**Isaiah Horne's Famous Remedies.**

**MR ISAIAH HORNE.**  
Dear Sir—My son strained the muscles of  
his arm some time ago, and suffered violent  
pain until treated with a rubbing of your  
"Wedge Ointment," which gave relief at once.  
Also my other son struck his knee against a  
log and it pained him so that he could not  
sleep. He got out of bed and rubbed his foot  
with the remedy and fell asleep, and was all  
right in the morning. I think it a grand  
remedy.  
Yours truly,

**CHINESE GORDON.**  
His Resignation and Proprietary Message  
to the King.

A correspondent writing to the S. of  
the American news. One chilly morn-  
ing at Suzu, in the winter of 1878-79,  
received a message from Col. Gordon.  
He had just landed from Suakin, en-  
dorsed to see me, and found me sitting  
in a room at the old hotel, with his  
black secretary and trusty facto-  
r, Mahomed 'S' and a few  
friends, including the Governor of the  
town.

From Mahomed 'S' I learned that he was  
destined to see his master fall at Khartoum,  
and, probably, to see his fate.  
I was looking cold and miserable, and  
I noticed he was a poor man, a lot  
worse of which the aroma did not seem  
familiar.

On my entering Gordon exclaimed:  
"I have resigned the Governorship  
of the Sudan, and am returning  
to England. The Khedive's  
ministers dared to send me in-  
structions, and so I have resigned. Now,  
tell me honestly: what will the world  
say of my work in the Sudan after the  
years I have spent there? What is  
the apparent result?"

I said something to the effect that  
his name would live and be remem-  
bered.

"Ah!" he replied, "but what visible  
trace remains of my exile and labor?  
It is now God's will that I should aban-  
don my task, and there is absolutely  
nothing to show—nothing for the world  
to gaze at—except the destructive force-  
at work to take the tissues of the body.

Cod-liver Oil is useful

most palatable.

Children like it. It is  
Cod-liver Oil made more  
effective, and combined  
with the Hypophosphites  
its strengthening and  
flesh-forming powers are  
largely increased.

**For People to say there is no cure for con-  
sumption. Sufferers from that dread dis-  
ease and kindred ailments are being saved  
every day by Miller's Emulsion of Cod  
Liver Oil. Do not die without giving it a  
fair trial. If it will cure others it will  
cure you. The secret of its success lies  
in the fact that it creates new blood in the  
system, thus enabling sufferers from lung  
troubles to overcome the destructive force-  
at work to take the tissues of the body.  
Miller's Emulsion is the great nerve  
strengthening and blood making, and cures

**IT'S ALL NONSENSE.**  
In one house, in the centre of the  
affected neighborhood, nine live cats  
were found, and the neighbors stated  
that in the previous week a dead cat  
lay in the yard attached to this house,  
with the discharge oozing from its nos-  
trils. In another house a mild case of  
diphtheria was attributed to the smell  
arising from a cat which had been  
in a garden adjoining the house. Four  
of the emaciated cats referred to above  
were secured, and necropsy, including  
a bacteriological examination was  
made, but with entirely negative re-  
sults. The illness of the cats in ques-  
tion dated from at least a month be-  
fore the opportunity for examining  
them arose, so that the negative result  
is not surprising.

It will be remembered that Dr. Klein,  
in his investigation into cat diphtheria,  
found that the diphtheria infection  
produced in the kitten, and the inflam-  
mation, in the manner known in  
man as the "large white kidney." The  
condition of the household cat is wor-  
thy of enquiry in all such local out-  
breaks as the one briefly described by  
Dr. Newsholme, and it may be well to  
remember that if the cat can be se-  
cured for anatomical examination,  
even in the acute stage of the disease,  
there will probably be a valuable con-  
tribution to the study of the pathology  
in the throat, but only marked pneu-  
monia, and possibly also renal inflam-  
mation. The public warning given in  
reference to cats has had the de-  
sired effect, and the number of cats  
coming to an abrupt termination has  
been reduced to a minimum. The  
destruction of suspected cats, and  
of many others whose careers have been  
interrupted in consequence of the pub-  
licity given to the facts of the case,

**THE COMING JUNO.**  
What Oil Happen if the American  
Woman Keeps Growing Taller?

There are indications that the Amer-  
ican woman is gradually growing  
taller and larger. A few years ago the  
average skirt length taken in the fash-  
ionable stores here checked out to be  
42 inches, and 42 inches was the length  
used for all the model gowns sent  
over here from Paris. The model length  
has now increased to 45 inches, and the  
increase in other measurements is in  
proportion.

The middle-aged American woman  
shows an inclination to grow broader  
across the hips and shoulders, and  
stouter and thicker across the arms;  
but the college graduate, the univer-  
sity woman, and the business woman  
more gracefully vigorous every day.  
The typical college graduate is from  
two to four inches longer from the  
waist down than formerly. Her waist  
is getting longer, her chest fuller, her  
limbs narrower. The middle-aged  
woman grows corpulent and clumsy  
through indolence and indulgent habits  
of life, while the ever-increasing ten-  
dency toward athletic sports and out-  
door exercise is improving the younger  
of the sex. The statuesque Juno type  
may express the American woman.

**THE BICYCLE HUMP.**  
An incalculable amount of comfort  
has been scattered far and wide by the  
statement of an old wheelman in a  
bicycle journal that, as a matter of  
fact, the man who bends over his  
wheel is not "humped," but the man  
who undertakes to sit up straight is  
round shouldered. He adds: "Watch a  
rider coming head on, and you will  
think the one leaning over the bar is  
'humped,' while the other class appears  
straight, but when they pass you, and  
you get the rear view, you find the  
back of the stooped fellow is straight,  
the bend being at the hips, the shoulders  
being pushed back square by the  
weight resting on the rider's hand  
from the top of the bar. The rider  
who sits up straight and looks like a  
pumpkin, while the other class appears  
straight, but when they pass you, and  
you get the rear view, you find the  
back of the stooped fellow is straight,  
the bend being at the hips, the shoulders  
being pushed back square by the  
weight resting on the rider's hand

**Painless Dentistry!**  
This is addressed to all those who are suffer-  
ing from TOOTHACHE, or who may require  
treatment of any kind at the hands of a Den-  
tist. I make the very best Teeth, guaranteed,  
for \$1.50 a set. If not satisfactory money re-  
funded. Gold and Silver Fillings a specialty.  
The following letter from Dr. Robinson, of  
Crapaud, as regards the Painless Extraction  
of Teeth, speaks for itself:  
To J. E. McDonald, D.D.S., Summerside, P. E. I.  
Dear Doctor, I am so well pleased with the  
work you have done for me that I will take it  
as a special favor if you will give publicity to  
this letter. I positively assert that after an  
experience extending over twenty-two years,  
under the hands of many dentists, you are the  
only one who has extracted a tooth for me  
absolutely Without Pain. The TEETH tooth  
is removed for me at one sitting did not  
hurt a particle, as Mr. James Dawson of Try-  
on, who was present at the operation, heard  
me testify. The man who invented your  
method should be knighted.  
I am yours, gratefully,  
J. W. ROBERTSON, M. D.
