No Appeasement Is Word From Ike

By DOUGLAS B. CORNELL

GETTYSBURG, Pa. (AP)—President Eisenhower said Saturday the facts of international life tolerate no appeasement of Russia—in Berlin or anywhere in the world.

Wherever they occur and whatever the form or cost, Eisenhower told a college audience, "Communist challenges must always be answered by the free world."

"The course of appeasement is not only dishonorable, it is the most dangerous one we could pursue," he said.

He termed unthinkable any idea of sacrificing 2,000,000 Germans in West Berlin. He said it would merely "embolden the Communists to step up their campaign" of world domination.

In a foreign policy pronouncement at Gettysburg College, Eisenhower erected no barricades in the path to a prospective summit conference with Soviet Premier Nikita Khrushchev.

TALKS PREFERRED

The United States and its allies, he said, seek to avoid war, to "substitute . . . the conference table for the battlefield." While rejecting appeasement, he also spoke out against rigidity or tubbornness in dealing with Russia.

Eisenhower appeared at an outdoor convocation to lecture on "the need for greater individual and collective understanding of the international facts of today's life" and the threat to freedom from atheistic dictatorship.

The setting was the athletic stadium of a Lutheran college of 1,600 enrolment which was observing its 127th anniversary.

In the main Eisenhower's speech was an appeal for his $3,900,000,000 foreign aid program, which is under fire in Congress.

SECURITY ESSENTIAL

Eisenhower told his audience that "mutual security and American security are synonymous."

"A free America," he said, "can exist only as part of a free world, and a free world can continue to exist only as it meets the rightful demands of people forsecurity, progress and opportunity. This is why the development of South Viet Nam and Southeast Asia is important; why Japanese export trade is important; why firmness at Berlin is important.

"It is why Communist challenges must always be answered by the free world standing on principle, united in strength and in purpose."

Baseball Activity Begins In Majors On Thursday

By JACK HAND

NEW YORK (AP) — Baseball beats the gun Thursday with its earliest start ever after the greatest player shuffle since the end of the war.

Once again New York Yankees and Milwaukee Braves are favored to meet in the world series although the going may be toucher in each league.

Chicago, Detroit and Cleveland are expected to test the Yankees with Boston as an outside threat. San Francisco and Pittsburgh generally are counted upon to press Milwaukee with some support for Cincinnati's new power.

The old cry "you can't tell the players without a scorecard" really is true this time. Such established major leaguers as Frank Thomas, Jimmy Piersall, Billy Martin, Eddie Yost, Vic Wertz, Sad Sam Jones, Del Ennis, Ruben Gomez, Wally Moon and the bullpen pair of Ray Narleski and Don Mossi will be wearing new uniforms.

GAMBLE WITH WEATHER

The owners are gambling with the weather in starting four days earlier than usual. Their bonus is an extra weekend that could be profitable both at the gate and on the network television series. As usual, the season will end on the last Sunday in September.

The Thursday schedule calls for only two games. In the ceremonial opener at Washington, President Eisenhower may throw out the first ball before Cookie Lavagetto's Senators take on Baltimore Orioles. Lavagetto said he would use Pedro Ramos, as his pitcher.

The Senators are minus Yost and Rocky Bridges, who also was traded to Detroit.

Baltimore has an interesting rookie in centrefielder Willie Tasby. Paul Richards has been experimenting with the infield, trying to find a little more punch. He may try Whitey Lockman, ex-Giant, Chico Carrasquel, ex-Athletic, and Bill Klaus, ex-Red Sox.

PIRATES VS. REDS

The other Thursday game will be played in Cincinnati with Pittsburgh Pirates as the guests. This game provides a check for one of the big winter deals that brought Frank Thomas to the Reds and sent Don Hoak, Smoky Burgess and Harvey Haddix to the Pirates.

The Pirates will open at home Friday against Milwaukee, which has backed up its catching staff by adding Stan Lopata of the Phils.

San Francisco, flushed with pennant talk after picking up Sam Jones from the Cards for Bill White, will open at St. Louis in a night game Friday. The Cardinals are in a rebuilding phase under Solly Hemus, who is going with six young pitchers.

Los Angeles also opens on the road at Chicago. Wally Moon, the ex-Cardinal traded for Gino Cimoli, has won a Dodger outfield job. The Cubs' prize rookie is outfielder George Altman, up from Pueblo.

Philadelphia has a home night opener against Cincinnati when the Phil fans will get a first look at their new second baseman, George Anderson, while Robin Roberts takes his 11th opening day assignment.

The Yankees take on Boston Red Sox at Yankee Stadium Friday.

Chicago and Detroit clash in the opener at Detroit.

Cleveland plays at Kansas City in the other Friday game.

Trinidad To Demand Her Full Independence

By E.P. SMITH

PORT OF SPAIN, Trinidad (Reuters)—The Trinidad government is preparing to demand full independence from the West Indian Federation within the Commonwealth.

The demand will be made at a conference to be held in June to review the federal constitution established Jan. 3, 1958.

Trinidad's chief minister, Dr. Eric Williams, has said a "decisive change" in the constitution is the surest way to political stability, which would be needed both for the federal government's internal program and in order to obtain assistance from abroad.

Williams is drafting proposals for full internal self-government for Trinidad, restricted only by the prior needs and demands of the federation.

Some of his recent proposals for constitutional change leading to full internal self-government for Trinidad have been accepted by the colonial office in London and are expected to take effect shortly.

They provide that the chief minister and executive council shall be renamed prime minister and cabinet. The prime minister will have power to select and remove ministers and parliamentary secretaries, and he usually will preside at cabinet meetings. The Trinidad government has appointed a commice rdsoeinctett pointed a committee to consider further changes of a more fundamantal nature.
