A CHANGE OF A ...LIFETIME

To secure one of the finest properties in P. E. I.

This farm contains 130 acres of excellent land, 80 acres cleared and in prime condition. There is a fine belt of hard and soft wood (which is very valuable, now that coal is so high) oyster mud within a few rods of the shore, abundance of marsh mud, well watered, two mills near the house, good buildings, basement stable, 6 miles from town, one mile from Pownal village, school next the farm, three churches within a radius of 1 1/2 miles, cheese and butter factory in rear of farm, a large and heavy bearing orchard of 45 varieties of apples and plum trees, raspberries, strawberries, etc. For location and beauty of scenery this property is unsurpassed by any on the Island. It is a daisy of a place, but there is not a daisy on it. Only reason for selling—going into business in the Northwest with my sons. Sold with or without crop, stock, and implements. Terms on application to my solicitor, A. A. McLean, Barrister, Charlottetown, or to the owner.

Mr. Henry Smith, chairman of Water and Sewerage Commission left by the Princess this morning for Truro.

Word has been received from South Africa that Major Weeks is ill of fever and remains at Kroonstadt. But his illness, it is pleasing to hear, is not of a very serious character.

Mr. F. H. Arnaud, manager of the Merchants Bank of Halifax at St. John, was elected a member of the Board of Trade of that city at its last regular meeting.

On Sunday last His Lordship Bishop McDonald, assisted by numerous clergymen, blessed a beautiful new bell weighing 858 lbs. for St. Mark's church, Lot 7, after preaching a most appropriate and comprehensive discourse. There was an immense congregation. Rev. Dr. Chaisson was Gospeler for the evening and the pastor, Rev. Father Burke, directed the whole ceremony.

The Free Churches of the United Presbyterian Church of Scotland have amalgamated and will hereafter be known as the United Free Church. It is a sign that the Scottish people are becoming as others that this step was taken. It was only a diet of oatmeal and much inward thinking that enabled those directly concerned to comprehend why there should have been two churches to unite.

A lazy liver may be only a tired liver, or a starved liver. A stick is all right for the back of a lazy man. But it would be a savage as well as a stupid thing to beat a weary man or a starving man because he lagged in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In ninety-nine cases out of a hundred a torpid or sluggish liver is but a symptom of an ill-nourished body, whose organs are weary with overwork. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Put them in proper working order, and see how quick your liver will become active and energetic. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

LACADIE CROSS AND VICINITY

Mr. J. J. Lacy has returned from a pleasant visit to friends in Donaldston.

The fine weather of the last few days was duly appreciated by the farmers, who will gather in their tubers while the sun shines. The potato crop this year is likely to be a good one and as yet few cases of rot are reported.

The high price of coal is the chief topic of conversation these days, the common expression being "an outrageous price," etc. If the price remains as it is the people will certainly get in a much smaller supply than usual and will have wood for fuel instead. The kitchen, it is said, will be used chiefly, and the parlors will be unoccupied; consequently it will largely reduce the number of parlor socials this coming winter.

We feel proud to be able to boast that we have a friend that is one of the hardest men in the world. He has been reading the Patriot for twenty years and he is not dead yet.

Kerosene Oil...

Kerosene oil is a burning question just now both with politicians and housekeepers. The former want to make political capital out of it, while the latter want to know where to get the best quality of oil for the least money. We have just received part of our fall stock direct by schooner from New York. It is called "PRATT'S ASTRAL" and is the highest grade of refined American Oil. We are now offering it for sale in four gallon tins for 22c per imperial gallon. Ask for Pratt's Astral, as there is no better special low price by the cask.
