

Horse Maxims.

- 1. Never allow anyone to tickle your horse in the stable. The animal only feels the torment and does not understand the joke. Vicious habits are thus easily brought on.
2. Don't beat the horse when in the stable. Nothing so soon makes him persistently vicious.
3. Let the horse's litter be dry and clean underneath as well as on top. Standing on hot fermented manure makes the hoofs soft and brings on lameness.
4. Change the litter partially in some parts and entirely in others every morning; brush out and clean out the stall thoroughly.
5. To procure a good coat on your horse use plenty of rubbing and brushing. Plenty of "elbow grease" opens the pores, softens the skin, and promotes the animal's general health.
6. Never clean a horse in the stable. The dust fouls the crib, and makes him loath his food.
7. Use the curry-comb lightly. When used roughly, it is a source of great pain.
8. Let the heels be well brushed out every night. Dirt, if allowed to cake in, causes grease and sore heels.
9. Whenever a horse is washed, never leave him till he is rubbed quite dry. He will probably get a chill if neglected.
10. When a horse comes of a journey the first thing is to walk him about till he is cool if he is brought in hot. This prevents him taking cold.
11. The next thing is to groom him quite dry, first with a wisp of straw, then with a brush. This removes dust, dirt, and sweat, and allows time for the stomach to recover itself, and the appetite to return.
12. Also let his legs be well rubbed by the hand. Nothing so soon removes strain. It also detects thorns or splinters, soothes the animal and enables him to feed comfortably.
13. Let the horse have some exercise every day. Otherwise he will be liable to have bad feet.
14. Let your horse stand loose, if possible, without been tied up to the manger. Pain and weariness from a continued position, induces bad habit, and cause swollen feet and other disorders.
15. Look often at the animal's legs and feet. Diseases or wounds in these parts, if at all neglected, soon becomes dangerous.
16. Every night look and see if there is any stone between the hoof and shoe. Standing on it all night, the horse will be lame the next morning.
17. If the horse remains in the stable, his feet must be "sopped." Heat and dryness cause cracked hoofs and lameness.
18. The feet should not be "stopped" oftener than twice a week. It will make the hoofs soft and bring corns.
19. Don't urge the animal to drink water which he refuses. It is probably hard and unwholesome.
20. Never allow drugs to be administered to your horse without your knowledge. They are not needed to keep the animal in health, and may do the greatest and most sudden mischief.

Rev. Father Wilds' EXPERIENCE.

The Rev. Z. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts Supreme Court, writes as follows:

"I am 54 years of age, and have been a sufferer from a most distressing and dangerous disease, known as Sarsaparilla, for many years. My system was so completely broken down, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred per cent stronger, and I attribute these results to the use of the SARSAPARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good."

Yours respectfully, Z. P. WILDS.

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSAPARILLA to the cure of all diseases arising from impure or impoverished blood, and a weakened vitality.

Ayer's Sarsaparilla

cleanses, enriches, and strengthens the blood, stimulates the action of the stomach and bowels, and thereby enables the system to resist and overcome the attacks of all Scrofulous Diseases, Eruptions of the Skin, Rheumatism, Catarrh, General Debility, and all disorders resulting from poor or corrupted blood and a low state of the system.

MRS. SOPHIA POTTER'S Bone Rheumatic Liniment

IT is a fact worth knowing that Mrs. Sophia Potter's Bone Rheumatic Liniment cannot be excelled for removing pain and soreness. It is no worthless trash, as some may suppose, simply because they have been imposed upon by others, but is positively the "King of Pain." Sore throat cannot stand before its power.
