Izalco Volcano Erupts Anew

SAN SALVADOR, El Salvador. July 6—(AP)—A river of fire zig-zagged down Izalco Mountain tonight as the famed volcano erupted anew.

A gigantic plume of smoke and volcanic dust, roseate from the reflection of internal fire, rose from the crater and could be seen for miles around.

The volcano is 6,122 feet high. It is about 25 miles from the Pacific coast and about four miles from Izalco City.

FOREST FIRE IN SASK

PRINCE GEORGE, B. C., July 6—(CP)—A forest fire raging in the Burns Lake area, 130 miles west of here, destroyed seven small sawmills yesterday and forced evacuation of women and children from the tiny community of Perow. Damage to mill equipment and stock piles was reported in the thousands of dollars.

Coming Events

- Mail your Films to Garnham Photo Studio, Charlottetown, July 19th.
- Cardigan Picnic, Wednesday, July 19th.
- Regular Dance, East Royally Rink Hall, Friday.
- Dance New Iona East School Friday, July 7th.
- Come to the Orange Tea at Cavendish, July 12th.
- Dance Graham's Road Hall Friday, July 7th. Good music.
- Dance in Fresh Hill Hall Monday night, July 10th. Ice Cream.
- Come and enjoy Strawberries, Ice cream and cake, Vernon River School, Wednesday, July 12th.
- Dance, French River Hall, Monday, July 10th. Good music. Dancing from 9 till 1.
- Show, "Red Stallion" in technician at Hunter River tonight at 8.30.
- Reserve July 10th — Festival Dance, Glenroy School. Good music.
- Unloading wheat Thursday and Friday, \$3.40 per cwt. MacGuigan & Boyle.
- Dance at Riverdale School, July 14th. Refreshments. MacNeill's Orchestra.
- Lawn Party and Dance, Desable school Friday, July 7. Good music.
- Come to Ice Cream Social, Rose Valley Church Grounds, Friday, July 7th.
- Dance, Vernon Hall, Friday, July 7th. Proceeds Vernon Hall Team.
- Cardigan Hall—Three act comedy by St. Theresa's Players, Friday, July 7th. Dance after.
- Unloading car of Cedar Posts at Colville Station, Friday and Saturday, July 7th and 8th. Parker MacPhee.
- Please reserve July 27th for Ice Cream Festival on Spring Park School grounds. Sponsored by Spring Park W. I.
- Notice.—Dingwell's Blacksmith Shop will be doing horse shoeing on Monday's, Wednesday's and Friday's only. Signed Fulton Dingwell, Craupud.
- District Convention Riverdale School, Friday, July 7th. Afternoon session at 2.30 P. M. and evening session at 8.30 P. M. Program at night. Everybody welcome.
- The Annual Meeting of the Marshfield Hall Co., Ltd., will be held in the Hall, Tuesday, July 11th at 8 P. M. By order. S. J. Scott, President. A. A. MacBeath, Secretary.
- Buying pigs Monday until noon at Fredericton, paying \$21.00 pair for good pigs over 30 lbs.; boars and sows as well. Will buy any size and kind. Will not be buying at any other points until the following week. Knud Jorgensen.

Crash Occurs As One Fast Train Passes Another

MONICA, Ill., July 6—(AP)—Two high-speed Santa Fe Railway streamliners, streaking eastward side by side, bumped mid-sections in a freak collision today that brought crushing death to nine persons and injuries to about 75.

The crash came at a stretch of tracks near here where daily the 90-mile-an-hour El Capitan Flier from Los Angeles passes the 70-mile-an-hour Kansas City Chief from Kansas City.

Both trains were bound for Chicago, 148 miles northeast.

Mail Car Leaves Tracks

As the El Capitan began pulling ahead, its mail car lurched, left the tracks, and jackknifed into the first car and side of the Chief's locomotive.

It was 4:40 a.m. CST. The men's wash room of one El Capitan coach was crowded with men shaving. Many passengers still were asleep on both trains.

The collision slammed the El Capitan's car back across its own tracks. The locomotive and several forward cars of the El Capitan broke loose and barreled down the tracks. The El Capitan's rear cars piled into the wreckage.

Sleeping passengers were bounced around like rubber balls. Twisted metal trapped some in their seats.

Four of the dead were in the washroom of an El Capitan coach. They were slammed into the walls and crushed to death.

The victims were five men and four women. One man was decapitated when thrown through a window. Four of the dead were unidentified.

The locomotive and two front cars of the Chief also left the tracks.

Several cars telescoped and tracks were torn up for a quarter of a mile.

All available doctors, nurses and ambulances were rushed to the scene. Victims were taken to hospitals in Peoria, 20 miles south of this small village, and to Galesburg, 38 miles west.

38 Still in Hospital

Thirty-eight were held in hospital, some in critical condition, and the others were given first aid at the scene.

Because of the early hour, rescue work was slow in starting. Some farmers came running with axes and chopped paths in those trapped in the debris.

Lock Adams of Chicago, member of the El Capitan dining car crew, said the impact threw him from his bunk.

"I grabbed my trousers and ran barefoot on the dormitory and climbed onto the top of the Chief's locomotive," he said. "I snatched a sledge hammer and beat my way into a telescoped car. I saw two men dead and two more badly injured inside."

Officials said an investigation of the wreck has started, but the cause has not been determined.

LONDON, July 6—(Reuters)—

Britain has rejected a request from the West Indies and British Guiana to buy more sugar from them, the Government announced tonight.

OTTAWA, July 6—(CP)—United Nations acceptance of Canada's intervention in Korea appeared tonight to be only a day or so off and there was no sign of official optimism that the fight she enters will swiftly end.

RUSSIA PAYS INTEREST

WASHINGTON, July 6—(AP)—The State Department reported today that Russia has met promptly its annual interest payment on post-war purchases of American goods. A \$5,117,427 cheque was handed to the department Monday to pay the interest due July 1 on \$220,000,000 worth of goods and services supplied after VJ-day.

Suspected Bank Bandit Remanded Until July 17

SIMCOE, Ont., July 6—(CP)—As a 37-year-old man charged with double murder and a bank holdup received a routine remand in magistrate's court today, new evidence in the case was piling up.

The suspect, captured June 24 after a three-day manhunt through southwestern Ontario bushland, was finally identified as Joseph Herbert McAuliffe. Previously he was known as Joseph Herbert McAuliffe.

Beaver Club Hall, Montague. Chicken and Ham Supper served from 5.30 to 8.30. Date Tuesday, July 11th.

Monthly Meeting of Mt. Stewart Branch Canadian Legion will be held in Legion Room on July 10th, 1950. R. H. Innes, Sec'y-Treasurer.

Make Arrangements To Sell Nfld. Salt Cod

OTTAWA, July 6—(CP)—Financial arrangements with the United Kingdom and four other countries for the sale of some of this year's catch of Newfoundland salt cod in Europe were announced today by Fisheries Minister Mayhew.

The arrangements were expected to cover the sale of about \$6,000,000 worth of cod, Fisheries Department officials said.

The fish will go to Spain, Portugal, Italy and Greece under a one-year continuance of a system set up before confederation to enable the island to sell in these soft-currency countries.

Under the plan, the four countries will pay for the fish in sterling. This money will be applied against Newfoundland's debt to the U. K., which Canada took over last year. The Federal Government will reimburse the Newfoundlanders in dollars.

Stormy Strike Week-end Forecast For Britain

LONDON, July 6—(Reuters)—The industrial barometer tonight was set at stormy as Britain moved toward a week-end which may see current strikes spread in three vital industries—railroads, coal and food distribution.

Two hundred locomotive drivers and firemen at Banbury, 70 miles northwest of London, went back to work after a six-day stoppage, but announced they would strike again this week-end and every subsequent week-end as long as their dispute continues. They object to a proposed pensions-scheme change.

Eight hundred locomotive men at Paddington, terminus for west-country trains, and 400 at Newton Abbot, key rail centre in the west, have promised to go out similarly in sympathy.

In Scotland 16,000 miners were reported idle today. Fifty-seventy collieries were closed and 20,000 tons of coal a day were being lost through the strike.

In spite of union leaders' undertakings that the dispute about wages would be discussed at a delegates conference Monday, there was no significant return to work.

One thousand miners in South Wales, who followed the Scottish miners' example yesterday, remained out today.

The strikes are in protest against the rejection by the state-run industry of a claim for 15 shillings (\$2.30) a week more for 400,000 lower-paid workers in the pits.

The situation in London's meat distribution centers, where 4,000 men are on strike, showed little change. About 2,700 soldiers and airmen, using 700 service vehicles, kept supplies moving and most Londoners will get about four-fifths of their meat ration this week-end.

The strike began 13 days ago when 1,400 drivers stopped work to protest against alleged delay in considering a claim for another 19 shillings a week.

O'Leary Student Heads Summer School Group

The student body of Mount Allison University's annual summer school met last evening in Tweedie Hall, Sackville to elect their slate of officers for the present session.

Those chosen for the student executive were—president, William Turner, O'Leary, P. E. I.; vice-president, Helen Robertson, Plaster Rock, N. B.; secretary-treasurer, Anne Briggs, Plaster Rock, N. B. Members of the social committee include—Betty Brown, Moncton, N. B.; and Harold Stewart, Montague, P. E. I.; while Don "Sparkles" MacLean, Sydney, N. S., Robert Latimer, Dartmouth, N. S., and Anne Garrett, Truro, N. S., will attend to all the athletic events for the summer period.

Faces Blindness, Gives Eye To Woman

TORONTO, July 6—(CP)—A man who faces blindness himself has given an eye to a sightless woman in the hope that she will see again.

Authorities disclosed today that a cornea—a transparent "window" which covers the eye—was removed yesterday in an operation on Cyril Mosher. It was transferred to the eye of the woman, whose identity was not disclosed.

Before the operation, a faulty cornea was removed from one of the woman's eyes. Mosher's cornea was in perfect condition; his loss of vision was caused by other factors. It will be about 14 days before the results of the operation are known.

Body Of Missing Boy Is Found

SAINT JOHN, N. B., July 6—(CP)—The body of eight-year-old Everett Livingston, missing from a Sunday school picnic since early yesterday afternoon, was found today in the waters of the Kennebecus River.

Over a hundred searchers, city police and volunteers, had probed a picnic area for 16 hours through fog, darkness and rain. It is thought the youngster tumbled down a cliff and was unable to make heard his cries for help. An ironic note was that the delicate boy had been seen minutes before the party was scheduled to leave the isolated camping ground at Ragged Point, some two miles from the city.

Study Norse Relics In Shetland Islands

LERWICK, Shetland Islands, July 6—(Reuters)—Relics of Norse culture and civilization in the windswept Shetland Islands—most notably part of the British Isles—have brought 40 Scandinavian and British scholars here for a two-week Viking congress beginning tomorrow. Historians, archaeologists, philologists, antiquarians and folklorists experts from Norway, Sweden, Denmark, Iceland and Britain will meet for discussions and research tours.

Regina Polaris To Sail For Arctic

MONTREAL, July 6—(CP)—The 139-ton, wooden-hulled Regina Polaris is scheduled to sail tomorrow for the Arctic. The trip, which will take four months, covers more than 14,000 miles. The ship, owned by the Oblate Fathers, is loaded with supplies for northern communities and will carry eight passengers.

Among them are Roman Catholic Bishop Mars Lacroix, apostolic vicar of Hudson Bay, Msgr. Albert Pessier of Laval University who is going to study northern conditions, and Rev. Robert Llewellyn, also of Laval, who plans to write a book on the north.

A three-person National Film Board team is also on board.

DANCED INTO LIMELIGHT

LONDON, July 6—(AP)—Princess Margaret danced the eligible young sons of an earl into the limelight today. He is Peter Alastair Ward, second son of the Earl of Dudley and a veteran of the Royal Canadian Air Force. His several dances with the Princess at Buckingham Palace's ball last night were noted in detail by London reporters today.

Defence Forces Continue Retreat To Regroup

Defenders Ready To Take Offensive In Air, Is Report.

WITH THE AMERICAN FORCES IN SOUTH KOREA, July 6—(CP)—Defence forces fell back and regrouped in embattled South Korea Thursday as the American commander there disclosed that this far only 500 Americans have seen ground action.

Three North Korean divisions of infantry, preceded by a cutting edge of armor, appeared as far as 60 miles south of the captured South Korean capital, Seoul. Advances of as much as 15 miles by the Communist invaders were reported Thursday. The Communist message stated:

"But in the air, the Americans said, the time for defence is at an end. Air operations now have passed into a 'co-ordinated air-ground-sea operation by all three services,'" said Lt.-Gen. George Stratemeyer, commander of the United States Far East air force. He announced that more than 1,000 sorties have been flown by American aircraft since American planes went into action last Tuesday.

He put air losses as 22 planes each for the Americans and the North Koreans. Half of the American planes were lost in combat. The others were destroyed on the ground or were lost returning from operations.

Token Strikes Flare In Belgium

BRUSSELS, July 6—(AP)—Token strikes flared across Belgium today as Parliament tumultuously began the preliminaries of a debate expected to end with a vote for the return of exiled King Leopold III.

Every shift of coal miners downed tools for 30 minutes in protest against the prospect that the monarch who surrendered Belgium to the Germans in 1940 would be restored to the throne.

The Socialist-controlled Belgian Federation of Labor whipped out 10,000 Antwerp dock workers and streetcar men for a 15-minute strike. Ship construction and repair work also halted temporarily.

Socialist filibustering tactics in Parliament, where the Senate and Lower House met in joint session, indicated that the showdown may be delayed longer than the few days originally forecast.

Boiling and shouting, Socialists forced a suspension of the meeting only 10 minutes after it opened.

Parliament recessed without ever getting to the debate itself. Whether the regency of Prince Charles, Leopold's brother, is to be ended and the King returned to Belgium.

The next joint meeting is to take place Tuesday.

No Major Action

At American headquarters, Maj. Gen. William Dean told correspondents Thursday night that actions involving American ground forces had been small and that no major engagements between them and the North Koreans had taken place. Over-running of advanced positions at Osan was not regarded as major.

A communique from Gen. MacArthur's headquarters indicated that the 500 Americans in ground combat have been giving a good account of themselves. It said that American soldiers constituting less than one battalion and outnumbered eight to one had held off the best Communist division and 40 tanks for six hours at Osan. They withdrew only after they were threatened with encirclement and their ammunition had been exhausted. Casualties were estimated at 10 per cent.

Dean asked the correspondents to "help me pray for fair weather" which would enable the air

Korea At-A-Glance

(By The Associated Press)

KOREAN FRONT—Tank-supported Communist troops drive furiously into South Korea; some 15-mile advances made. American troops withdraw and regroup to meet the shock of three North Korean divisions. American bombers pound enemy tanks and trucks as bad weather hampers operations.

WASHINGTON—Military leaders say build-up of U. S. forces in North Korea making steady progress despite stiff reverses. Washington receives assurances from Gen. MacArthur that situation "is not considered serious in any way." President Truman sounds note of calm.

LAKE SUCCESS—U. N. receives messages from Deputy Foreign Minister rejecting Security Council's appeal for all U. N. members to repel Communist North Korean aggression.

LONDON—Russia calls American blockade of Korea a "new act of aggression." U. S. S. R. to hold U. S. responsible for any damage to Soviet interests as result of blockade.

Communists Determined To Capture Formosa

Postmasters To Be Reclassified

LAKE SUCCESS, N. Y., July 6—(AP)—The Chinese Communist regime informed the United Nations tonight that it is determined to take Formosa "despite any military steps of obstruction taken by the United States Government."

The Red regime in Peking accused the United States of an "act of open aggression" by assigning American naval units to protect Formosa, last stronghold of the Chinese Nationalists.

Foreign Minister Chou En-Lai outlined Red China's position in a message to the U. N. Secretary-General, Trygve Lie.

The American action to which the message referred was taken by President Truman on the heels of North Korea's invasion of South Korea. The Communist message stated:

"By keeping silent on this act of open aggression of the United States Government, the Security Council and the Secretary-General of the United Nations have forgone their functions and duties of upholding world peace, and thereby become plaintiff instruments of the policy of the United States Government."

Token Strikes Flare In Belgium

BRUSSELS, July 6—(AP)—Token strikes flared across Belgium today as Parliament tumultuously began the preliminaries of a debate expected to end with a vote for the return of exiled King Leopold III.

Every shift of coal miners downed tools for 30 minutes in protest against the prospect that the monarch who surrendered Belgium to the Germans in 1940 would be restored to the throne.

The Socialist-controlled Belgian Federation of Labor whipped out 10,000 Antwerp dock workers and streetcar men for a 15-minute strike. Ship construction and repair work also halted temporarily.

Parliament recessed without ever getting to the debate itself. Whether the regency of Prince Charles, Leopold's brother, is to be ended and the King returned to Belgium.

The next joint meeting is to take place Tuesday.

Building Of U. S. Forces In Korea Makes Progress

By ROGER D. GREENE

WASHINGTON, July 6—(AP)—American military leaders said today the buildup of U. S. forces in South Korea is making steady progress and despite stiff reverses the battle situation is "not serious in any way."

Air and sea reinforcements now are being sped to the war zone, the high command said.

At his press conference, President Truman sounded a note of calm optimism. Everything will work out all right, Truman said.

The President also told newspaper men that at present he has no plans (1) to call up the National Guard or the Reserves, or (2) to ask Congress for more money for the armed forces.

As for industrial mobilization, Truman said the planning on that is up to date.

U. S. military headquarters said assurances have been received from Gen. Douglas MacArthur that the situation of American field troops in the combat zone is not critical despite sharp gains scored by Communist invaders from North Korea.

Frontline dispatches said 40,000 North Koreans, led by tanks, had

Building Of U. S. Forces In Korea Makes Progress

swept 60 miles beyond the fallen South Korean capital of Seoul and that U. S. troops had fallen back for "regrouping and reorganization." American losses were described as nominal to "heavy." No figures were given.

An army spokesman here denied that an American infantry outpost had been "wiped out" by the Russian-trained invasion troops. He said the outpost withdrew with "very moderate" losses when its position became untenable.

Although it was apparent that American troops had not yet taken part in any big-scale engagement, the Defence Department hinted that an American-led counter-offensive may not be far off.

The Department said the buildup of vast quantities of supplies, weapons and ammunition—the prerequisites for a major counter-blow—is going "quite well."

Military experts said one reason for the atmosphere of cautious optimism reflected in the Defence Department may be that American and British air power apparently is beginning to drive the enemy from the skies. Frontline dispatches have reported the virtual disappearance of North Korean planes from the battle area.

HALIFAX, July 6—(CP)—

Official forecasts issued tonight by the Dominion Public Weather Office at Halifax.

Rain fell in the eastern regions, but changed to occasional drizzle in the western regions. Rainfall amounts in the past 24 hours ranged from less than one-tenth of an inch to over an inch, with Southwestern New Brunswick and Nova Scotia receiving the greatest amounts.

The area of rain is moving slowly eastward. Weather conditions will not change much during the night, but the heat of the sun will cause considerable clearing and much warmer temperatures on Friday.

Regional forecasts, valid until midnight Friday:

Prince Edward Island — Sunny and much warmer Friday. Light winds. Low and high at Charlottetown 55 and 70.

High tide today at 4:11 A. M. and 4:26 P. M.

Sun rises at 4:33 A. M. and sets at 8:02 P. M.
