Royal Oak Soap

the best laundry Soap on the market. One bar will do as much as two bars of ordinary imported Soap made from filthy material.

CHTON SOAP WORKS

LOCAL AND OTHER ITEMS.

THE WEATHER.—Light to moderate, west and south west winds, fine and a little warmer tomorrow.

A NEW INDUSTRY.—It is said that several hundred tons of eel-grass have been shipped from Yarmouth to Boston. It is used for fire proof packing by builders.

ALBERTON EXHIBITION today. The weather is excellent. The attendance, we regret to hear, is very small, and the exhibition is incomplete in many departments.

ABOUT REBUILDING.—Messrs J Murphy & Son are making arrangements to build their bakery, which was destroyed by fire on Ludlow Street at once.—Summerside Farmer.

JOURNALISTIC.—Commencing with the issue of the 4th January, the Watchman will appear as a semi-weekly paper. The days of publication will be Tuesdays and Fridays.

SCHOOL ENTERTAINED.—Some of the pupils of the Kingsboro School held a literary and musical entertainment in the School House on Saturday evening last. William McLean, Esq., presided as chairman. Everything went off successfully. The sum of ten dollars was realized which is intended for school purposes.

DYEING.—The British American dyeing and cleaning Co., of Montreal, have appointed G. E. Henderson, express agent, of Charlottetown, the sole agent for this Province, who will with pleasure, on application give full particulars as to the work this firm can do in cleaning, scouring and dyeing, with estimates of cost. See advertisement.

BICYCLE ROAD RACE.—The road race from Elworth's Hill, Southport, to the Florida Hotel, Pownal, last evening, was contested by seven wheelmen. The roads were rough. C. M. Clarke took first place, Arthur Gaudet second, and H. Brehaut third. Time, 29 minutes and 21 seconds. After the race the boys were entertained by Mr. Brown, at the Florida Hotel.

RAILROAD MEN'S RALLY.—Not often has there been so large a number of railroad men at a religious meeting as were present at the State Bible Study rally at the railway branch of the Y. M. C. A., No. 361, Madison Ave., New York, on the 25th inst. Every branch of the service was represented from car cleaner to the highest in authority. The exercises for the day consisted of a service of song led by E. M. Willis, singing by surplined choir under the direction of Mr. H. F. Anderson, and several other interesting vocal and instrumental numbers, as well as addresses by prominent speakers. George A Warburton, presided.—New York Tribune. [The Mr. Anderson above mentioned is a son of Mr. H. W. Anderson, of this city.]

COUNTY COURT.—The sittings of the County Court of Queen's County for the October term will be held as follows: First Circuit at Eldon, Belfast, Tuesday 5th October. Second circuit at Bonshaw, Friday, 8th October. Third circuit at Dunstaffnage, Tuesday, 12th October. Fourth circuit at New Glasgow, Friday, 15th October. Fifth circuit at Clifton, New London Tuesday, 19th October. Sixth circuit at Charlottetown, Tuesday, 26th October. Saturday, the 16th October, is the last day for serving writs of summons for the Charlottetown circuit.

KING'S COUNTY EXHIBITION.

Farm cart with side-boards—1 and 2, John McLean & Son, Montague.

Truck wagon—1 and 2, John McLean & Son, Montague.

Paris green sprinkler—1, Jas H Brooks, Murray Harbor South.

Judge—John Lavers, Georgetown.

THE AGRICULTURAL MEETING.

Addresses by Lieut. Governor Howlan and Professors Shutt and Gilbert.

Between the heats of the races in the afternoon the large crowd in and about the grand stand was addressed on agricultural subjects by His Honor Lieut. Governor Howlan and Professors Shutt and Gilbert, of the Experimental Farm at Ottawa.

The addresses were full of interest to the farmers, and at the conclusion each speaker received well-merited applause.

His Honor, who was the first speaker, congratulated the people of King's County upon their highly creditable exhibition; and then he referred to the marked improvement that was noticeable in the stock, more especially in the young horses.

He showed how the best results might be obtained from the land, instancing the fact that while he grew thirty bushels of oats to the acre, at the Nappan Experimental Farm the yield runs from fifty to eighty bushels to the acre.

Proceeding, His Honor said that as our forests were about exhausted, and in fact, the fisheries also, it was necessary to look to other sources, and in this respect dairying is prominent.

His Honor dealt with the value of this industry and the treatment of cattle, remarking, incidentally, that a man who is kind to his animals may usually be looked upon as a worthy citizen.

He strongly advocated the formation of farmers' clubs throughout the province; and said he believed the day must come when farmers would and should get cheaper money.

He thought the young men should stay on the farms and help to develop them instead of going abroad.

"Here's your Klondyke, young men," said the Governor, "with all the blessings of civilization, a magnificent soil and climate." He also spoke on the fruit growing industry and the production of pork, and pointed to what the Messrs. Rattenbury were doing in the latter direction through building their great factory in the city.

Farmers must be alive to the times and grasp the advantages placed at their disposal in order to successfully compete in the race of life.

Professor Shutt was then introduced and said his commiseration concerning the bad weather had ended in congratulations in viewing the splendid gathering present and the most creditable exhibition.

The people of King's County were evidently independent of the weather. He had seen many exhibitions in other places and might truly say that today's compared very favorably with them and that the live stock were indeed superior.

Exhibitions are valuable, said the Professor, not only for their educative aspect and friendly rivalry, but also for their social side in bringing the people together to discuss the important matters relating to the farm.

The people of the Island are especially eager for education in farm matters as a larger percentage of correspondence is received at the Experimental Farm, Ottawa, proportionately from the Island than from any other part of Canada.

Mr. Shutt then proceeded to deal with the fundamental principles of farming and the proper treatment of the soil.

As his remarks in this regard have already been pretty fully reported it is not necessary to repeat them here. He was strongly of the opinion that the principles of farming should be taught in all the public schools of the Island.

Profit in farming consists in taking a large yield off a small farm area, and proper farm education is essential to the accomplishment of this.

Professor Gilbert followed and after cleverly winning the attention of the gathering in spite of the cold and unfavorable weather, dealt briefly and forcibly with the poultry department of farming.

The Professor's remarks along this line have also been reported pretty fully in the Island press.

Hon. D. Gordon, President of the King's County Exhibition Association, presided, and introduced the speakers.

On the platform and grand stand, besides the Lieutenant Governor and Mrs. Howlan, were many of the leading farmers and breeders of King's County.

SOME NOTES AND COMMENTS.

Dr. McMillan, of Cardigan, was at the exhibition yesterday.

Hon. David Laird visited the exhibition yesterday afternoon.

Mr. D. A. Bruce, of Charlottetown, was one of the judges at the King's County exhibition.

Mr. Rogers, of Summerside, had an exhibit of binder twine that attracted much attention.

Mr. Herman McDonald, of Hermanville, was a conspicuous figure on the grounds during the day.

Mr. John McLeod, of Charlottetown, was among the visitors to the King's County Exhibition.

The catering was done by the ladies of the Roman Catholic Church. They gave the fullest satisfaction.

Mr. A. J. McInnis, of Murray River, attended the Georgetown exhibition yesterday. A. J. is a host in himself.

The secretary's office has been floored since the last exhibition. But a stove would make it much more comfortable.

His Honor the Lieut. Governor and Mrs. Howlan were the guests of Hon. Daniel and Mrs. Gordon during their stay in Georgetown.

The train arrangements were well carried

out by the various conductors. Habbett, Tanton and Hughes are thoroughly competent railway men.

Mr. S. F. Tarbush, general agent of the High Grade Art Co., Toronto, showed some excellent samples of his work in sepia, water color and India ink.

Mr. A. C. MacDonald, M. P., Montague, who is always willing and anxious to encourage the farmers and breeders of King's County, was present at the exhibition at Georgetown yesterday.

Mr. Jordan, of Beach Point, had his famous cod-liver oil and emulsion on exhibition. Beside the exhibits were shown the diplomas Mr. Jordan has been awarded.

Mr. Cyrus Shaw, the popular representative of the Third District of King, was among those present at the exhibition in Georgetown yesterday. Mr. Shaw always takes a lively interest in the welfare of his native county.

Were it not for the wet and otherwise unfavorable weather of Tuesday evening and Wednesday the attendance at the Georgetown exhibition would have been the largest in the history of that place. But as it was the attendance in the afternoon was unexpectedly large.

Hon. Daniel Gordon, President of the Exhibition Association, and Captain Malcolm Macdonald and other directors were exceptionally kind and attentive, and to them THE EXAMINER'S representative is indebted for many courtesies.

Mr. Geo. F. Owen and his capable assistants in the secretary's office were also exceedingly kind, and aided the work of reporting the exhibition very materially.

The full programme of races in connection with the exhibition was not carried out because of the unfit condition of the track. The three minute class was pulled off, however, Vernon River Boy capturing the event in straight heats, with Rollo Bay Girl second and Brown Bird third. Time, 2:49, 2:49, 2:54.

Oliver Mason, Geo. A. Thompson and W. W. Jenkins were judges, the first mentioned being starter, Lester Hayden and Geo. W. Hibbett were timers, and Otto Poole was clerk of the course.

A FACE AT THE WINDOW.

The House of Mr. William Ford, at Kingsboro, Burglarized.

Mr. Wm. Ford, of Kingsboro, Lot 47, who lives alone, looked up his house on Sunday evening last and went to the Baptist Church, which is only a very short distance from his residence.

While in church a strange presentation came over him that something wrong was going on at home, and so impressed did he become with the thought that he left the church before the services were over.

On reaching his house he found the outside door unlocked. Going inside and securing a light he discovered that thieves had been there during his absence.

Drawers and trunks had been ransacked, his cash box, which was on a table upstairs, was forced open and a sum of money, something over ten dollars stolen.

A loaded revolver that lay near the cash box was undisturbed. A few evenings before Mr. Ford, it is said, saw a face looking in through the window at him.

The face it is thought, was the face of the burglar of Sunday evening, who it is to be hoped may speedily be overtaken and dealt with as the law demands.

PERSONAL.

Rev. Cecil Wiggins is a guest of his sister, Lady Davies, at Riverside.

Mr. H. W. Anderson returned home last evening after a trip to New York.

First Methodist Church.—The Rev. Charles Ladner delivered a most interesting and instructive lecture in the lecture room of the First Methodist Church last evening.

His discourse dealt mainly with missionary work in the Kootenay district. Rev. Mr. Ladner is a native of Charlottetown, being a son of the late William Ladner, and his old friends were glad to see him once more.

MARRIED.

At St. Mark's, Lot 7, on the 28th inst., by the Rev. Father Burke, P. P., James Foley, Esq., of Kildare Cottage, to Miss Clara, daughter of the late William Howard, St. Marks.

DIED.

At her late residence, Dorchester St. East, on Sept. 29, Mrs. Jas. McKenna, in the 68th year of her age. May her soul rest in peace.

[Funeral will take place at 8.
