GIVE YOURSELF a credit for life—be one of the 300 donors required at Blood Donor Clinic, St. Mary's Hall, Thursday, March 1st, 6-10 p.m.

HELP MAKE P. E. I.'s blood bank secure for the next three months by being a donor at Red Cross Clinics Feb. 27th and 28th and March 1st.

LILL WITH PNEUMONIA Dorothy Perry, 7-year-old daughter of Mr. and Mrs. Andrew Perry, Eastane Street, Summerside, is confined to her home with pneumonia. Her little friends wish her a speedy recovery.

KENSINGTON AND FREETOWN'S Presbyterian Churches—Service Sunday, February 25th, Kensington at 11 A. M. and 7:30 P. M. and Sunday School at 10 A. M. and Service at Freetown at 3 P. M. Rev. J. A. McGowan, Minister.

FIREMEN CALLED—A spark from a broken electric light bulb ignited some lint at the plant of the P. E. I. Bag Co. Ltd., Water Street, Summerside, about 4:45 yesterday afternoon and an alarm was sent in for the Fire Department. However when the Department arrived on the scene the blaze had been put out with a fire extinguisher.

RUNAWAY HORSE—A runaway horse, an unusual sight in this motorized age, galloped up Water Street, Summerside, about 4:30 yesterday afternoon. Hitched to a cart, the animal left Holman's shed and didn't stop till it reached the home of its owner, Mr. Anthony Hippenstall, Summerside West. En route it sidwiped a car, doing some slight damage.

DAIRYING COMPANY PRESIDENT—At the first meeting of the new Board of Directors of the Dunk River Dairying Company Mr. W. J. Reid of Middleburg was appointed President of the company with Mr. Hudson together of Carleton as Vice-President. It was also decided that the buttermilk would this year be sold as an auction to be held at the factory on March 14th and that the tenders for cream hauling would also be received up to that date.

Boy Scout Official Speaks At Summerside

Mr. E. F. Mills, Ottawa, executive commissioner for training of the Boy Scouts Association, was the guest speaker at the regular meeting of the Summerside Y's Men's Club held last evening at the Olympia Restaurant.

During the meeting Mr. Stanley Molniss, Provincial commissioner, presented a charter to the 2nd Summerside Boy Scout Group Committee consisting of James Murphy, chairman, George T. Clarke, Lowell Hancock and Frank Cameron, all members of the Y's Men's Club.

In his opening remarks Mr. Mills said that scouting and service clubs have much in common and he then went on to give a number of reasons why he is proud of being a scout. Scouting is a boys' movement, he said, and it is a refreshing experience to this producer of boys. It not only produces good boys but in the long plan it produces honest God-fearing citizens, and there is a great need today for that type of citizen.

Mr. Mills said that boys come in to scouting of their own free will and because they want to. Scouting has a long tradition that scouts are helpful, useful and dependable. He pointed out, by way of illustrating this, that during the Winnipeg flood scouts were on duty 24 hours a day. He said he was also proud of being a scout because the movement was founded by that great man, the late Lord Baden-Powell. In his concluding remarks he said that scouting exists in every country except those behind the iron curtain. It is interdenominational and international but does not try to take the place of the home, the church and the school. It exists to help them.

Mr. Mills complimented the Y's Men's Club for their support of scouting. Horace MacFarlane was chairman and the following guests were present: Dr. A. A. Lockhart and T. E. Hickey, Rotary Club; H. K. Stright and J. Elmer Murphy, Kinsmen Club; James Poirier and Mr. Kincaid, the Miscouche scout committee; Mr. Eric Tanton, scout master and several members of scout troops. Mr. Gordon Kerr, executive commissioner for this Province was also present.

Accident at Kensington—While enroute to Summerside last week Mrs. R. J. Holman, Mrs. Fields and Mrs. Joseph Sheen stopped their car in order to clean the headlights and windshield. While Mrs. Holman was engaged at the work of cleaning, the car received quite a heavy bump in the rear from a truck, knocking Mrs. Holman to one side and hurting one of her knees severely. The car then tumbled diagonally toward a ditch. Mrs. Sheen and Mrs. Fields, who remained in the car were severely shaken up but managed to alight the car before it was ditched.

United Church Hunter River—The World's Day of Prayer service was held in the United Church, Hunter River with Mrs. James L. LePage of the United Church conducting the service assisted by Miss E. A. Morrison of the Presbyterian Church. The address was given by Mrs. J. S. MacLeod, the various parts being taken by Mrs. Seaman, Mrs. C. B. Matheson, Mrs. J. G. Wood, Mrs. J. S. Burns, Mrs. J. G. MacLeod and Miss Irene Morrison. A duet was pleasingly rendered by Mrs. O'Sellar and Mrs. Ernest Cousins. The meeting was brought to a close with the benediction by Mr. Christie.

Missing Girl Is Located—The condition of Miss Minnie Wright of Summerside, who has been confined to her home through illness, is somewhat improved.

Bandied Birds—The first bird ever banded at a sanctuary was a duck tagged by the late Jack Miner near Kingsville, Ont., in 1909.

News & Views of RCAF Station Summerside

Squadron Leader J. G. Wright of Air Force Headquarters, Ottawa, visited this unit during the week at which time he was guest lecturer at the Air Navigation School. S/L Wright was on the staff of the A.N.S. for over two years, during which he made many friends in Summerside.

F/O William Patrick of R. C. A. F. Station Greenwood, N. S., made a very brief visit to this station on Saturday, February 17th. His Summerside friends will remember "Pat" very well, as he graduated off the first navigation officers' course to be held here at the Air Navigation School.

Lac. A. D. Mills, clerk accountant, has been posted from R. C. A. F. Station Trenton, Ont., and will report here in the very near future.

An airman has been posted to this unit from R.C.A.F. station, Aylmer, Ont., and reports here this week. This is AC2 M. J. Wolanski.

Lac. W. C. Veala, clerk accountant, has been transferred from Number 2 Supply Depot, Moncton N. B., and will report at this station Monday, February 26th.

A supply technician has been transferred from Number 2, K. T. S. Trenton, Ont., and reported here this week. This was AC1 F. L. B. Harvie.

F/O J.P. Bellevance, pilot, who has been transferred from R. C. A. F. Station Trenton, Ont., will arrive here within a week to take up his duties as a staff pilot. He will be accompanied by F/O A. M. C. Hay, also a pilot.

An accountant officers, F/O F. M. Roney, on transfer from R. C. A. F. Station Rockcliffe, Ont., will report here the last day of the month.

F/L N. W. Emmott, who has been on the staff of the Air Navigation School as an instructor, leaves in the near future for Number 2 (M) Operational Training Unit, at R.C.A.F. Station Greenwood, N. S., where he has been transferred.

F/O W. G. B. Gallop will report at R.C.A.F. Station Camp Borden, Ont. on Thursday, March 1st, where he has been transferred.

AC1 P. I. Peitoma, a member of the station post office staff, recently received word of his posting to R.C.A.F. Station, Gimli, Man., and departed for that station last week.

Friends of F/O Michael J. Piercey will be pleased to learn that he is scoring most of the points for the Greenwood basketball team. Congratulations to "Mike".

U. N. FORCES (Continued from Page 1)

From all along the active 60-mile central sector came reports of increasing Communist stubbornness as an estimated 100,000 soldiers of six United Nations probed in quest of the main enemy force.

The attacking force included four veteran American divisions—about 60,000 men—plus attached U.S. 10th Corps artillery and infantry of the Korean Republic, Canada, Britain, Australia and New Zealand attached to the U. S. 9th Corps.

Despite toughening Red resistance, Allied officers speculated that they might not yet have met the main body of the enemy, estimated previously to total 40,000 in the line south of the 38th parallel on the central front. Twenty-five miles east of Pyongyang, straddling a vital road.

Along the Rukhong River valley northeast of Chipyong and west of the Canadian-British sector, Americans patrolled deep in Red territory without contacting the Chinese. Other Allied patrols met small-arms and automatic weapons fire, however.

35 Miles From Parallel—The whole United Nations front was within 35 miles south of the 38th parallel, onetime boundary of North and South Korea.

Before Lt. Gen. Matthew Ridgway's Eighth Army forces could reach the line, they would have to comb over 5,250 square miles of rocks, cliffs, steep hills and sloppery mountain roads to kill unknown numbers of Chinese and Korean Reds.

The official Eighth Army estimate of enemy ground casualties for Thursday was 961. A relative low figure, it brought the total, including enemy casualties by ground action alone to 118,536 since Ridgway began his limited offensive Jan. 25. His army since has repulsed a Red counter-offensive and again resumed the initiative.

Red Build-up in Seoul—Reports from the Seoul area said the Reds were building up their forces in the former South Korean capital.

There were no reports of any significant action in the mountainous terrain of the extreme eastern front.

Hoengsong was the focus of battle, and the Americans on its outskirts were expected to make their bid for the town momentarily. Late Friday they took the hills overlooking the city after routing Chinese defenders from freshly dug foxholes.

A South Korean major who escaped from the Communists said the Reds were massed north of Hoengsong. If the Reds were there, they had not indicated they would try to hold the vital crossroads.

Field reports Thursday spoke of a fresh Chinese division under orders to stand or die there but the Red pattern seemed to be one of stand, fight, then retire under pressure.

MILK AND WATER (Continued from Page 1)

Mr. I. E. Erdman, M.Sc., is the bacteriologist in charge of the mobile lab. He will remain here about two weeks. With him are Mr. A. D. Tennant, M.Sc., bacteriologist, and Mr. John M. Kelly, driver and technician. The latter two men will remain with the lab.

Mr. Erdman has been working with the Federal Department for four years. Mr. Tennant has seen a shorter period of service, having graduated from the University of Alberta last spring.

Mr. Kelly, who is accompanied by his wife spent his first few hours in Charlottetown procuring an apartment. He made a strike yesterday morning and obtained a whole second floor, complete with furniture.

The mobile laboratory will be

Missing Girl Is Located

VANCOUVER, Feb. 23—(CP)—Enid Bird, a 20-year-old English girl who vanished while travelling across Canada was located today in a Vancouver hospital. She was suffering from loss of memory. Hospital attendants said they identified her after reading newspaper reports that police were searching for such a young woman. The girl boarded a train at Montreal Feb. 14 for the journey to Victoria, B. C., where she was to join her mother and stepfather, Mr. and Mrs. Frank Neel. Hospital authorities said the girl's condition was "improving." They did not elaborate.

Banded Birds—The first bird ever banded at a sanctuary was a duck tagged by the late Jack Miner near Kingsville, Ont., in 1909.

stationed in the Armouries and the milk samples from the different plants will be taken to it. Samples from individual shippers will be taken from the plants and tested so that the survey will touch practically all milk producers. Arrangements to have the mobile bacteriological laboratory brought here were made by Dr. Owen Curtis, Chief Health Officer of the Province, during the meeting of the Dominion Council of Health in Ottawa last month. To Determine Progress In addition to assessing the present situation with regard to the milk and water supply, the health authorities also want to determine the amount of progress made since the date of the last survey in 1946. In carrying out the present survey it is planned to have the Division of Laboratories of the Provincial Department of Health and Welfare under the direction of Dr. Harold Shaw and the Division of Sanitary Engineering work in close co-operation with the mobile lab.

The departments will work in conjunction with one another so that the methods employed by each laboratory may be studied and compared. With regard to the sanitation study of restaurants, Dr. Shaw stated that many of the other Provinces have regulations set up by Provincial Governments as well as municipalities requiring periodic inspection to insure that sanitary arrangements are adequate, especially in view of tourist requirements.

The present survey will serve as a preliminary step in studying the conditions in the Province, he stated.

The Division of Laboratories of Health and Welfare is under the direction of James Gibbard who plans to visit the Province shortly to observe the progress of the survey.

The mobile laboratory left Ottawa Monday driven by Mr. Kelly Messrs Erdman and Tennant followed by car. They drove through the states of New York, New Hampshire, Vermont and Maine and the Province of New Brunswick before reaching here Thursday.

Starts 40th Year In Buc Uniform

PITTSBURGH, Feb. 23—(AP)—On the eve of his 77th birthday, Honus Wagner picked up a tattered infielder's glove today and uttered a couple of wishes—both of them about his beloved Pittsburgh Pirates.

"I sure wish I was going with my Buc's," mused Honus, thinking about the Pirates embarking tonight on Monday for training quarters in San Bernardino, Calif.

The once robust "Flying Dutchman" doesn't feel quite up to making the spring jaunt any more. "But I'll catch up with them opening day," the Buc coach assures.

And that's where the Mr. Short-stop of yore makes his second wish.

TENDERS FOR CREAM HAULING

To be in the hands of the Secretary not later than 12 o'clock, noon, March 14th. Tenders may be made for terms of one, two or three years.
