You can't go on losing flesh under ordinary conditions without the knowledge that something is wrong, either with digestion or nutrition. If the brain and nerves are not fed, they can't work.

Wasting is tearing down; Scott's Emulsion is building up. Its first action is to improve digestion, create an appetite and supply needed nutrition. Book free.

MOSSO'S PLETHYSMOGRAPH.

A Wonderful Invention Which Records Brain Movements.

Professor Angelo Mossio of the University of Turin has invented a machine, called a "balance," which, worked in conjunction with his plethysmograph, makes it possible for him to make many wonderful experiments upon the working of the human brain. Both are based upon the simple principle that "the more mental effort the more blood needed in the brain."

The Molasses and Hat Trick.

Two well dressed persons stepped one evening lately into the shop of a grocer at Bery in France. "Do you sell treacle?" said the first. "Yes, sir," said the grocer. "Give me two pounds of it."

Appropriate.

The late Catholic bishop of Newfoundland had a piano of which he desired to dispose and which a friend, a Protestant doctor, desired to purchase. Considerable chaff ensued before the bargain was struck at a price which the bishop declared ruinously low.

Teachers

And students who have successfully passed their examinations will need a good time keeper before taking charge of a school. We have a large stock of
