time of war.

Waterhouse said the United States actively disliked the British Empire and tried to do it injury. "For many years, we have had a little American lamb pleading in Cairo, helping nothing, hindering in most cases," he said. "He has got his way."

**Duke**

He then drove with his party and the governor-general to the posh Country Club northwest of the city, on the Quebec side of the Ottawa river.

**ENJOYS WEATHER**  
The duke, 33, and Mr. Massey, 67, swam and then sat in the sun talking about some aspects of Canada.

Philip said he was enjoying the hot weather after England's cold summer.

After the dip, there was a roast-beef lunch at the Government House. There were no special guests. In the afternoon, the duke had a nap and then strolled around the grounds.

The only formal touch outside the brief arrival ceremony came around 5 p. m. when the duke, who takes a keen interest in science, was presented with a certificate of honorary membership in the Engineering Institute of Canada. The presentation was made by institute president D. M. Stephens of Winnipeg.

## S. D. U. Booklet Issued To Mark Centennial Year

A splendid descriptive and pictorial booklet has been issued by St. Dunstan's University to celebrate its centennial. Included in the directory are the names of all students registered since January 17, 1855.

The booklet also contains pictures of all members of the teaching staff as well as the Rector, Rt. Rev. E. V. MacKenzie, D.P., and the late Bishop, Most Rev. James Boyle, D.D.

It was in September, 1854, that Bishop Bernard MacDonald issued a pastoral letter announcing the opening of St. Dunstan's College, but the formal opening did not take place until January of the following year. The 100th Commencement exercises were held in May of this year. In the booklet published to celebrate the Centennial much use has been made of material which has appeared in Red and White, the College magazine.

Included are historical sketches of the College and a photo of the old St. Andrew's College of 1831 as well as pictures of the various rectors since the inception of the College. The president of the Alumni Association is His Honor Mr. Justice Mark R. MacGuigan, a graduate of the class of 1914. Sporting events of the past are recalled as well as the memorable win of the College in the Canadian University debating finals. The booklet abounds with pictures of the various buildings on the campus and graphically illustrates the changes the past 100 years have made.

Chang also claimed that the attacks by two American planes had taken place over Communist territory. The U. S. says the incidents occurred over the high seas.

## ISLAND HOSPITALITY APPRECIATED BY VISITING AMERICAN AIR CADETS

A belief that the "shrinking" of the world due to the expansion of various air forces would bring closer co-operation between countries was expressed yesterday at The Charlottetown by Lieut. Col. Gordon W. Curtis, Civil Air Patrol, Georgia, as he briefly addressed a luncheon meeting honoring 25 United States Civil Air Patrol Cadets who were in the Province on tour.

Col. Curtis also said that these exchange visits were highly important as in all probability the boys involved were the future leaders of the various armed services and in later life would be able to meet the leaders of other countries on a personal basis and thus would be able to more easily solve mutual problems.

The visiting Air Force leader thought the boys would prove to be the statesmen of tomorrow and their friendships formed now would allow of a better understanding in future years. He expressed his appreciation of what the P. E. I. committee had done towards making their visit so memorable and said he had never seen anything elsewhere to compare with the scenery here from both the sky and the ground.

### Island Hospitality

Col. Curtis said in this Province he had met nothing but the most genuine and cordial hospitality he had ever encountered. Speaking of their reception in Canada in general he stated that every community apparently tried to out-do the previous one visited in its reception of the Air Cadets.

Premier A. W. Matheson, speaking briefly following the luncheon, extended a cordial welcome to the visitors and hoped that they would return in later life. He said he hoped their visit would result in them being able

to take home to their own people many pleasant recollections of Prince Edward Island. He also humorously suggested that they not say too much at home about Island roads.

The luncheon was presided over by Mr. G. Mulholland, Summerside. At the head table with him were Lieut. Col. Curtis, Premier A. W. Matheson, Major J. C. McCollough, Flt. Lt. R. W. Wright, Messrs. G. W. Raynor, W. A. MacRae, Norman Hogg, George MacDougall and Stuart Chandler.

In briefly introducing the speakers Mr. Mulholland recalled that he had a personal link with the visitors in that he had served for several years with the United States Army Air Force. He told the boys that he hoped to have the pleasure of entertaining another group of them next year.

Earlier in the morning as the group arrived from Summerside they were formally welcomed to the Island by His Honor Lieutenant Governor T. W. L. Frowse at Government House. After landing here from Greenwood, N. S., by R.C.A.F. plane the boys were transported to the city by the R.C.A.F. bus stationed at Summerside.
