CRIT TREASON

FARRAR'S TRAITOROUS SCROLL.

HOW WE ARE LIED ABOUT

OTTAWA, Feb. 19. The great sensation produced at the Liberal-Conservative meeting at Toronto on Tuesday last, when Sir John Macdonald read the paper written by Editor Farrar of the Globe for the use of the enemies of Canada, is the talk of all classes in all quarters.

Farrar admits writing it, but says he wrote it in his private capacity, and not as a newspaper editor.

Following is the conclusion of the reasonable document: "A word in conclusion about the situation in the Maritime Provinces. Outside of Halifax, the people as a body are well disposed towards the United States. The fishermen's phrase that they should like to see Gloucester moved further east, in order that they might enjoy higher wages, commends itself to the majority. Sir John Macdonald secured the election of a Tory majority from Nova Scotia only by a system, largess and corruption, carried out without any attempt at concealment. A constituency which returns an Opposition member is forthwith excluded from sharing in the railway subsidies and other appropriations lavished on the rest. The fishermen have a saying that a Nova Scotia member on the wrong side at Ottawa is 'a spare pump in a dry ship.' In Prince Edward Island, where it is impossible to spend public money except on a few wharves and lighthouses, the people return a solid Liberal contingent to Ottawa. The Islanders are exceedingly friendly to the Americans and it is said by one who knows the state of the feeling there that fully 70 per cent of them would vote full reciprocity or for annexation, provided the question was submitted to them free from any entangling issues of a local character, and that if the Ottawa Government abstained from the use of bribery.

It is felt by all that Sir John's method of reconciling those provinces to the vast economic loss they sustain from being severed from their natural market in New England cannot survive the man himself. No one else could employ his methods with equal skill or success. He is now 75 years of age.

The fisheries question owes its existence not to the people, but to the fish merchants and vessel owners. The traders in other lines would be glad to see the widest privileges extended to the Americans whose custom was once, and might be again, an important factor in the business of the Province, more especially since the decay of the inshore fisheries has rendered it all the more essential that the coast population should be permitted to resume their former relations with the visitors. The injuries (?) of fish merchants is far-reaching. They control the newspapers and to some extent the politics of the Province, and are employing means to force congress into yielding free fish. Their minds could be disabused of this notion, if they were made to see that free fish was not procurable through coercion. We should soon hear the last of the cry, that to grant commercial privileges to the Americans would be to surrender an invaluable franchise. The imposition by you of a tonnage tax on all Nova Scotia vessels, laden whole or in part with fish, would speedily put an end to the seizures."

OTTAWA, Feb. 19. Two immense meetings were held in Hamilton last night. Both were addressed by Sir John Macdonald and Sir Charles Tupper in turn.

British Columbia, Manitoba and the Northwest will return a solid Conservative contingent.

Three British Columbia districts will elect Conservatives by acclamation. No grit candidates have yet been nominated in Ottawa.

Speaking in Toronto last night, Mowatt dared not defend Farrar.

It is now asserted by the grits that Farrar is only a contributor to the Globe, and if not entrusted with the management.

Influential Liberals declare that they will abjure the party unless the Globe discharges Farrar and disowns his annexation writings. Farrar defies them to do so.

The police are still investigating and further revelations are expected, which may lead to exciting action.

GOOD NEWS FROM QUEBEC.

MONTREAL, Feb. 18. From all parts of the provinces of Quebec election news of a most encouraging character comes to hand, and Liberal Conservatives feel very hopeful. The same may be said of Ontario.

K. D. C. is Guaranteed.

Charlottetown, February 12, 1891-dy & wky

NOTICE. Do the People Like to be Gulled?

IF NOT, HOW IS IT THEY WILL PATRONIZE WORD COMPETITIONS? Why do they buy Shoddy for Cloth? Why do they send, in answer to a foreign newspaper advertisement, for a SOLID GOLD PLATED CASE WATCH, with WALTHAM style movement, when they can get the GENUINE article at a less price than is often paid for the imitation.

Watches have been brought to us by the hundred from parties who have bought as above, and which no respectable Watchmaker could repair and guarantee. Glass for jewels, brass where steel ought to be, and iron for steel. They will g when carried. \$5.00 to \$25.00 is often paid for a Watch that is not literally worth more than the price of old metal.

Now there is no need or excuse to keep up such a trade, for the cheapest Watches made by the large American Watch Companies-the Waltham, the Elgin, the Rockford, the Hampden, the Columbus, and even the despised Waterbury-are far away ahead of the best of these imitation articles, and can be had in those days of perfected machinery at prices far below their actual value. E. W. TAYLOR, Watchmaker and Jeweler. Charlottetown, Feb. 4, 1891.

CAPER.-Crossing both ways to-day.

R. DAVISON will sing a solo at the service in the Upper Methodist Church on Tuesday evening, at 8 p. m. Addresses, music and songs.

The W. C. T. U. will hold a meeting in the Y. M. C. A., Tuesday, at 8 p. m. Addresses, music and songs.

Souris Train is detained by snow and the track east of St. Peter's. It is expected that it will be able to get through to-day afternoon.

Late advices report that the ice in the ice about 2 1/2 miles off White Sands is a change of wind. The ice was landed at White Sands yesterday and is now at Georgetown.

The Philharmonic concert to-night will commence at eight o'clock. Performers are expected to be on the stage by a quarter to the audience all to be in their seats at eight o'clock.

We are asked to state that the comment made in yesterday's EXAMINER respecting the Rev. Fred. E. J. Lloyd appointed Choirmaster of St. Paul's is incorrect. There is evidently a misunderstanding about the matter.

A very successful recital of Mendelssohn's Hymn of Praise was held by the Philharmonic last night. This great piece of composition contains elements of grandeur and loftiness that cannot fail to appeal to all lovers of good music, and the audience may be expected to take the opportunity of hearing it at the concert to-night.

Captain Duncan McRae left his residence this morning at half past five, for Brackley Point Cemetery. The funeral of which the deceased was an enthusiastic member, passed the procession to the Malpeque. The large number of citizens and from town and country, who formed the procession, gave evidence of the esteem in which they held Captain Duncan McRae.

The musical training department of the Musical Classes at Prince of Wales College is now in good working order under the management of Rev. Fred. E. J. Lloyd. The classes in the theory and practice of singing from notation, and are taking a high interest in the work, and in a few weeks the country schools may have as many as thirty in the theory and practice of singing from notation, which will very largely develop in the people generally a taste for musical art.

The TUSSEL SCHEME, if brought to a successful issue, will be no doubt a great boon to the Island. But as great a boon to one who will not come in the very near future, is free trade relations with our cousins to the south. Election times, people are getting excited. A remedy for this is to be had by eating a stalk of celery every day. This prescription is free. The celery is to be procured at Gays' stalls in the market, at 10c per bunch. Price for large quantities on application. Address J. J. Gay, P. O. Box 114, P. O. Box 114, P. O. Box 114.

MRS. WINSLOW'S SYPHON has been used by millions of mothers for children teething for over fifty years with perfect success. It relieves the sufferer at once; it produces natural sleep by relieving the child from pain; it soothes the little cherub awakes as bright as a new star. It is very pleasant to taste. It soothes the child, softens the gums, allays all inflammation, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. apl1890dyedwkyly

St. Vincent de Paul Concert.

The concert in aid of St. Vincent de Paul Circle in the Lyceum last evening, was one of the most successful affairs of the season. The hall was well filled, and the following programme, many of the numbers in which were encored, was well received in a manner that reflected credit on those taking part.

- Madame-Piano Duett..... Misses May Carroll and S. Halloran. Solo-"Time will roll the Cloud away." Mr. Tanton. Duett-"Murmuring Sea." Mrs. Byrne and Mrs. Blake. Solo-"I'll await my Love." Mrs. D. O'M. Reddin. Solo-"When the Tide Comes In." Miss J. Hyndman. Solo-"Irish Diamonds." Miss Benoit. Solo-"La Soeur des Rossignols." Mrs. Byrne. Solo-"Mr. Richard Johnson." Duett-"Grand Galop de Concert." Messrs. Cayou and Reddin. Solo-"Mrs. Blake. Duett-"Le Juit Errant." Mrs. Doyle and Mrs. McQuillan. Solo-"God Save the Queen."

We understand that the amount realized upwards of \$100. This sum will be quite a help to the Society, and will enable the members thereof to proceed with their work with renewed energy.

We publish to-day another communication from one of our leading farmers, showing the drift of opinion throughout the Province. Our correspondent is well mistaken in respect to one or two particulars, as for instance oats. We could not sell oats at the prevailing prices in the market (viz: twenty cents per bushel) under any circumstances. The result of unrestricted reciprocity in respect to oats, would simply be that we should lose the market across the straits which we possess; for oats and corn from the western States would be brought in free duty at much lower prices than those at which we can afford to sell. The result would be the same with respect to beef and many other articles.
