NEW BRUNSWICK WITS "SOLD!"

SHORTLY after the cars commenced running this season between Shediac and St. John, a number of ladies and gentlemen from Prince Edward Island were waiting at the depot in Shediac to be conveyed down to Point Du Chene, when about a score of young "blades" from the neighborhood entered, and perceiving the "Islanders" seated about in little groups, concluded to have a little fun at their expense.

PARTINGTON.—"Have you any lumbering drops for a bronchial deficiency," said Mrs. Partington to Dr. Withington, at the corner.

Some of the Saginaw Indians are intense wags in their way. One of them having given a trader some annoyance was told that in case he was seen again with a bottle it would be taken from him and thrown into the fire.

Gross.—Dr. Gross, a well known surgeon, was once dangerously ill. Shortly after his recovery he met one of his lady patients, who remarked to him, "Oh, doctor! I rejoice to see that you are out again; had we lost you, our good people would have died by the dozen."

Pray, sir," said a young Singapore, learning English, to his tutor, "am I raw when my clothes are off?"

POLICE INTELLIGENCE.—The active officer who recently arrested a savage blow has since further distinguished himself by stopping a lying report, and catching a violent cold.

Never set yourself up for a musician just because you have got a drum in your ear; nor believe you are cut out for a school teacher because you have got a pupil in your eye.

KEEN REPLY.—A clergyman was one day talking with his landlord on the personality of the devil. The incredulous man remarked, "I should like to see the devil."

"Your master at home?"—"No, sir, he's out."

Too kind.—"I'll take your part," as the dog said when he robbed the cat of her portion of dinner.

The man who "couldn't stand it any longer" has taken a seat and now feels comfortable.

When a pickpocket pulls at your watch tell him plainly that you have no time to spare.

"Be content with what you have," as the rat said to the trap, when he left his tail in it.

Why does the new moon remind one of a giddy girl?—Because she's too young to show much reflection.

When Echo like a visiting acquaintance?—When she returns your call.

If a Colt's pistol has six barrels, how many barrels ought a horse pistol to have?

Agricultural.

POTATOES.

If experience is a good school-master, the following, from a writer in the Maine Farmer, is worth heeding: "Having raised potatoes sufficient for my own use, and commonly some to sell every year for sixty-five years, and having tried various methods and experiments and made progress, I will state what I have found to be the most productive and remunerative course, namely: 1. To break up sward ground in the early fall or in the first part of October.

Driving Fence Posts

In the ordinary way of digging with a spade, filling in and tramping much time is consumed, a great deal of hard labour performed, and it is very difficult to get the posts firm and solid.

Then sharpen the post and drive with an iron nail, another foot which leaves the post very firm in the ground. It is more convenient to use a team and wagon, from which one can stand and drive them, driving from post to post.

Job Printing of every description done with neatness and despatch at the JOURNAL OFFICE.

MRS. WINSLOW,

An experienced Nurse and Female Physician presents to the attention of mothers, her

SOOTHING SYRUP,

FOR CHILDREN TEETHING, which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is

SURE TO REGULATE THE BOWELS Depend upon it, mothers, it will give rest to yourselves, and Relief and Health to your Infants.

We have put up and sold this article for over thirty years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues.

We speak in this manner "what we do know," after thirty years' experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never failing success in thousands of cases. It not only relieves the child from pain but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and sweetest remedy in the world, in all cases of Dysentery and Diarrhea in Children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None Genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal Office, No. 48 Dey Street, N. Y. Price, only 30 Cents per Bottle.

A Cough Cold or Sore Throat,

Brown's Bronchial Trochies

SINGERS AND PUBLIC SPEAKERS will find Trochies useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after an unusual exertion of the vocal organs. The Trochies are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having proved their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the Trochies are universally pronounced better than any other articles.

OBTAIN ONLY "BROWN'S BRONCHIAL TROCHIES," and do not take any of the worthless imitations that may be offered. SOLD EVERYWHERE.

New Triumphs of Roger's Medicines.

Run your eye over them and tell your afflicted neighbour about it.

West Branch, East River, Victou, Sep. 11, '64 MESSRS. ROGERS & Co.—

Gentlemen—For the sake of those who are suffering with Scrofula or King's Evil, I wish you to publish the following facts: About eight years ago, a swelling appeared under my chin; in a short time it ulcerated, and became a running sore, and extended across my neck from ear to ear. The bone became affected and several pieces came out from time to time. The smelt from the parts affected became very offensive, so much so that I had to retire by myself and dress them. I tried the best doctors in the country, and many in the United States, but all to no purpose. I also tried various patent medicines, including Kennedy's Discovery, which I used for two years, but it did me no good. Under your treatment my general health which was very much impaired, is completely restored, and the Scrofula on my neck is entirely healed up. I am a sound man now, thanks to Providence for his goodness. Let no one who reads this doubt its truth. Hundreds know my case. THOMAS CHISHOLM.

H. H. Read, M. D., Esq., of Windsor N. S., writes as follows: I have used your medicine in one or two cases of Scrofulous Sores, and think it excellent; and it is the best thing I know of for removing the stiffening which remains after inflammation of the joints.

C. H. Harrington, Esq., of Sidney, C. B., writes as follows under date of August 22, 1865: "The mail agent here used the Ointment for his horses, and says he never had anything which cured any hurt or sore so quickly."

STONEMONT, N. S., 19th August, 1865 MESSRS. ROGERS & Co.—

Gentlemen—There was a wart on one of my cow's eyes, and grown to such an extent that I thought it would shut her eye up, when after four rubbings with your Ointment, it took it off as clean as if cut off with a knife. It was as big as an ounce ball. I will write again shortly. Yours truly, THOMAS S. MILWARD

AMHERST, October 1st, 1865

Gentlemen—I have
