Of all the nerve-tonics—bromos, celeries or nervines—your doctor will tell you that the Hypophosphites are best understood. So thoroughly related is the nervous system to disease that some physicians prescribe Hypophosphites alone in the early stages of Consumption. Scott's Emulsion is Cod-liver Oil, emulsified, with the Hypophosphites, happily blended. The result of its use is greater strength and activity of the brain, the spinal cord and the nerves.
