

THE DAILY EXAMINER.

APRIL 24, 1890.

Nova Scotia Elections.

The Legislature of Nova Scotia has been dissolved. Nomination of candidates will be made on the 14th May, and the election will be held on the 21st.

Votes of Mortgages.

It is pleasing to note that mortgages have been stripped by the House of Assembly of their doubtful right to vote.

Notes and Comments.

It is pleasing to learn that an Exhibition Association is being formed at Georgetown, and that land will be obtained and buildings erected for King's County Exhibition purposes.

The convention of working girls which was held in New York last week, demonstrated the capacity of this class of young women for looking out for their best interests.

In the House of Assembly this forenoon, Mr. J. R. McLean took occasion to make some unwelcome reflections upon the Commissioner of Crown Lands.

The Summerside Journal, commenting upon Mr. Strang's letter, shows that the distance is longer by way of the Capes than by way of Summerside and Point du Chene.

This is written without the slightest prejudice against the Capes route, as it will always have a heavy traffic of its own without any interference with established lines.

It is usual for an Opposition to have a party cry or catchword. In some countries it is "Protection," in others "Free Trade," some demand "Home Rule," and others call for "Repeal."

House of Assembly.

APRIL 23.

Mr. Bell asked the Leader of the Government whether the Commissioners (and their secretary) appointed to revise and consolidate the laws of this Province, have rendered to the Government any account or claim for their services as such Commissioners.

House in Committee resumed consideration of the bill respecting elections.

AFTERNOON SESSION.

Mr. H. C. McDermald asked the Commissioner of Public Works if it is the intention of the Government to repair the wharf at Little Swains the coming summer.

Mr. Bell asked the Commissioner of Public Works whether the Government had received a petition from the inhabitants of Sea Cow Head and Township 26, asking that a road be opened from the Sea Cow Head road to L. Wer Bedeque schoolhouse.

Hon. Mr. Bentley replied that the petition had been received and would be laid on the table. If the House should approve, the petition will be considered by the Government.

Mr. Sullivan presented a petition from certain inhabitants of Morell and vicinity, asking for the extension of the telephone to that vicinity.

Mr. Richards asked the Commissioner of Public Works what action the Government intend to take with regard to the opening of new roads from Victoria West to the Main Western Road.

Hon. Mr. Bentley said, in respect to the first question, that he had visited the locality while the snow was on the ground.

Mr. Farquharson asked the Commissioner of Public Works if it is the intention of the Government to repair Rocky Point Wharf this spring.

Hon. Mr. Bentley replied that workmen had already begun to repair the wharf, and that the steamer would be running to Rocky Point and West River in the course of a week or two.

House went into Committee to further consider the Bill respecting elections.

EVENING SESSION.

Hon. Mr. Yeo asked the Provincial Secretary-Treasurer, &c., to lay on the table of the House a statement showing all payments made on account of the public service since the 31st December, 1889, up to this date.

Hon. Mr. Ferguson said that the statement asked for by the hon. gentleman would be prepared and laid upon the table at an early day.

House, in committee, resumed consideration of the bill respecting elections.

Mr. Bell asked a long string of questions in respect to the Department of Public Works.

Hon. Mr. Bentley replied that a great deal of the information sought by the hon. gentleman was contained in the annual report of Public Works, and that the rest would be brought down as soon as possible.

Joliet Baptists Still Fighting.

UNSUCCESSFUL ATTEMPT TO ELECT A BOARD OF DEACONS—THE CHARLOTTETOWN LETTER.

Joliet, Ill., advices of the 19th say: Another bitter wrangle took place in the lecture-rooms of the First Baptist Church to-night. The prayer-meeting was converted into an election of deacons to fill the places of those deposed at the annual meeting.

The motion to re-elect the deposed deacons elicited applause which brought the big dog to his feet barking loudly. Deacon Tat moved that the dog be killed, and an altercation between the owner and the mover ensued. It was settled by taking the dog out and tying him at the church entrance.

LETTERS TO THE EDITOR.

The Natural History.

SIR,—In THE EXAMINER of the 18th, "Nature" complains that "typographical" and "orthographical" errors occur in the Natural History of Prince Edward Island, just published.

We regret that any typographic errors are to be found in the present issue of that little work; but, as they are few and unimportant, they will be left for correction in the reprint. Will "Nature" kindly state what errors he wishes submitted to the Natural History Society for correction?

F. BAIN.

Letter From Fred. W. L. Moore.

SIR,—Your correspondent "G. E. F." asks some questions about a letter on prohibition, which you published over my initials. If Mr. "G. E. F." imagined that he would draw me into an attempt to deal in detail with the whole liquor question, he was mistaken.

Mr. Sullivan presented a petition from certain inhabitants of Morell and vicinity, asking for the extension of the telephone to that vicinity.

Mr. Richards asked the Commissioner of Public Works what action the Government intend to take with regard to the opening of new roads from Victoria West to the Main Western Road.

Hon. Mr. Bentley said, in respect to the first question, that he had visited the locality while the snow was on the ground.

FRED. W. L. MOORE.

22d April, 1890.

Beer & Goff have just received some very fine evaporated and dried apples.

Local and Other Items.

DON'T FORGET that D. A. Bruce has the best assortment of hats.

FRESH HALIBUT, Codfish and Haddock, just received at the Fish Market.

A TIMELY MOVE.—The stamp vendor's apartment in the Post Office corridor is being improved.

Y. M. C. A.—Let there be a full house to-night at the lecture on Lord Jeffreys. Admission only 10 cents.

A GOOD THING.—As a cure for indigestion, fever, loss of appetite, malaria, use Campbell's Quinine Wine, at Dodd's Medical Hall.

MAYFLOWERS.—Several bunches of Mayflowers in full bloom were picked at Three Mile run a few days ago, by Mrs. L. E. Prowse.

A CURE.—For loss of appetite, dyspepsia and general languidness, Campbell's Quinine Wine is a sure cure. For sale at Dodd's Medical Hall.

"LORD JEFFREYS."—Rev. Mr. Reid is just the person to handle Lord Jeffreys. Go to the Y. M. C. A. Hall this evening and hear how he does it.

THEATRICAL.—Prof. Ashley, Manager of "Ashley's Variety and Specialty Company," is negotiating for the Lyceum for the week beginning June 9.

SLIGHT FIRE.—A spark from an adjoining chimney set fire to the roof of a house on Kent St. near the City Hall, this forenoon, but before the fire spread very far it was extinguished by some of the firemen who were promptly on hand. The alarm was not sounded.

HILLSBOROUGH RINK.—The Hillsborough Skating Rink will be open on Saturday afternoon next. Every person having skates or curling stones in the building will kindly take notice and have them removed, as the Directors cannot be responsible for anything left in the building.

POLICE COURT.—Two old offenders—John McLeod and Joseph Luman—were fined \$50 or 60 days each, by His Honor this morning. The former was charged with being drunk and incapable, and the latter with being drunk and fighting on the streets with "Benny" Eyes. A warrant for the arrest of Byers is now in the hands of the police.

A MONUMENT.—Last fall several of the inhabitants of Hunter River examined the remains of the original "Hunter," and had them interred near the new Presbyterian Church. It is now proposed to erect a monument to him, and a subscription list has been opened for that purpose.

ARRIVAL OF THE BEATRICE.—The steamer Princess Beatrice, Captain A. H. Kelley, arrived from Halifax via Eastern ports this morning. She brought a cargo of merchandize and two passengers. Her officers report a good deal of ice in the Straits of Canso. During the winter the Beatrice has been thoroughly overhauled and fitted up for a big season's work.

I. O. O. F. NOTES.—Rev. Brother Joseph A. Cahill will preach under the auspices of Prince Edward Lodge, in the Baptist Church, Summerside, on Sunday afternoon, 27th inst., at 3 o'clock.

A special train leaves Summerside on Monday next at 9 a. m. local time, for the accommodation of the Oldfellows and their friends, who wish to participate in the ceremonies of Natal Day.

The Market Hall has been much improved. Two dressing-rooms are placed at the South side of the stage, and raised seats will be arranged at the rear of the Hall.

Everything points to a grand success of the 71st anniversary of American Oldfellowship, and the members are as enthusiastic as ever.

OLD BOOKS AND PAPERS.—At Mr. Henry A. Harris's bookstore, on Kent Street may be seen a collection of old and rare books and newspapers. Among the books shown THE EXAMINER'S reporter were "The Commonwealth of England, and the Manner of Government thereof," dated 1609; "A Veterinary Work, 1643; "Imperial Commentaries," (Latin) 1676; "The Gentleman's Calling," 1677; "Esop's Fables," (Latin) 1676; "The Whole Duty of Man," 1686; "A Discourse on Prayer," 1633; "Poole's Annotations on the Scriptures," 1683; and four volumes of Shakespeare, 1740. Among the newspapers were copies of "The Royal Gazette and Miscellany of the Island of St. John," printed by W. A. Rind in 1794; "The Royal Herald," printed by James Bagnall in 1805; "The Prince Edward Island Gazette," also printed by Mr. Bagnall, in 1818; "The Phoenix," printed by the same person in 1823; "The Prince Edward Island Times," published in 1839 by William Rankin; and a number of copies of "The Prince Edward Island Register," printed by James D. Haszard. The style and spelling of most of the books is decidedly unique, and some of them contain written marginal notes. The newspapers also contain some interesting reading matter and advertisements. Both collections are certainly well worth calling to see.

A. I. Rice, Photographer, New Glasgow, writes: "King's Dyspepsia Cure is a positive cure for indigestion and dyspepsia. My own trial of the medicine proved a case of instant relief, and as far as I can judge a permanent cure. I had the same said of it by all who have tried it."

"Training the Trotting Horse,"

BY CHARLES MARVIN.

Edited by Leslie E. Macleod.

THE publishers are now taking orders for this greatest of practical horse-books, which will shortly be off the press. It is a handsome 200 page octavo, bound in cloth, elegantly printed, superbly illustrated by Whitney, and explains in every detail the remarkable success of Charles Marvin, who has given more young horses fast records than any man that ever lived; and the whole plans and methods pursued at Palo Alto, as to breaking, training, shoeing, gaiting, driving, keeping, racing and breeding trotters. The illustrations alone are worth the price of the book. Mailed, post-paid, to any address in the United States or Canada at \$3.50. Read what J. C. Sibey, the owner of St. Be, says of this book in the Spirit of the Times, after seeing advance sheets: "In this work Marvin has let out all the mysteries of the craft, and it is so simple and plain that any breeder, owner, trainer or rubber, who has any relish for his business, can take a colt as a yearling and develop to the highest and fullest extent that colt's capacity as a trotter. I have ordered twenty copies, and shall place one in the hands of every rubber on our farm."
