NEED TREATMENT

Dental cavities do not heal; they will grow progressively larger unless filled by a dentist. Pieces of furniture have been glued together since the days of ancient Egypt.

Orangemen Honour G. M. Of Br. America
A very warm welcome was given Rev. J. R. Skinner, Loggieville, N.B., Grand Master of the Grand Black Chapter of B. A., who visited the Island recently in the interest of the Black Institution.
On Tuesday evening, 15 October, the Sir Knights of Summer- side and surrounding area expressed deep appreciation in the message he delivered. The following evening the Sir Knights of Charlottetown and vicinity met in the Preceptory Room where a most pleasant evening was spent.
On Tuesday evening, 15 October, the Sir Knights of the Royal Black Knights of P.E.I., in a address followed by a presentation of a gift to which Sir Knight Skinner, in a few chosen words, expressed appreciation.

CHEROKEE CORVETTE
For its fifth year the 1958 Corvette is revitalized in looks and mechanics. With a range of options never previously available in any other vehicle of its type, it offers four engines and three transmissions. Fuel injection, single or dual four-bar carburetor, heavy duty clutches, a special cam, an axle that assures positive power with only one rear wheel in traction or hydraulic folding top, electric window lifts and a heavy-duty suspension system are only a few of the choices open to the buyer.
The staunch, light-weight plastic body—exclusive among all production vehicles—stays on as one of the outstanding features of the new Corvette, but for 1958

1958 CHEVROLET BELAIR 4-DOOR SPORTS SEDAN

Details of the dramatic new styling and outstanding engineering advances of the 1958 Chevrolet are announced by General Motors of Canada Limited. Labeled "the car of the year" by seamens and technical writers who have attended private showings, the new model will be unveiled Thursday (October 31) at Chevrolet dealerships across the country.
It has an public display for the first time will be the rakish 1958 Corvette and the latest in the Chevrolet truck line.
The 1958 Chevrolet is new from bumper - to bumper and from frame in roof line. The 21-new features include:
A completely re-styled car which is longer, lower and wider and emphasizes flowing sculptured lines from the dual headlamps to softly flared rear fenders.
An X-shaped frame which alludes to a lower silhouette but retains ample head room and increases leg room and luggage space.
Two suspension systems for a more luxurious ride along with remarkable handling, stability and durability. Sturdy coil springs, front and rear, are standard. A new "Level Air" system which automatically adjusts to all load weights is optional.
A 348-cubic inch engine which is new from fan to flywheel. Designed primarily around a new combustion chamber, the optional Turbo-Thrust V8 offers greater torque for improved mid-range performance.
A chassis-body design "integration" to supply exceptional structural strength and greater rigidity.
Forward-mounted steering linkage which provides more responsive action and reduces road vibration to the steering wheel.
Some idea of the treak newness of the Chevrolet line is suggested by the new body groupings and identification.
In recognition of the growing popularity of station wagons, an exclusive five-door series of this body type has been established. Some idea of the treak newness of the Chevrolet line is suggested by the new body groupings and identification.
