Montague Legion Plans To Sponsor Athletics

The regular monthly meeting of the Montague Branch, Canadian Legion was held in the Legion Hall Thursday, with 16 members present. The meeting was called to order by Comrade Sullivan. After the customary silence, the minutes of the last meeting were read and approved. Plans were discussed re sending of a delegation to attend the Dominion convention to be held in Montreal, May 18th to 23rd. Comrade Campbell was appointed as delegate to attend the provincial executive council in Charlottetown concerning resolutions to be presented at the convention. A proposal was then brought forward that this branch sponsor all amateur athletics in this area, starting with school baseball. After considerable discussion, it was decided that an association should be formed for this purpose, under the sponsorship of the Legion. The name of this association will be the Montague Legion Amateur Athletic Association. Following this, a discussion of ways and means led to the voting of a sum of money to be used to finance the activity and a committee was appointed to take care of the details of organization, made up of the following members: Comrades Campbell, McGowan, Sullivan, Beer, Clair, Johnston, and Duvar.

Other small business matters were taken care of and the business part of the meeting closed. Following the meeting, the special committee met in an adjoining room and elected the following slate of officers for the Athletic Association: President—Comrade Sullivan; Secretary—Comrade Duvar; Track and Field—Comrade Campbell; Hockey—Comrade McGowan; Basketball and Volleyball—Comrade Johnston; Baseball—Comrade Sullivan; Swimming—Clair. It was moved that the first activity would be that of baseball, and Comrade Sullivan agreed to make a survey of the school with a view of forming teams. The secretary was authorized to contact Brig. Reid of the Department of Physical Fitness with a view to obtaining all possible aid. A committee was appointed to interview the merchants of the town with a view to their sponsoring one school baseball team each and providing these with uniforms.

ST. ANDREW'S Y. P. S. The Y. P. S. of St. Andrew's Presbyterian Church, Montague, enjoyed social evening on April 29th, at the home of Mr. and Mrs. S. D. Reid. Eleven members and two visitors responded to roll call. The devotional period was in charge of George Ployer and Buddy Fraser. This was followed by a short business period conducted by the president Miss Thelma Lantz. Plans were discussed for holding a banquet the last week in May as a closing feature of a very successful year for the Y.P.S. A very interesting and instructive talk was given by Miss Anne MacEachern on her mission work in Edmonton, Alberta, last summer. At the close of the meeting a period of games and contests, directed by Miss Florrie Millar and Norman McKenna, was enjoyed and lunch was served by the

hostess, assisted by the ladies. The meeting closed with the Mizpah Benediction. Although too early to make any definite predictions, fishermen on the whole seem hopeful of a good season, and judging from yesterday's results with few traps out, their hopes may be fulfilled. The remainder of the week will in all areas be taken up with continued line running and setting out traps. The first big haul will

be on Monday, May 5th, when a more specific outlook may be had on the overall picture. The Murray Harbour and South Shore area have not run lines yet owing to a large ice pack on shore. An agreement has been made by the fishermen to run on Monday at 9 a. m., providing ice conditions have improved.

LISBON, Portugal, April 27 — (Reuters)—Cheering crowds welcomed Field Marshal Viscount Montgomery, deputy supreme Allied commander, when he arrived at the airport here Saturday from Paris on a five-day official visit to Portugal. LINDI, Tanganyika, April — (Reuters)—Thirty-four Africans died in the cyclone which devastated this spot April 15, and damage is estimated a \$7,000,000 it was disclosed today. WEYBURN, Sask. — (CP)—A repairman probing into a "dead" radio set here found it full of life. Out popped a big mouse, which had chewed on various parts and put the set out of commission.

Approximately 10,000 pounds of lobsters were landed at factories in Kings County yesterday, the first day for trap hauling. The small number of lobsters landed was due to the very few boats which had traps out, since Thursday was taken up mainly with continued line running which began Wednesday at noon. The largest catch was at Souris where about 4,000 lbs. were landed at the Eastern Packing Co. The price for cannery quoted there was 17 cents, although this was subject to revision. No price was yet established for market lobsters. On the retail market, it was expected that the price might range between 30 cents and 40 cents per pound. At other areas about the same conditions prevailed. North Lake reported about 2,000 lbs., Georgetown over 1,000 lbs., Fortune 250 lbs., and Lower Montague about 2,000 lbs.

LINDI, Tanganyika, April — (Reuters)—Thirty-four Africans died in the cyclone which devastated this spot April 15, and damage is estimated a \$7,000,000 it was disclosed today. WEYBURN, Sask. — (CP)—A repairman probing into a "dead" radio set here found it full of life. Out popped a big mouse, which had chewed on various parts and put the set out of commission.

Approximately 10,000 pounds of lobsters were landed at factories in Kings County yesterday, the first day for trap hauling. The small number of lobsters landed was due to the very few boats which had traps out, since Thursday was taken up mainly with continued line running which began Wednesday at noon. The largest catch was at Souris where about 4,000 lbs. were landed at the Eastern Packing Co. The price for cannery quoted there was 17 cents, although this was subject to revision. No price was yet established for market lobsters. On the retail market, it was expected that the price might range between 30 cents and 40 cents per pound. At other areas about the same conditions prevailed. North Lake reported about 2,000 lbs., Georgetown over 1,000 lbs., Fortune 250 lbs., and Lower Montague about 2,000 lbs.

Although too early to make any definite predictions, fishermen on the whole seem hopeful of a good season, and judging from yesterday's results with few traps out, their hopes may be fulfilled. The remainder of the week will in all areas be taken up with continued line running and setting out traps. The first big haul will

be on Monday, May 5th, when a more specific outlook may be had on the overall picture. The Murray Harbour and South Shore area have not run lines yet owing to a large ice pack on shore. An agreement has been made by the fishermen to run on Monday at 9 a. m., providing ice conditions have improved.
