A PRACTICAL TALK.—The first of the Y. M. C. A. course of "practical talks" to young men was last evening given by Prof. Harcourt, his subject being Chemistry. As the weather was stormy and politics raging, there were not as many present as could be desired, but those who were there enjoyed a very profitable and entertaining "talk" and were much pleased with the experiments. Briefly reviewing the ancient Alchemists' search for the "Philosopher Stone" and "Elixir of Life," he spoke of the introduction of chemistry as a science about a century ago, its gradual development and its present standing. With numerous experiments he showed the changes produced in different matters by heat and chemical combinations. After generating oxygen, hydrogen and nitrogen gases, he demonstrated their properties of supporting or extinguishing flames. A discussion of the subject matter of the talk will take place at the next meeting of the Literary and Scientific Society.

READ YOUR OATH MR. RETURNING OFFICER.

Advice from King's County are to the effect that High Sheriff McInnis is under the same written arrangement with Mr. Peters as was exacted from Sheriff Horne of Queen's County. Mr. McInnis is a strong liberal, but it appears that he could not be trusted, so Mr. Peters must bind him down. Already evidence of crookedness appears in one of the conservative strongholds—no place for polling being mentioned in the Proclamation, and we fear that before election day is past we will have many more complaints to make. So that our readers can see for themselves the inquiry of Mr. Peters' agreement. We publish below the Returning Officers' oath which they cannot conscientiously take unless they throw the agreement aside. Will they do it?

A Letter From His Dad.

DEAR SON,— Yours to hand yesterday. It gives me great pleasure in sending you a cheque for \$100. Thanks to Prowse Bros. & Co. They have done the people of this country more good and saved them more money than any firm that ever started business in Charlottetown. I am glad you are buying your Furnishings and Carpets from men you can depend on. They won't misrepresent an article to make a sale. You spoke about me recommending anyone who might want a Carpet to trade there. It would be impossible for me to tell anyone who has not already heard of Messrs. Prowse Bros. & Co. Why, your sisters, your cousins and your aunts all trade there. They say their store is like a fair on market days. Crowds of thankful buyers are found pressing their way up to the counters to have a share in the bargains which they daily offer. Good bye. From your loving FATHER.
