

THE DAILY EXAMINER.

OCTOBER 13, 1890.

Notes and Comments.

The Patriot contends that the Opposition party of Canada has not been badly sold by its friends in Congress.

Egyptian mummies have been found whose teeth had been filled with gold.

Lord Wolsey believes that in time the Chinese will overrun the world.

The Huntington Gleaner says: "The underlying cause of the fears expressed of severe injury to Canada resulting from the McKinley Bill is the notion entertained by many who live at a distance from the frontier that the United States offer an unlimited market for produce and at much better prices than can be obtained in Britain."

The cause of the low prices for potatoes in the American market is clearly shown in the following clipping from a Boston market report received this morning.

The arrivals have been heavy the past two weeks, and most everything has been more or less affected by rot.

A Few Pertinent Questions.

Under the above title, the Sarnia Canadian publishes the following pertinent questions, with their answers.

Who first imposed duties as against Canadian products? The United States.

Who gave notice of the termination of the Washington treaty? The United States.

Who, during the continuance of the treaty, which admitted fish free of duty into the States, enacted a duty on the cans in which certain kinds of fish were sent? The United States.

Who first enacted wrecking laws debarring Canadians from going into American waters to assist vessels in distress? The United States.

Who made the regulation preventing Canadian vessels from carrying American produce in transit on the great lakes? The United States.

Who passed an alien law which debars Canadians from working in frontier American cities while residing on Canadian soil? The United States.

Who has had a resolution before them for the past twelve years declaring the desire of Canadians and the Canadian Government for reciprocity in industrial products? The United States.

Who, knowing this, is now passing a bill positively prohibitory of many Canadian products? The United States.

And who, with all these facts as plain before them as daylight, dare tell the Canadian Government and the Canadian people that they are wrong and the United States right? Our Canadian Commercial Unionists.

THE CREW OF THE MARY JANE.—The Montreal Times says: The crew of the schr. Mary Jane, wrecked at Cape Tormentine were: Capt. Daniel Grand, Franklin Seaman and Stephen Clark, all of Wallace. The bodies have been found. The friends of the unfortunate crew have arrived to-day, and will take them home for interment.

Merry Wedding Bells.

A true lovers' knot of cream roses and carnations, from which smilax and roses were festooned over the lace draperies of a bay window, was the most significant decoration of the parlors of Mr. and Mrs. George Hannah's beautiful residence on Florence Heights, corner of Third and Laurel, last night.

[The Mr. Herbert W. Findley referred to in the foregoing extract from the Union is a native of Charlottetown, and is a son of Wm. H. Findley, Esq., some years ago one of our leading merchants. THE EXAMINER extends its congratulations and best wishes.]

Horse Notes.

Two world records were broken at Terra Haute, Ind., on the 10th. Belle Hamblin, with Justin as mate, was driven a mile in 2.15. The second world's record of the day and fifth of the week was the average time for 43 heats in class races viz: 2.19. Alberton took the 2.16 trot making the third heat in 2.15.

Forty-six 4-year-olds, thirty-eight 3-year-olds, and seven 2-year-olds have made new records in the 2.30 list this year. This includes all performers of these ages, whether previously in the list or not. Sunol, by Electioneer, heads the 4-year-olds, with a record of 2.10; Rupee, by Guy Wilkes, leads the 3-year-olds with a record of 2.19; and Manager, by Nutwood, the two-year-olds, with a pacing record of 2.16.

Detective Grier started out with the prisoner Larouckes' boots to the scene of the tragedy. At the spot about 20 feet from where the bodies had been lying, they found in the soft mud a foot mark that exactly matched the prisoner's boot.

SCHOONER SHORE.—A schooner owned by George Toombs, and laden with coal for R. McMillan, went ashore just outside the harbor during the gale, and had to be taken off by the tug this forenoon. She is now off McMillan's Wharf, and will begin discharging as soon as possible.

SCHOONER IN TROUBLE.—It is reported that the schooner Twilight, owned by Thos. Kichham, Esq., of Souris, was held at that place on Saturday, and was not released until a fine of \$400 was paid. We have not heard the nature of the offence which caused the detention, but understand that it was on account of some little smuggling done by the crew along the Nova Scotia coast.
