## CHINESE USE NEW TECHNIQUE TO TAKE LOOKOUT PEAK

### French Grant New Freedom To Indo-Chinese

### Russians Moving Tanks From East Germany Into Poland

BERLIN (AP)—The riot harried Russian army is reported turning its tanks from East Germany toward Poland to face threats of disorder among anti-Communist Poles.

Soviet tanks which roared into East Berlin June 17 to put down an East German uprising rushed to the Polish border Thursday, said to the Polish border Thursday, said the United States state department's German-language newspaper, Neue Zeitung.

This report could not be officially confirmed, but Allied authorities claimed reliable information that a group of Soviet tanks left East Berlin Thursday and headed "in northeasterly direction."

Some of 321 refugees reaching West Berlin Friday also said Russian tanks headed toward the Polish border, 50 miles away.

If they were sent to Poland, there must be menacing trouble there.

**Rumors Of Trouble**

Ever since East Germany erupted in strikes and riots 16 days ago, rumors have trickled

### Move Is Effort To Pacify Restless States

(By Preston Grover)

PARIS (AP)—The new French government of Premier Joseph Laniel sought Friday to pacify the increasingly restless Indo-Chinese states by granting "tangible" increases of self-government to the strife-torn Asian territory.

Also aimed at improving relations with the Indo-Chinese was the appointment of Maurice Dejean, 53-year-old administrator who now is ambassador in Tokyo, as commissioner-general in Indo-China. He will take over the duties of Jean Letourneau, recently withdrawn as high commissioner. Dejean will have more authority to push the reforms envisioned in the new French policy.

A note was transmitted to each of the three rulers of the Laos, Viet Nam, Laos and Cambodia, promising a quick recall of French job holders and transfer of larger measures of control over finance, judicial, political and military areas of the government.

**New Atmosphere**

The aim, stated by a highly-placed government spokesman, was to create a new atmosphere by acts, not words, so that the Indo-Chinese will join more freely in defending their nation from the Communist rebellion which has raged since 1946.

The spokesman said this also would arm the French spokesmen at the forthcoming three-power conference in Washington against possible U.S. criticism that France is holding the territory under a colonial regime which gives the people no incentive to fight for their own security.

### Vital Ground Changes Hands Seventh Time

By ROBERT GIBSON

SEOUL (AP)—Chinese Reds shattered South Korean bunkers on Lookout mountain with a time-sustaining artillery barrage Friday, then seized the key eastern front height once more.

Only 12 hours earlier, the Republic of Korea 3rd division had stormed and captured the 1,600-foot height, which dominates the valleys to the south where supplies are fed into Allied lines.

The Reds did not succeed, however, in driving the Chinese from the north slope. As dusk came, Communist guns began to open up, blasting the bunkers on the ridge line.

U.S. advisers with the RoKs said they believed the Red summers unleashed at least two deadly time-on-target barrages, a technique worked out by U.S. artillery by which all the shells are timed to burst at once over a single target.

The system was used by all sides in the Second World War and is no secret but there have been no previous reports that the Communists have used it in Korea.

**Deadly Barrages**

Associated Press correspondent John Randolph reported from the front that the first Chinese began to slip up the slopes of Lookout before the barrages lifted.

**Changed Hands Seven Times**

Then as darkness fell, the RoKs retreated down the steep south slopes as at least 450 Chinese surged to the summit. The hill has changed hands seven times within a week.

### Potato Marketing Problems Discussed At Local Meeting

A decision to have the P. E. I. Potato Marketing Board negotiate an agreement with the Federal authorities which will permit the marketing of potatoes under a "pool" agreement was reached at the semi-annual meeting of the Queens County Federation of Agriculture held at Birch Court last night.

The whole subject of potato marketing came under review and brought considerable amount of acrimonious discussion as criticism of the Potato Marketing Board was heard and its actions in aid of the small grower just as strongly supported.

Mr. Donald A. MacDonald, chairman of the Board, gave a report on the year's activities. He said that approximately 11,150 carloads of 75 bushels each were shipped from here since last August from an acreage of 30,000. He predicted that this would rise to 40,000 acres this season as already applications for inspection have been received for 5,000 more acres than last year.

He noted that the trend to greater planting started in the south and spread northward as the planting season moved up. He was not optimistic about prices this season as he noted that those presently being received for California and Southern States potatoes were far below the figure at this time last year.

He remarked that it was difficult to predict what the yield would be in this Province this season but noted that crops look good right now but it was hard to tell what they would be like in August.

**Operation of Pools**

Mr. MacDonald said Western Canada farmers operated on a different basis as they had wheat pools to handle their crops. Through them every producer receives the same price. If that had been done here in the past two seasons the growers would have received an average price throughout the season of \$2.35 a bushel in 1951 and \$1.25 last year instead of those shipping in the fall getting a low price one year and a big one the next while the spring shippers sold in reverse. He said if the farmers here continue to take chances they are bound to see a big price difference.

### Islanders Head For Korea

Seen on deck of a U. S. Navy troopship in Seattle, Washington, recently are these two P. E. I. soldiers heading for service with the Princess Patricia's Canadian Light Infantry in Korea and Japan. They are: Pte. John Fall, 69 Edward St., Charlottetown, left, and Pte. Bob Curran, Peakes Station.

### 5,000 Armed Police Patrol Track For Queen's Train

BELFAST (Reuters)—More than 5,000 armed police patrolled 90 miles of track on the prow for Irish Republicans Friday as the Queen rode in a 10-car train through the night following Thursday's explosion on the main Belfast-Dublin railway line. The explosion which damaged a bridge, occurred near the border dividing Ireland loyal to the British government. The Queen was about 50 miles away at the time.

The Queen and the Duke of Edinburgh drove four miles through cheering crowds from Government House here to Lisburn station where they boarded the train. The train took them through the Queen's Irish towns including Ballymena, Ballymoney and Coleraine.

The Royal train halted at Magilligan Strand, one of the longest sandy beaches in Northern Ireland, while the Queen lunched in the dining car within a few yards of Atlantic breakers.

At Isahally, the Royal couple boarded the destroyer Rocket and sailed into the ancient walled city of Londonderry.

The Queen and the Duke of Edinburgh returned to London by plane Friday night and shortly afterwards left by car for Windsor Castle where they will spend the week-end.

### Malan Prepares To Renew Fight With Courts

CAPETOWN (Reuters)—The Nationalist government of Prime Minister Daniel F. Malan, back in office with an increased majority, has renewed its battle to establish the supremacy of Parliament over the law courts and thus clear the way for its apartheid (strict segregation) race laws.

As Parliament met for its first session Friday since the April election, the government published a bill which would deprive the courts of their right to rule on the legality of any Parliamentary act, except where it affects the equal status of the Afrikaans (Dutch) and English languages.

**To Defy Veto**

At the same time it announced steps to defy the courts' veto of two laws which form part of its policy of racial segregation.

One of these would remove from the common roll of voters members of the colored mixed blood community in Cape Province. The other would require that whites and non-whites be given separate accommodation on the railroads. Both were overruled by the courts as unconstitutional.

**Claims Mandate**

Malan claims that the electorate has given him a mandate to proceed with both measures by boosting his majority in the 159-seat House of Assembly from 13 to 29. He also controls 27 of the 48 seats in the non-elective senate.

Malan's previous attempt to remove colored voters from the general list founded on an "entrenched" clause in the constitution protecting their rights. Such clauses can be altered only by a two-thirds majority of the House and Senate. Malan still has only a simple majority.

### Six Sentenced For Jail Breaking At Summerside

Six prisoners who had previously pleaded guilty to escaping from Prince County Jail appeared for sentence in Supreme Court at Summerside yesterday morning before Mr. Justice G. J. Tweedy.

Five of the prisoners were sentenced to terms in Dorchester Penitentiary and the sixth received a jail sentence. In addition to the sentences imposed the prisoners will also be required to serve further time equal to the unexpired terms they are serving for other sentences.

The sentences imposed yesterday are as follows:

Joseph Arthur Cannon, 30, Summerside, three years plus thirteen months and eight days.

Frederick Charles Peters, 26, Summerside, three years, plus two days.

Enser Perry, 18, Summerside, two years, plus 11 months and 25 days.

Jack Gallant, 17, Summerside, two years, plus 12 months and 14 days.

Gerald McKenna, 25, Bloomfield, two years, plus four months and thirteen days.

Claude McKenna, 18, Bloomfield, two months plus four months and 12 days.

In the case of Gerald McKenna the judge indicated that at the proper time if application were made, the court would exercise its prerogative of granting leniency.

Before sentences were passed a general statement outlining the record of each man was made by Mr. D. O. Stewart, Q. C., Crown prosecutor.

Strong pleas were made on behalf of their clients by Mr. J. Harold Goodwin appointed by the court.

### Coming Events

- \*\*Corran Ban picnic July 22nd.
- \*\*Reserve Wednesday, July 15th for Grand Carnival at Borden.
- \*\*Afton Hall annual meeting, Tuesday, July 7.
- \*\*Ice cream social, Long River Hall, Tuesday, July 7th.
- \*\*Legion meeting St. Peter's Legion Hall, Tuesday, July 7th.
- \*\*Dance, Iona East School, Monday, July 6th. Mac's Orchestra.
- \*\*Buying pigs at all points as usual next week. Knud Jorgensen.
- \*\*Come to Variety Concert in Belfast Hall, Monday, July 6th, at 8:30 P. M. Sponsored by Belfast F. P. S.
- \*\*Vernon River Play at St. Teresa's, Monday, July 6th. Burke's Orchestra.
- \*\*Ice Cream Social at Rose Valley School, July 13th. Sponsored by W. I.
- \*\*Remember—St. Mark's Anglican Church, Rustico, Ice Cream Festival, July 9th.
- \*\*Rollo Bay Tea, Wednesday, July 22nd.
- \*\*Dance in Waxing Plant at Canoe Cove, Monday, July 6th. Good music. Canteen.
- \*\*Picnic, Immaculate Conception Church grounds, Wellington, Wednesday, July 8th.
- \*\*Prince Arthur, Lorne and Argyle Lodges, visit Derry Lodge, July 6th. Meeting time 8 P. M.
- \*\*Showing at Mt. Stewart Saturday "Too Young To Kiss", starring Joan Allison and Van Johnson. Showing 8:30.
- \*\*Available: A few hundred choice chicks from fast-growing, top quality stock. It's our last batch, so call or write today. Co-Op Hatchery, Dial 9412 or 5573.
- \*\*See a repeat performance of St. Peter's C. Y. O. Variety Concert, in St. Peter's Holy Name Hall, Tuesday, July 7th, at 8:30 P. M. Dance after.
- \*\*Lobster Supper, St. Margaret's Hall, Wednesday, July 8th. Meals begin 3:30 P. M. Usual picnic and entertainment.
- \*\*The Old School and outbuildings at Lower Newtown will be sold by Public Auction on Friday, July 10th, at 1 P. M.
- \*\*All unpaid taxes due Lower Newtown School District will be handed in for collection if not paid by July 18th.
- \*\*The Tryon Baptist Picnic will be held on the church grounds, Wednesday afternoon, July 8th.
- \*\*Dance and Ice Cream Festival, Johnstone's River School, Monday, July 6th. Hughes Orchestra.
- \*\*Dance, Summerside School every Tuesday, beginning July 7th. Boudreau's Orchestra. Refreshments.
- \*\*Corran Ban Hall, Wednesday, July 8th. Final performance of "Eyes of Love", 3 act comedy drama. Curtain 8:30. Dance. Burns Orchestra.

### Mrs. St. Laurent Refuses Flights

GANDER, Nfld. (CP)—Mrs. St. Laurent isn't going to do any flying until she can do it on her own as an angel. At this airport her husband explained Friday that she is not flying with him on his campaign trip that involves plane flights.

She insisted, Canada's prime minister said, that she is not going to do any flying until she does it with her own wings.

### Rhee Makes New Vow Not To Quit Struggle Half Way

By FORREST EDWARDS

SEOUL (AP)—President Syngman Rhee vowed Friday that South Korea "will never abandon half way" the struggle against Communist aggression even though the United States makes clear it cannot promise to resume the Korean war if post-war peace efforts fail.

**Continues Efforts**

Despite this impasse, President Eisenhower's special envoy, Walter S. Robertson, continued efforts to gain Rhee's support for an immediate cease-fire with the Reds on terms agreed on at Panmunjom. Rhee has rejected those terms as a "death warrant" to his country.

There was indications from South Korean sources that Rhee would accept the Communists' offer to set the date for an armistice signing.

There has been no formal Red reply to last Monday's proposal by Gen. Mark Clark, UN commander, that a date be set for signing the truce.

It seemed probable that if the Red high command should decide to set a signing date, the U. S. would tell Rhee the time had come when he must decide to join in the cease-fire or go it alone.

### Prime Minister Resumes Tour

WITH ST. LAURENT (CP)—Prime Minister St. Laurent campaigned by train and plane in two provinces Friday. Flying out of Newfoundland after a two-night stop he spoke near that province's Gander airport and then scheduled a series of whistle stop meetings in New Brunswick as he rejoined his special train section after the Island visit.

At Gander the Prime Minister talked to a group in a theatre near the International airport in the riding of Grand Falls-White Bay-Labrador.

He said the confederation of Newfoundland with Canada in 1949 has been of great benefit to both parties and will be of more benefit in future generations.

### Air Lines Set New Safety Record During Last Year

MONTREAL (CP)—Air travel in 1952, taking the world as a whole, was safer than in any previous period.

The statement came from Dr. Edward Warner, president of the International Civil Aviation Organization council, writing on civil aviation in 1952 in the latest issue of the ICAO bulletin.

The average passenger fatality rate on world scheduled airlines was approximately 1.17 fatalities per 100,000,000 passenger-kilometres. It was the best world-wide safety record in aeronautical history.

The spectacular element of the 1952 record was the performance of the domestic airlines of the United States which went through the last 10 1-2 months of the year, operating 11,500,000,000 passenger-kilometres without a fatal accident.

Many factors helped to make flying safer but important elements were the improvement of radio aids to air navigation and the increased degree of standardization in radio aids and methods of using them.

Surer navigation by radio greatly reduced navigational uncertainties that in the past brought many aircraft into collision with mountains or with obstacles around an airport while manoeuvring for a landing.

### Abbott Charges P.C.'s Trying To Buy Votes

OTTAWA (CP)—Finance Minister Abbott charged Friday night that the Progressive Conservatives are attempting to buy the country's voters "with your children's earnings."

"The Conservative promise to make substantial tax cuts seems to me wholly irresponsible—it is not much better than the old Social Credit promise of \$25 a month," said Mr. Abbott as he launched a sharp attack on the financial aspects of the Progressive Conservative 16-point manifesto.

Provisions contained in the platform of the Progressive Conservative leader would add expenditures to the national budget of just under \$1,000,000,000, said Mr. Abbott in his speech prepared for broadcast over the CBC's free-time political program.

Mr. Drew had promised to reduce taxes, but since his talk of a \$300,000,000 surplus with which to make some of the cuts was "just an exercise of the imagination," there appeared to be only two ways in which reductions could be made, said Mr. Abbott—reduce defence spending or go into debt.

### Fierce Twister Hits Quebec Town

STE. SOPHIE, Que. (CP)—A brief but fierce twister Thursday afternoon ripped through this small Laurentian town causing thousands of dollars damage. No one was injured.

The twister damaged roofs on several houses, flattened a silo on a nearby farm, uprooted trees and tore telephone and power lines from their posts.

It felt "as if we were being bombed," said a local store-owner. "We barely managed to get some children who were playing outside into the house."

### Scotland Yard Men Pay Mystery Visit To B.C.

VANCOUVER (CP)—A mysterious visit of two top investigators from Scotland Yard to Sicomous, B. C., was reported Friday.

Supt. John Black and Inspector Neil Sutherland, who have worked on many mystery slayings and disappearances, made the 6,000-mile flight from London to Vancouver this week to investigate the disappearance 14 years ago of 64-year-old, thrice married Mrs. Louise Lee.

Police here said the Scotland Yard men planned to interview Charles Seed, former real estate agent at Margate, Kent. Seed handled purchase and resale of certain property to Mrs. Lee. He came to British Columbia five years ago, and lives at Sicomous, 325 miles east of Vancouver.

R.C.M.P. officers interviewed Seed at the request of British

### 28,000-Ton Tanker Launched At Lauzon

LAUZON, Que. (CP)—The Andros Venture, largest ship ever built in Canada, was launched Friday at the shipyards of Davie Shipbuilding and Repair Company.

Lauzon is across the St. Lawrence river from Quebec.

The 28,000-ton tanker was christened by Mrs. A. E. Griffin of Montreal, wife of the vice-president of the Bank of Nova Scotia. Premier Duplessis of Quebec also attended.

Immediately the tanker was launched, the keel was laid for another 28,000-ton tanker to be called the Andros Fortune.

The Andros Venture, built for the Andros shipping company of Montreal, has a capacity of 240,000 barrels of oil. She is 620 feet long, has a beam of 80 feet and draws 44 feet of water. She has a speed of 16 knots.

Expected to be ready for delivery in about three months, the ship was built at a cost of \$7,500,000.

### Halifax, CP—Minimum and maximum temperatures

	Min.	Max.
Dawson	39	72
Victoria	51	64
Edmonton	48	58
Calgary	49	49
Regina	55	70
Winnipeg	49	83
Toronto	55	74
Ottawa	56	71
Montreal	59	62
Quebec	57	67
Saint John	57	81
Moncton	57	81
Halifax	56	77
Charlottetown	57	80
Sydney	52	72
Yarmouth	58	68
St. John's	47	60

HALIFAX, (CP)—The Dominion Public Weather Office here says a high pressure area moving eastward from the Great Lakes promises fine weather for the weekend in the Maritimes.

Regional forecasts, valid until midnight Saturday:

Prince Edward Island, eastern N. B. counties, lower St. John river valley: Sunny and cooler; westerly winds 20 becoming light by evening. Low-high at Charlottetown 50 and 70, Moncton 50 and 70, Saint John 48 and 72.

Outlook for Sunday: Sunny. Upper St. John river valley, Bay of Chaleur: Sunny with a few cloudy intervals and cool; westerly winds 20 becoming light by evening. Low-high at Edmundston 45 and 70, Campbellton 45 and 65.

Outlook for Sunday: Increasing cloudiness.

Bay of Fundy: West winds 15; clear with visibility 15 miles; temperature in the 50s.

High tide today at Charlottetown at 3:58 A. M. and 4:30 P. M.

High tide today at the North Shore at 11:48 A. M.

Summerside tide eighteen minutes later than Charlottetown.

Sun rises today at 4:31 A. M. and 8:03 P. M.
