Readymade Clothing.

Whenever you see the words Readymade Clothing, it at once associates to your mind the name of the McKay Woolen Co. We have done such a large business in this line of goods, and always having for our motto 'Good Goods are the cheapest,' we have succeeded in raising the standard of Clothing from what was known as the Penitentiary Goods of some years ago to the level of a good deal of custom made. We now purpose clearing out the balance of our splendid stock, a list of which you will find below, and which we would ask you to read carefully over. The reductions are sweeping, the prices in some cases being only one third of the original value. But no matter how startling the prices may appear, if this list is not a true indicator of the values we offer, then we will throw up the sponge.
