

THE DAILY EXAMINER.

APRIL 14, 1896.

THE SOUDAN EXPEDITION.

The expedition which is quietly moving towards the Sudan is probably destined to be further-reaching in its consequences than many people imagine.

On the other hand, it is to be remembered that the present expedition, unlike that commanded by Sir Garnet Wolseley, is not facing unknown dangers and difficulties.

It is to be hoped that the result of the campaign will be the annexation of the Sudan to British influence, if not to British Rule, and that ere long we shall see a railway from the Cape of Good Hope to Egypt, running its entire length through territory, either completely or at all events practically British.

A MIXED OPPOSITION.

The Toronto Globe remarks, elegantly, that the EXAMINER "has got things somewhat mixed." This remark might, more appropriately be applied to Her Majesty's disobedient Opposition.

The New York World printed the Columbian prize poem, written by Harriet Monroe, before it was read at Chicago, although she had forbidden the editor to do so.

COUNTY INSTITUTIONS.

The Government yielded to the demand of some lawyers and set up a Registry Office at Summerside for Prince County.

THE OLD LOG SCHOOLHOUSE.

The Superintendent of Education reported his very interesting lecture in the basement of the First Methodist Church last evening before a large audience.

MONDAY, APRIL 13.

House met at 3 o'clock. Mr. Arthur Peters presented a petition from Mark Wright & Co., limited, asking for the passing of an Act to amend their Act of Incorporation.

Mr. Shaw asked the C. P. W. to table a statement showing in detail how the expenditure of \$4,532.14 as shown in the C. P. W. Rep. 11, 1895, page 42, and charged to the steamer Hillsborough is made up.

Hon. Mr. McLean promised the statement asked for as soon as possible.

Mr. Warburton presented the report of the special committee having charge of the Electric Railway Bill, and the bill was set down for second reading to-morrow.

On motion of Hon. Mr. Peters, the House went into committee on the bill to amend the law relating to partition in the Court of Chancery, with Mr. Robertson in the chair.

On motion of Mr. Warburton the bill incorporating the Crapaud Creamery was read a second time in committee, with Mr. H. C. Macdonald in the chair.

Mr. McKinnon moved the following resolution: Resolved, That in the opinion of this House an office for the registry of land should be established at Georgetown for King's County.

Mr. McKinnon spoke briefly in support of the resolution, pointing out the advantages such an institution would be to the people of King's County.

Mr. Bell pointed out that the Registry Office at Summerside had proved very advantageous, and was also a success financially.

Hon. Mr. Peters said the resolution was clearly of order. It involved a money grant and should have emanated from a member of the Government.

Mr. Robertson said that in a similar office were established at Georgetown it would be equally successful. He put in a plea for separate indexes for Prince County extending back thirty years.

SPECIAL DISPATCHES TO THE EXAMINER.

NEWS FROM THE CAPITAL.

Death of Ex-Governor Schultz in Mexico.

Mr. Bergeron's Explanation — The Remedial Bill in Committee.

OTTAWA, April 14.

Sir John Schultz, ex-Governor of Manitoba, died yesterday in Mexico.

The House is again wrestling with the Remedial Bill. As a preliminary, deputy Speaker Bergeron rose to a question of privilege.

He said his name had been included in the list of members of the House published in the newspapers who were to receive appointments under the Government.

The Government had not offered him a position. He had never asked for one. He had not looked for one and he did not want one.

"I intend," continued Mr. Bergeron, "to remain in politics and to give my friend from L'Islet (Tarte) a good licking." (Cheers and a light r.)

Mr. McCarthy spoke for two hours, discussing the report of the Manitoba conference.

He was replied to by Mr. Dalry. The discussion was continued by Martin McNeill and O'Brien.

At ten o'clock McCarthy's motion was negatived and the committee stage entered on clause 12 being taken up.

It took over three hours to dispose of this clause, which related to arbitration in case of adjustment of school districts.

Irish Land Bill Introduced.

LONDON, April 14.

In the Commons yesterday the Irish Land Bill was introduced, and its provisions explained by Gerald Balfour. It is a comprehensive and sweeping measure, altogether in the interests of the tenant.

The second reading was fixed for April 27th.

A COMMENT.

SIR.—As an old-fashioned Methodist, I beg leave to enter a solemn protest against the letter of "F. P. T." in yesterday's issue.

Does the writer mean to assert that the congregation of the First Methodist Church are "polite and varnished professors of faith, but really the enemies of Christianity?"

It is evident that since Mr. Campbell's sermon has not yet been published, it could only have "fallen like a full-charged bombshell" among those who actually heard it.

If the charge be true, what a fearful comment on the privileges we have enjoyed, including the special services of such devoted men as Messrs. Crossley and Hunter. Awaiting a reply from "F. P. T." I am, etc., O. F. M.

Now is the time to get your supply of glass and crockery ware, as we want to make room for the new. We will sell cheaper than ever for a few weeks.—W. P. Colwell. m28 4w dy&w
