

### Cuban Rebels Reported Deal Crippling Blow

MIAMI, Fla. (AP) — Cuban rebel sources said here their movement to rid their homeland of communism has been dealt a crippling blow both inside and outside Cuba. A wave of deep resentment seems to be sweeping through the Cuban exile community in Florida.

Members of a small group which escaped a British-American net said they had lost an important supply link — one with anti-Castro fighters inside Cuba.

They said that within a relatively short time they expected a large number of their raiding forces to be picked up by the U.S. or British patrol vessels. They added that about 170 men are involved in the area where the British and Americans have been cracking down to prevent raids on Castro Cuba.

This could mean that nearly all the raiders would eventually be picked up. That might signal the virtual collapse of anti-Castro harassment from the outside.

### Murder Trial Set To Open

SAINTE JOHN, N.B. (CP) — The capital murder trial of Robert Maxwell Lindley, 16, of near-by Lancaster opens here today. He is charged with the murder of 10-year-old Duane R. Perry, whose nude body was found in the stockroom of an up-town store on Dec. 8.

At a preliminary hearing a pathologist told the court the girl died from stab wounds.

Mr. Justice Albany M. Robichaud of Bathurst, N.B., will preside at the trial in circuit court.

### Winner Of VC Dies In Regina

REGINA (CP) — A Victoria Cross winner in the First World War and sergeant-at-arms in the Saskatchewan legislature, Major George Harry Mullin, 70, died Saturday.

Born in Portland, Ore., he came to Canada with his parents when he was two years old.

He won the VC in 1917 at Passchendaele while a sergeant with the Princess Patricia's Canadian Light Infantry. Single-handed, he knocked out a German pillbox which was holding up his entire battalion's advance.

In 1934, he was appointed sergeant-at-arms in the legislature.

### Pope Prepares For Signing Of Peace Letter

VATICAN CITY (Reuters) — Pope John made final preparations Monday for today's signing of Peace in Terra (Peace on Earth), an encyclical letter setting out the Roman Catholic Church's views on war and peace in the hydrogen-bomb age.

Observers believe the encyclical Matter of Magistera on special questions in May, 1961, and last October's convening of the historic ecumenical council.

Vatican sources said the document would be much more than a reiteration of previous papal exhortations for world peace. For the first time, the sources said, the Church's thinking on such matters as the cold war, United Nations intervention and conscientious objection to military service would be set out in detail in main doctrinal aspects.

Pope John will sign five copies of the encyclical in his private study at 10 a.m. (8 a.m. AST). Vatican sources said. Four copies will go into Vatican archives and the Pope will keep the fifth.

The Pope will also make a short speech to be published later in the day, and the encyclical itself will be published Wednesday.
