

P. E. Island Horsemen Hold Annual Meetings

The annual meetings of the Prince Edward Island Harness Racing Circuit Club and the Prince Edward Island Protective Association were held in the City Hall last evening with horsemen present from various parts of the province.

Both were excellent meetings with good discussions taking up over two hours and with many subjects considerably clarified as a result.

The P. E. I. Harness Racing Circuit Club meeting was presided over by the president, Charles F. Willis whose report reviewed the activities of the past year. The secretary-treasurer D. K. MacLeod read the financial report which showed a small bank balance.

Discussion took place regarding dates for the season's racing on out-of-town tracks and the following dates were claimed: Montague June 20; Summerside, July 2; Montague, July 11; Covehead, July 18, August 1, and a date in September; St. Peter's, July 25; Park View, August 29; Montague, Labor Day, September 3.

Representatives were not present from Kinkora, Riverside or Springfield but each of these will hold races, Riverside claiming Thanksgiving Day, October 3.

Matters discussed included classification of horses, purses, number of horses to start in a race, etc. Most of the members present joined in the discussion.

A feature of the meeting was the presentation of the Hawley Crockett Trophy by President Charles F. Willis to Roy Bevan, co-owner with Wendall Barbour of Josedale Clipper, 2:08½, highest point winner on the Island circuit in 1950. It had been held the previous year by Harold Cudmore, owner of Prince Budlong.

George MacIntyre, proprietor of the Montague track stated that he was giving on a June 20 meeting to give horsemen a chance of making an early start at winning more money.

Clifford MacDonald said that Harold Gaudet, proprietor of Summerside Raceway, put up \$1,000 for free-for-all providing that it had six starters and \$500 for the other classes for Dominion Day, July 2.

At the close of the above meeting the P. E. I. Horsemen's Protective Association, which is composed of all owners of race horses in the Province, was held. Its object is the giving of financial help in the payment of hospital and doctors bills to Island drivers injured while driving Island owned horses on a Maritime track or any driver driving on an Island track.

The President, Dr. R. F. Seaman presided and called on the secretary-treasurer W. V. Stevenson who read a full report on the organization of the association.

He also submitted a financial statement showing the sum of \$4,302.07 on hand in the bank. This fund was made possible by \$1,000 received in full for compensation

from the Maritime Horsemen's Protective Association and two per cent deducted from all winnings of horses on Island tracks in 1950.

After considerable discussion it was decided to continue the two per cent deduction on purses on all Island tracks this season and that the association be incorporated.

It was felt by all present that both associations had been well handled by capable officers and directors and were doing a lot of good for harness racing here.

Among the members present were: Charles F. Willis, Dr. R. F. Seaman; D. K. MacLeod; W. V. Stevenson; Jack Ladner, Willard Kelly, Hugh Simpson, Don Seaman, Roland Wood, Harold Cudmore, Col. D. A. MacKinnon, A. B. Cutcliffe, Sinclair Cutcliffe, Archie Llewellyn, Harold Hughes, George Hughes, Roland MacDonald, Roy Bevan, Dr. F. C. Dougan, Elwood Shaw, Sterling Willis, Sam Kennedy, George MacIntyre, Harry Murphy, W. G. Gillespie, Joe Leslie, William Leslie, Amos Gallant, Alyre Gallant, Reg Sonier, Dr. A. Delaney, Allison Carr, Clifford MacDonald and Mayor B. Earle MacDonald, M.L.A.

The horsemen were greatly pleased to have the Mayor with them. His Worship stated that he was greatly interested in the sport and advised them to work together. He said that he hoped at some future date to own a good trotter or pacer and had already gone so far as to provide a stall for the future occupant.

White Sox Win Fifth Consecutive A.L. Victory

By The Canadian Press

Those wonderful Chicago White Sox, who can't do anything wrong these days, tripped Washington Senators 4-2 Wednesday for their fifth straight American League victory.

An obscure right-hander, Lou Kretlow, turned in the front-running White Sox' 19th victory in 21 games.

Winning his first game in almost four years, Kretlow held the Senators to four hits. His mates sewed up the game with a two-run burst against Con Marrero in the third inning.

As the White Sox won, Boston Red Sox continued to lose. They dropped a 6-4 decision to the Detroit Tigers for their fifth straight setback. The result left them 6 1-2 games behind Chicago.

In the National League, the high-balling Brooklyn Dodgers stretched their leading margin to

also for leaving the ring and jumping into the crowd. He gave boxing here a bad black-eye."

"It was a riot and should never have happened," stated judge Connolly, "which points up more than ever the need for a boxing commission here to control the sport. If I'd been the promoter I would have held up both purses and given it to the two orphan-ages. The rest of the bouts were very pleasing all the way and I don't feel that Bill Brown was responsible at any time for the poor show in the main bout. This need not spoil boxing in Charlotte-town," he concluded, "we can get lots of good boys to come in and put on a good clean show." Forum manager Brown's comments were brief and to the point when he said "I feel terrible about the whole thing." The third judge at the contests, Earl Smith of Summerside, had also scored Durelle well ahead on points, and although registering disappointment and disgust over the incident, made little other comment.

There are many here who share Mr. Connolly's contention that a boxing commission should be set up to govern the sport in this Province, an authorized body that can deal with such incidents as took place at the Forum on Tuesday. Boxing will never survive here if such things continue, and there are many ardent followers of the game who would like to see the sport continue, but not under the present set-up. Surely Tuesday night's episode should be sufficient to make those of authority realize the need of such an organization and will take the steps necessary in bringing it about. Otherwise good boxing cards will be on the way out, probably for a long time to come.

Interviewing the three judges after the fight, all expressed their disappointment over the incident. Judge John Cameron stated that it was "the most disgraceful thing I have ever seen. I saw McCloskey foul at least a half dozen times. He should have been disqualified on a number of counts." Mr. Cameron, who has been judging boxing here and elsewhere for a good many years, said "I gave the first two rounds to McCloskey and the rest were Durelle all the way." John F. Connolly, another judge, gave only one round to McCloskey and the rest to Durelle. "I gave the first round to McCloskey," he said, "but took the second one away from him for roughing and striking after the bell. The third, fourth, fifth, sixth, seventh and eighth were Durelle's." Continuing Mr. Connolly said "when McCloskey struck the referee, I would have disqualified him and

5 1-2 games with a 3-2 win over St. Louis Cardinals. Cincinnati rallied for three runs in the ninth to nip New York Giants 5-4 and prevent the Giants from Climbing past St. Louis into second place.

Chicago's two-run fourth inning snapped a 1-1 tie. Chico Carrasquel drove in the first rally with a single and Kretlow accounted for the winning run, hitting a fly ball that scored Jim Busby from third.

A five-run blast and a driving catch by George Kell gave Detroit its victory over the Red Sox. Lefty Bob Cain relieved in the ninth, when Boston scored three times, and was the winner.

The avid fan does realize that the boxing bout is the acme of a great physical and mental strain. The fighter is often a machine tuned to offence and defence against a similar machine. Rational rules of social behaviour must be subjugated to the "fighter's instinct" when men are trained to fight.

Nevertheless, the dividing line between fighting and boxing is a set of rules by the Marquis of Queensbury, et al. The rules serve for mutual protection. If the officials do not have the authority to enforce rules, the boxer is liable to severe injury.

The main event at the Forum Tuesday night was not exceptional. It has merely stimulated memories of similar incidents in the same ring.

McCloskey is not entirely to blame considering all the factors. Durelle did begin unfair tactics, e.g., punching in infighting after the bell ended the first round. However, after observing the ninth round fracas, it's obvious that discipline in local rings is an out-moded deterrent for many.

The only hope for Island boxing is a Boxing Commission, affiliated with the Canadian Boxing Federation.

A few feet from the apron of the ring sat men who could be ideal supervisors. A group of these men can lift local boxing from its trend toward oblivion.

Evidently I have been challenged by the McCloskey clan. If I decide to fight in the Maritimes again I shall accept the challenge. Thank you, Mr. Editor, for space.

I am, Sir, etc.,

Sports Forum

ISLAND BOXING

Sir.—The long term objective of many Island boxing fans, and participants has been to increase interest in boxing by showing the clean sportsmanship that is a definite requirement in any athletic contest. Setbacks have been frequent.

Unfortunately the game demands an overt display of primitive traits. Men realize that un-controllable pugnacity is not confined to the ring, i.e., people have been punched in the nose in parlors and parlaments.

The avid fan does realize that the boxing bout is the acme of a great physical and mental strain. The fighter is often a machine tuned to offence and defence against a similar machine. Rational rules of social behaviour must be subjugated to the "fighter's instinct" when men are trained to fight.

Nevertheless, the dividing line between fighting and boxing is a set of rules by the Marquis of Queensbury, et al. The rules serve for mutual protection. If the officials do not have the authority to enforce rules, the boxer is liable to severe injury.

"I gave the first round to McCloskey," he said, "but took the second one away from him for roughing and striking after the bell. The third, fourth, fifth, sixth, seventh and eighth were Durelle's." Continuing Mr. Connolly said "when McCloskey struck the referee, I would have disqualified him and

Interviewing the three judges after the fight, all expressed their disappointment over the incident. Judge John Cameron stated that it was "the most disgraceful thing I have ever seen. I saw McCloskey foul at least a half dozen times. He should have been disqualified on a number of counts." Mr. Cameron, who has been judging boxing here and elsewhere for a good many years, said "I gave the first two rounds to McCloskey and the rest were Durelle all the way." John F. Connolly, another judge, gave only one round to McCloskey and the rest to Durelle. "I gave the first round to McCloskey," he said, "but took the second one away from him for roughing and striking after the bell. The third, fourth, fifth, sixth, seventh and eighth were Durelle's." Continuing Mr. Connolly said "when McCloskey struck the referee, I would have disqualified him and

N. H. L. Rule Changes, Player Deals Rumored But Owners Silent

MONTREAL, June 6—(CP)—National Hockey League owners came out of a long meeting today amid a flood of reports and rumors about rule changes and player deals.

The owners had no announcements, but it seemed a good bet that at least several rule changes will be made by the league's governors when they meet tomorrow.

What may be done about the length of the playing schedule remained conjectural. There was some talk that the 70-game schedule, in effect two seasons, will be retained. There was also talk that American clubs which have suffered a drop in attendance would be receptive to return to a 60-game schedule.

One rule change that appeared likely to go through would place the two face-off circles in the ice corners at each end of the ice surface with a larger circle in front of each goal.

This scheme may be tried out first in exhibition games and the all-star game before next season officially opens.

Another likely change would cut the number of players who may be dressed for a game from 17 to 16 exclusive of goaltenders.

Still another would deal with icing the puck, but the change would be comparatively minor.

It was understood that the off-recurring suggestion for eliminating the centre-ice red line didn't get far.

The owners didn't wind up their meeting until late in the day. Most owners, with other club representatives went from the meeting to the governors' meeting which was immediately adjourned until tomorrow.

Rumors of player deals were current though the club owners handily disclaimed knowledge of such happenings.

There was a report that Tony Leswick of New York Rangers would go to Detroit Red Wings for Gaye Stewart. Linked with this was conjecture that it would be a three-way deal with Harry Watson of Toronto Maple Leafs filling out the threesome and winding up with Rangers.

Others had it that Watson would go to Chicago, but the question arose what would the

lowly Black Hawks give in return? When bosses Frank Selke of Montreal Canadiens and Cobby Smythe of Toronto went into a close huddle, there was speculation that Selke wanted to put the smack on Fleming MacMillan, a Montreal boy with the Leafs.

Tommy Ivan, Detroit coach, talked his way out of a barrage of questions with "Toronto has the players."

There is a possibility the Pacific Coast League may try out the four-line suggestion, but it was understood the league would like some "working basis" ideas before making the change.
