

That Kiss of My Mother.

George Brown wanted to go somewhere, and his mother was not willing. He tried to argue the matter. When that would not do, instead of saying, "I should really like to go, but if you cannot give your consent, dear mother, I will try to be content to stay," he spoke roughly and went off, slamming the door behind him.

GRATEFUL-COMFORTING.

EPPS'S COCOA BREAKFAST. "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which largely saves us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle miasmas are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

These chronic weaknesses and distressing ailments peculiar to females, at the Invalids Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing the various remedies for the cure of woman's peculiar ailments. Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the most aggravated cases, and who have seen the results of their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments. As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated females, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic. As a soothing and strengthening agent, it is unequalled in allaying and subduing nervous excitability, irritability, exhaustion, prostration, indigestion, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful menstruation, unnatural suppression, prolapsus, or falling of the womb, weak back, female weakness, "retention, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat." As a regular and invigorating promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life." "Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills, cures Liver, Kidney and Bladder diseases, their combined use also removes blood taints, and abolishes cancerous and scrophulous humors from the system. "Favorite Prescription" is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturer, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years. Large bottles (60 doses) \$1.00, or six bottles for \$5.00. For large, illustrated Treatise on Diseases of Women (60 pages, paper-covered), send ten cents in stamps. Address, World's Dispensary Medical Association, 460 Main St., BUFFALO, N. Y.

Do You Drink Ice Water?

That cool refreshing drinks in warm weather are delicious is undeniable. That drinking ice water in copious draughts when a person is overheated is injurious, not to say dangerous, is also undeniable. But that the free drinking of water in some form in hot weather must be avoided, is undeniable, and is one of the greatest popular errors extant. When a person is perspiring freely from every pore, a vast amount of water is drawn from the body, which must be re-supplied, or great injury is being done to the physical health, and the foundation of some of the worst forms of kidney disease is being slowly, but surely laid. Why someone will exclaim, that is just what causes kidney troubles, drinking water freely which contains so much lime. Wrong again! So long as the water drunk is freely carried through the system, and converted in its passage to the naturally acid reaction of the urine and perspiration, no danger can occur by deposits of urea or lime in the kidneys and bladder, because they remain perfectly in solution, and are carried out of the body instead of remaining in it. Literally, they are washed out of the body by the copious draughts of water (that most perfect of all known solvents), same as a series of pipes are "flushed" with water to clean them. A clean body is never diseased. Do not drink ice cold water, but pure cool water; a little lemon juice will improve the effectiveness. Plain soda water with a little acid is also excellent. If from drinking too much ice water you have stomach cramps, or are "water-logged," as it is called, or are attacked with Cholera Morbus, Summer Complaint, Diarrhoea, or Dysentery, do not resort to alcoholic stimulating drinks, which irritate rather than soothe and allay the inflammation which has caused the trouble; but adopt the practice of taking daily just before retiring, during July and August, one teaspoonful of Johnson's Anodyne Liniment in a little sweetened water, which will prevent all such attacks and ill effects from ice water. In fact, a little pamphlet, sent free to anyone, by I. S. Johnson & Co., Boston, Mass., contains a vast amount of information about treating those summer troubles.—dy6i wyl.

Odds and Ends.

The King of the Cannibal Islands used to have many domestic broils when he cooked his servants. All things come to those who wait, is a consoling adage to those who would rather wait than work. A man who was arrested the other day for stealing an umbrella tried to get off by saying that he was laying something by for a rainy day. A concise prayer, said to have been offered by an earnest New England deacon, was as follows: "Lord, give us grace to know Thy will and grit to do it." Detective—"I say, you called me a lynx-eyed detective in your paper to-day." Reporter—"Yes, I did." Detective—"Well, I want you to correct it. I'm no more lynx-eyed than you are." Husband—"Nora, what are these?" Wife—"Dumplings." Husband—"Dumplings, eh? Well, just put them on a plate for me and keep them till to-morrow morning. I'm going bass fishing, and I'll use them for sinkers." A short time back an agricultural society offered a premium for the best mode of irrigation. By mistake the word "irrigation" was printed "irritation," and thus it came about that a number of farmers sent their wives to claim the prize. Here is Senator Wm. M. Everts' definition of a contingent fee: "It is a very simple thing. I can explain to you what a contingent fee means in a few words. In short, if I lose your suit I get nothing; if I win your suit you get nothing." Briggs says he has been experimenting with half-a-dozen different type-writers, but he hasn't found one that is good for anything. They are all alike, he says, "the things print well enough, but they don't spell one word in three correctly." The new elixir of life of Dr. Brown-Sequard, of Paris, is alleged to be an extract from the juices of the guinea-pig. Dr. Hammond, of New York, is alleged to have made the extract from the juices of a young lamb. The Montreal Witness heroically rises to declare that either of these extracts is a better elixir than the extract of rye.
