[SPECIAL DESPATCHES TO THE EXAMINER.]

DOMINION PARLIAMENT

OTTAWA, April 29.

House met at 3 o'clock.

House went into committee on the act further to amend the Dominion Lands Act, 1883. The bill passed through committee.

Hon. Mr. McLelan moved the House into committee to consider resolutions authorizing the Government to receive back the twenty million loan to the Canada Pacific Railway.

Blake attacked the Government in a long speech, declaring that the Government's statements about the population in the Northwest were fallacies; that the C. P. R. ought never to have been pushed forward with the speed it was, and that the money paid to the company had not been received back from the sale of land as promised during the debate.

After recess, Mr. Mackenzie entered the chamber and was greeted with great applause, which both sides heartily joined. This is in strong contrast with the almost complete absence from any sign of welcome to Sir John by the opposition on his entering to the House first time after his illness.

A Waif from the Sea.

FORT MONROE, Va., April 29

A bottle found on the beach seven miles north of here, contained the following:—"Ship Olivette, from South America, is in sinking condition. John John, Albert Edwards, Geo. Samuels, Geo. L. N. Lafrencere." There was no date or bearings. The British bark Olivette sailed March 5th, from Bahia for Halifax.

Ruin and Fire.

LONDON, April 29.

Baron Headly has been declared bankrupt.

Willkinson's mills, at Beeslin, Nottinghamshire, together with many adjoining houses have been destroyed by fire. Loss $750,000. One thousand persons are deprived of employment by the burning of the mills.

"Well Done, Charlie!"

MONTREAL, April 29.

At sessional examinations in the Faculty of Arts of McGill University, Colin H. Livingston, of St. John, gains highest first rank, standing in the B. A. examinations. Charles Swabey, of Charlottetown, gains first rank honors in Natural Science, and the Sir William Logan gold medal.

The Greek Difficulty.

ATHENS, April 29.

Count De Moiry, French Ambassador, has been instructed by his Government to make fresh representations to Greece with a view to effecting a peaceful settlement with Turkey. It is expected that Greece will soon officially notify the powers that her forces will be disarmed.

Blood! Blood!

CHATTANOOGA, Tenn., April 29.

Great excitement prevails in Coffee and Grundy Counties over the shooting of five moonshiners by the Deputy Marshal, and a bloody conflict is imminent.

Short Hours.

CHICAGO, April 29.

Demands have been made upon all Iron manufacturers for eight hours' labor and ten hours' pay.

Ministerial Resignation.

ATHENS, April 29.

The Minister of War has resigned.

L. & S. INSTITUTE.—Last evening Mr. W. S. Stewart took up the Phenomena of Tides, and laid before the audience with great distinctness the different explanation of thedouble tides that are afforded by a consideration of the moon and sun's attraction. In reviewing the different explanations given by scientists, Mr. Stewart did not commit himself to any expression of belief in any one of them. He showed that all theorists up to the present have failed in satisfactorily accounting for tides as we find them, and complimented Mr. Newson on his departure from the old ruts of science in this matter, and expressed a hope that the polaric theory would explain what was not yet explained about the Phenomena of Tides. A lively discussion followed in which the President, Dr. Leeming, Messrs. Newson, Weeks and others engaged.

WE regret that the *Protestant Union* views the despatch of Earl Granville in a light which is certainly not justified by the strong and clear language in which His Lordship presses the matter upon the attention of the Dominion Government. The statement of the *Union* that the delegates went all the way to London to learn that the Queen had no power by statute or otherwise, under the constitution of Canada, to give any direction in the matter, is quite erroneous. The delegates knew well before they left the Island that the Imperial Government could not, under the statutes of Canada or otherwise, coerce the Government with respect to this matter; but it does not follow, as the *Union* implies, that their mission was all in vain.

THE *Patriot* is concerned because Hon. Mr. Sullivan has referred to Hon. D. Laird as an elder, and implies that Mr. Sullivan has insulted Mr. Laird and, indeed, the whole Presbyterian Church by so doing. Whether or not Mr. Sullivan has alluded to Mr. Laird as an elder, we know not; but suppose he has, there is nothing disgraceful about the office or name, that a man should feel himself insulted by being called an elder. If, however, a man deliberately gives currency to erroneous and slanderous statements he disgraces and insults the office and position. There's the rub! Possibly this may account for the *Patriot's* anger because the Hon. David Laird has been called an elder. It's an old saying that "a guilty conscience needs no accuser."

Spoken—Bark Roland, Reed, from Southampton for Summerside, P. E. Island. No date; lat. 48, lon 19.

Halifax, April 26—Cld Willie Freeman, Harnish, Charlottetown.

THE Myrtle Navy tobacco is not burdened with the usual costs which swell the price of most articles to the consumer; the firm employ no travellers whatever, their orders come to them instead of being sought by them. The merchant does not require to keep a large stock on hand swelling its price with interest, for the factory is an immediate source of supply to him, at the cost of a postal card, or at most a telegram. He loses nothing, therefore, from being overstocked. The article is a staple one, for which there is as constant a demand as for wheat or flour, and the merchant can therefore, sell it at a minimum rate of profit.
