**DAILY CRYPTOQUOTE—Here's how to work it:**

is LONGFELLOW  
is AXDYLBAAKE

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

**"EDGE OF DOOM" AT THE CAPITOL**

—The searching drama of a youthful killer is unfolded in "Edge of Doom," Samuel Goldwyn's newest production which opens today at the Capitol Theatre with Dana Andrews, Farley Granger and Joan Evans.

Granger has the leading role of a sensitive, bitter youngster who kills an elderly priest in an argument over his mother's funeral. His flight from the crime and his tortured wrestling with his conscience during the persistent hunt for the slayer, provides the raw material that leads to the intensely dramatic climax.

The young star turns in a brilliant portrayal. Andrews, as a younger priest who accidentally learns of the boy's guilt, and Miss Evans, as the dead man's niece, likewise deliver sharply etched performances. Mala Powers as the cul-

prit's young fiancée, Robert Keith, Paul Stewart, Adele Jergens and Harold Vermilyea stand out in the supporting cast of this unusual film, which is released through RKO Radio.

Bracketed are Robert Keith, Paul Stewart, Adele Jergens and Mala Powers.

Mark Robson's fine direction makes the most of the screenplay, which was written by Philip Yordan from the much-discussed novel by Leo Brady. It was produced with the customary Goldwyn realism and conviction.

**TO THOSE WHO WANT TO GET AHEAD: A Statement by CANADA'S FIRST BANK...**

*It's good to go into debt*

**...TO YOURSELF**

It's the streamlined way to make financial progress. Some of our most successful customers use this system.

It means putting yourself on your own pay-off... making up your mind that you yourself have a claim on your income just as much as the landlord, the butcher and the tax-collector.

You'll do this, of course, because you have a definite objective — a strong reason for saving. It may be a general goal like family security... or it may be something specific like a new refrigerator, a house, or even a place in the country.

You can go into debt to yourself in two ways — by saving and by borrowing.

Saving comes first, of course... so much a pay-day owing to yourself.

A bank balance gives you personal confidence as few other things can. It gives you a good foundation for your financial plans... and it makes it easier for your B of M manager to lend you money when you want to realize an objective sooner than you otherwise could.

When you have a sound financial program, but need money for some useful purpose, borrowing at the B of M is just as sound as systematic saving. Indeed, it is another form of saving. It is the B of M's business to lend you money, when it's good business for you to borrow.

A B of M Personal Loan simply enables you to enjoy sooner the things you plan for, and you pay it off in regular instalments just as you have built up your savings balance.

Why not make up your mind to get what you want this streamlined way — and open your special-purpose savings account at "MY BANK" tomorrow. And while you're in the Bank, have a chat with the Manager or Accountant. You will find them ready and interested to discuss your plans and problems.
