THE DAILY EXAMINER.

JUNE 26, 1890.

The McKinley Bill.

IF advices from Washington be true the McKinley Bill is drowned; for even though the Senate pass it the President will veto it. The President and Mr. Blaine have intimated as much. The Secretary of State declared a few days ago, so it is reported, that "It is the most dangerous, if not the most infamous measure ever concocted by any party;" and again, "If I were in the Senate, I would rather have my right arm torn out of its socket than vote for this bill."

A Washington despatch to the New York *Sunday Herald* says:—

"Excitement continues to grow over the Harrison-Blaine raid on the McKinley Bill. Satisfaction increases among Democratic Senators and Representatives as they more clearly perceive in the Administration's declaration of civil war a gain of strength to their own policy, and impending confusion and strife in the Republican ranks. Nobody now pretends to misunderstand the important effect of the conduct of the President and Secretary of State. General Harrison has evidently lost faith in the congressional leaders of his party, and means to lead himself. If they prove mutinous, his order of the day will stand as an appeal to the people. Thus far the feeling and judgment of the stronger and more independent men of both sides go with the administration. On the merits of the case they believe the President is right and that he will win."

Assuming that some importance may be attached to these statements we may take it for granted that the Grits will be disappointed in their hope that political capital was to be made out of the loss of trade and discontentment which would materially arise on account of additional impositions upon exports from Canada to the States.

Notes and Comments.

—There were on Tuesday last two executions in Canada—one at Belleville and one at Quebec. On Saturday last there was another in London. Murder has been an unpleasantly frequent crime in Canada the last year or two, without adequate punishment being meted out to the perpetrators. The fact that three executions have followed each other in such quick succession may, as the Montreal *Gazette* remarks impress upon people with homicidal tendencies the fact that indulgence thereof has very ugly consequences when the law is carried out, and that the law is very likely to be carried out.

—A statement of goods exported from the Dominion during the month of May last shows the export of the produce of Canada to have been $5,992,441, as compared with $5,968,030 for the same month last year; the produce of other countries, $764,283, compared with $585,305 for May 1889, making a total of $6,756,724, compared with $6 550,332 for the same month in the previous year. The goods entered for consumption amounted in value to $8,867,797, on which a duty of $1,745,931 was collected, compared with $9,846,429 and a duty of $1,904,689 for May, 1889. There were at the credit of the depositors in the Post office savings banks on the 31st of May $21,357,554, and on the same day last year there were $22,132,854.

—The London papers have been much amused at a recent experience of Sir Arthur Sullivan. The composer was curious to witness the first appearance of Leonore Snyder as Gianetta in "The Gondoliers," so he strolled into the back of the dress-circle about the time of Gianetta's first entrance, and as he was anxiously watching Miss Snyder he unconsciously "hummed" her part aloud. One or two indignant glances were cast around without any affect on the composer, and at last a gentleman near observed angrily: "I have paid my money, sir, to hear Sir Arthur Sullivan's music—not yours." Is is said that Sir Arthur highly approved of his interruption.

LETTERS TO THE EDITOR.

School Examination.

SIR,—I had the pleasure of attending the half-yearly examination of Red Point school. This school is ably presided over by James P. McLaren, teacher.

The schoolroom is nicely painted and furnished with good maps and blackboard. Some improvement might be made in the desks and seats and their arrangement.

The examination showed thorough and careful work on the part of the teacher, and aptness, interest and proficiency on the part of the scholars, and was very creditable to both; while the order and obedience was all that could be desired.

It was pleasing to see several of the ratepayers present, and their words of praise and satisfaction must have been an encouragement to teachers and scholars. I am sorry to say that there are too many districts in which the parents think they have done their part when they pay their tax and send their children to school, without ever dropping in to see what they are taught, or to give a word of encouragement.

At four the same evening the annual meeting was held, to which the ratepayers turned out in force, and transacted their business with the greatest harmony and intelligence—voting twenty five dollars for current expenses, and twenty dollars for supplement.

N. B. and P. E. Island Conference.

(*Special Correspondence of The Examiner.*)

MONDAY, June 23.

MORNING SESSION.

Dr. Stewart moved that the thanks of the Conference be presented to the Rev. H. P. Cowperthwaite, A. M., ex-president, for the very excellent sermon preached yesterday morning. This was carried unanimously, and Mr. Cowperthwaite was requested to have it published in the *Wesleyan*.

It was decided for the next Conference to go to St. Stephen. It is to begin on the fourth Wednesday in June; and hereafter the Conference is to be held in the fourth week of June, in order not to clash with the Nova Scotia Conference.

EDUCATIONAL INTERESTS.

Dr. Inch, President of Mount Allison University, was called to the platform. He thought that these Conferences would have to do more for this fund than they had done. If not, the work will be seriously crippled. He spoke of the religious influences that had gone forth from Mount Allison. The Ladies' College easily kept its leadership. A musical conservatory would soon be opened. Their endowment fund now realized $100,000. The Male Academy would have to be reorganized. He spoke against federation, and claimed that if it were carried in Ontario it would affect us in the east.

Dr. Stewart began by saying that he had been in this work twenty years. Last year had been one of the most laborious of his life. He had had a good class of young men under his care.

Dr. Burwash declared that he had the utmost confidence in the professors and their work at Sackville. Their College proper had increased four fold in twenty years.

Dr. Smith, Classical Professor, made a most effective speech. He thought that the Scriptures were not as well known as formerly.

At the request of the Conference, Dr. Dewart was invited to say a few words on Confederation, in reply to Dr. Inch. His remarks were in excellent taste, and were well received even by those who differed from him. Thereupon Dr. Pope moved a resolution of thanks to Dr. Dewart, which was unanimously passed.

AFTERNOON SESSION.

Rev. W. J. Kirby presented the report of the Parsonage Aid Fund Committee. Grants were voted to Sheffield, and also to Mount Stewart. The latter mission was voted $50 to help to pay for the Parsonage recently bought.

Rev. George Steel presented the report of the Contingent Fund Committee. The expenses during the past year had been very heavy. In order to pay its indebtedness and to meet expenses of the coming year, Conference ordered that each circuit should raise an amount equal to 2¼ per cent. of the amount raised for ministerial support for the year 1890.

ELECTION OF GENERAL CONFERENCE DELEGATES.

Dr. Sprague is a member of the General Conference, ex officio. On a first ballot, Dr. Stewart and Rev. C. H. Paisley, A. M., were elected. On a second ballot, Revs. F. Marshal, E. Evans and Robert Wilson were elected. On a third ballot, Rev. J. A Clarke, A. M., was elected. On a fourth ballot, Rev. W. Dobson was elected. On a fifth ballot Rev. T. J. Deinstadt was elected. Rev. F. W. Harrison was elected the first alternate, and Rev. D. Chapman the second.

The lay men elected are J. D. Chipman, Esq., St. Stephen, Dr. Inch and Dr. Small, Sackville, H. J. Thorne, Esq., and H. A. McKeown and J. C. Irvine, Esq., of St. John, W. E. Dawson, Esq., and Hon. G. W. Bentley, of Kensington, and M. Lemont, Esq., of Fredericton. The first alternate was J. R. Sangster, Esq., and J. J. Weddall, Esq., of Fredericton.

TUESDAY, June 24.

Rev. J. Seller, A. B., reported from the Sustentation Fund. There had been raised $1,470.10. The grants made to the Island missions are $43 to each of the following circuits: Winsloe, Vernon River, Bideford, Montague, Souris, West Cape and Mount Stewart. The report was adopted after some conversation.

Rev. E. Evans reported from the Missionary Committee. Grants for expenses because of affliction were made to Rev. J. Goldsmith, D. H. Lodge and Robert W. J. Clements.

Dr. Inch reported from the Educational Fund. It appointed deputations for educational meetings. For the P. E. Island Districts the names were Revs. Dr. Stewart, J. Read, W. W. Brewer, E. C. Turner, J. King and Wm. Harrison.

On motion it was resolved that the fourth Sunday in September be observed as Children's Day in all the churches.

A good deal of routine business was disposed of.

Several members of the Conference were granted permission to leave.

Conference closed with the benediction.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. ap118'90dlyeodwkyly

A POINTER.—Kerosene is sure death to bedbugs. It can be inserted into the smallest cracks by using a feather. Every little hole that will furnish a breeding-place should be filled with hard soap.
