

HOW ARE WE SERVING OUR MEMBERS

A QUESTIONNAIRE FOR NATURAL HISTORY SOCIETY MEMBERS

It has been a considerable time since the Society has canvassed its members for their opinions on how the Society is serving their needs. Our survey is entirely voluntary and we would appreciate your assistance in completing the questionnaire and returning it to the Society.

MEMBERSHIP INFORMATION:

At the present time we have little information on who the members of the Society are or what their interests in natural history are. Our membership is now approaching 200 people and attendance at meetings is between 30 and 40 people with occasionally 50 or 60 people attending meetings. On field trips, attendance has been very poor with from 0 to 10 people joining the trip leader. In this light we wish to know more about what your interests are so that the Society can serve them better.
