DR. W. A. BROWN

Officially at the opening of Canada's first rehabilitation hospital for the chronically ill, at Renfrew, Ont., Dr. Mackinnon Phillips, Ontario's minister of health, forecast that in the near future such desperately needed hospitals will be operating across Canada. The Renfrew hospital, financed by provincial government and charitable grants, is a converted private dwelling, an annex of the town's Victoria hospital. Most of the work among the chronically ill patients will be the field of physio, electro and hydro therapy. In addition to serving those being treated at the 35-bed hospital itself, Dr. W. A. Brown, head of the hospital, plans to carry an out-patient service.

HUGE FOREST AREA

It has been estimated that forests covered nearly 2,000,000 square miles in Canada in past centuries.

BURGESS BEDTIME

(Continued from Page 10)

The earth on which he was sitting were moving. It was very gentle movement. It stopped. Peter waited and waited. He was just about to give up and go on when he felt it again. Or did he imagine it? It was a queer feeling, and because it was queer and unexpected it was startling.
