THE new Fire Bell "Little John" arrived by Boston Boat last evening and was transferred early this morning to its future residence in the tower of the Market House. Although it appears very much better than its predecessor "Big Donald" we hope its services will be very seldom required.

THE steamer *City of Portland* took away yesterday 325½ bbls P. E. Island mackerel, 10 casks sturgeon, 338 cases eggs (averaging 35 dozen per case). All the staterooms were engaged by tourists—Canadian and United States.—*St. John Sun.*

CANADIAN SALMON FOR THE LONDON MARKET.—Some Billingsgate merchants are considering a proposition to be submitted to Canadian salmon fishermen for the transmission of salmon in bulk, instead of tinned, as a higher price can be obtained therefor in the London markets, and the trade in the course of a very short time would become far more profitable.

THE steamer "Worcester" arrived from Boston on Tuesday night, with freight and the following passengers: Mr W P Nickerson and wife, Dana Parks, George H Morton, M D, Hon Fred G Wonson, Rev W A Nills, J H Sheldon and wife, W F Burroughs, Chas A Stewart, John Warren, James Faulds, A Voss, W Voss, Miss Kate McDonald, Mrs A Guser, Miss Mary Hughes, Theresa O'Connor, Miss McMillan, Mr W Buchanan, D Shaw, W Shaw, George Sanford.

THE house of Mr. Thomas Allin, truckman, was burned to the ground yesterday afternoon. For the want of water the expensive appliances of the Fire Department were almost useless. The "Tremont" hand engine company did some good service, but a few brave men with buckets, etc., had to bear the brunt of the fire, and favored by the calm weather, they fortunately prevented it from also burning down to the adjoining house of Mr. George Lacey and making a general conflagration. After a lengthened interval, hose sufficient to carry water from the tank on King Square was procured, and the "Rollo" steam engine brought into play a stream of water which speedily put the fire out.

COUNTERFEIT MONEY.—We have been shown a circular received by a Moncton business man in the mail from the States this morning, which is a clever offer to furnish counterfeit money at "reduced rates." The circular is signed "yours in F. L. and T. L. Farrington, 218 7th Avenue, N. Y. City.' Mr. Farrington's terms for the "greenback brand" of his "cigars" are as follows:

1000 assorted cost		$100
5000	" "	350
10000	" "	600

Mr. Farrington also has Canadian brands 1, 2, 4 and 5, and he does not sell than 1000.—*Moncton Times.*

A BOY SAVES HIS BROTHER FROM DROWNING AND PERISHES.—A correspondent, writing from Harvey, Albert Co., under date of the 17th, furnishes the following in regard to a sad drowning accident near there:—To-day, as two sons of Mr. Gideon Smith, of Gideon Mt., Albert Co., were bathing in the canal that leads from Germantown Lake to Shepody River, the younger son got beyond his depth, and the elder boy, aged about 19 years, succeeded in getting him ashore, but either slipped back himself or took a cramp and sank. The rescued boy, with a slab, succeeded in getting him out in about ten minutes; he did not come to, and before medical aid could be procured he was dead. Coroner Murray, M. D., held an inquest, and a verdict in accordance with the facts was returned. Much sympathy is felt for the afflicted family.—*Telegraph.*

THE excursion to Brule yesterday was most enjoyable, and taken advantage of by about 200 pleasure seekers. The steamer left her wharf a few minutes after 8, arriving at Brule, at half-past eleven. The party then divided, a number driving through to River John, a distance of six miles, whilst others visited the Picnic Grounds, about two miles distant, where under the auspices of the Union Church a good time was spent. Arriving back at Brule the visitors were shown through the extensive lobster factory situated on the wharf, which presented a very busy aspect. A very large business in fish-packing is carried on here by a firm whose headquarters is at Portland, Me. They were informed that the catch of Lobsters yesterday was in the vicinity of twenty thousand. At quarter past 3 the order for "planks in" was given and the excursionists arrived shortly before seven o'clock, well satisfied with their visit to Brule.

LONDON, Aug. 23.

Hon. Wm. E. Forster, Chief Secretary for Ireland, to-day stated that Government do not think it necessary to ask for exceptional powers for preservation of peace and protection of life and property in Ireland. They do not know he said, whether they can rely during coming autumn and winter upon the common law. Condition of country is precarious and should necessity arise government would not hesitate to summon Parliament in order to obtain additional powers.

NEW YORK, Aug. 23.

The Anglo-American Cable Company has accomplished the work of laying their new cable, which will be known as the cable of 1880, from Heart's Content to Valentia, in a little over eleven days. The laying began on the 10th and was completed on the 21st. To meet this the Western Union Telegraph Company has for some time been constructing but not quite completed a direct wire of the large number 4 size, to be worked as quadruplex on cable alone. It is not likely the rapidly increasing cable business across the Atlantic will outgrow the now greatly increased facilities for a long time.
